## Part 1 [First para condensed.]

01.49 Pastor Strawcutter – “Lets talk a little about you...”

01.56 Kay Griggs – “I was raised on a farm... my granddaddy’s farm in Norfolk... he was in the Naval Reserves in charge of Naval Military Intelligence in Norfolk... I come from a long line of military civilians in Norfolk which is the largest military naval complex in the world so I was born in the naval hospital which was the NATO headquarters and brought home to my grandparents farm. My father was in the South China seas on a naval vessel. My uncle was in the Navy. So I come from a long line of military civilian folks. They were not full time military individuals. My grandfather stayed in and retired a Navy captain, I live in a house that was in part of my grandfather’s field. But **I’m being strangled financially by this Army Intelligence JAG (Judge Advocate General) group that my husband is involved in. I think American citizens do not realise how many JAGs are in our Court system and they take orders they are in the chain of command they are active reserve and they are in our court system everywhere you look, not just State but local... everywhere and they are going to meetings once a month and if there is a case like many of the military intelligence wives like myself and we have information that would come out in a divorce hearing or whatever, they totally control it is [04.21] Judge John Moore in my case, in Virginia Beach he is an Army Ranger.** He is Active Reserve, he is a VMI Army Colonel, he is a graduate of VMI in Virginia Beach and in the Courts. **There are at least six judges. I’m including Commissioners in that because in Virginia, we have a system where the Commissioners make a lot of the decisions and all of these in Virginia Beach who take care of military wives are Military Judges.**”

05.06 Pastor Strawcutter – “You mention the term VMI, what is that?”

05.09 Kay Griggs – “Well **VMI is Virginia Military Institute** its where General Marshall, of the Marshall Plan went to school. It’s a little West Point. **There’s a lot of tradition there but it’s based on the Greek spartan military concept** and my father went to **Washington & Lee** which is also in Lexington and I know that there is some sort of... **I won’t say cult but there probably is some sort of Secret Society** so its a very tight clique... but what I was trying to say is that the **judges are military men and they’re not independent.** They take orders, they have a chain of command and in my particular case and the eleven other military wives whom I have met so far, and there are many more, **they have all been handled in the same way. It’s not a normal divorce at all.**”

06.31 Pastor Strawcutter – “Yes I’ve heard these kind of situations before but its never been put together so concisely and so reasonably that there would be a connection why some people, no matter what attorney you have it doesn’t matter, the divorces and the settlement of certain assets never go the right way.”

06.50 Kay Griggs – “No! And there’s the **FISA Court** [Foreign Intelligence Surveillance Act] which I know is involved in my case.”

06.56 Pastor Strawcutter – “What kind of Court?”

06.57 Kay Griggs - “Foreign Intelligence Surveillance Act... **its a Justice Department secret court that Americans citizens are not aware of**, there have been a couple of articles on it. It’s a small group of men and I think there’s a woman on it. I believe there are seven Justices and in reality, the article that I read that was given to me by [07.29] **Mike Fuller**, and I know he won’t mind me using his name. **He’s a government assassin, like my husband a government assassin...**”

07.42 Pastor Strawcutter – “Now, when you say an assassin do you mean a character assassin or kill people?”

07.46 Kay Griggs – **Killing people. He’s a government mercenary**, he was in [07.55] **Afghanistan** and then [07.56] **Rhodesia, South Africa** and I met him and his wife through [08.02] **Sarah McClendon**, he is a really wonderful patriot who is speaking out about what the NATO community and the Army and Marine Corps are doing.”

08.16 Pastor Strawcutter – “And Sarah McClendon... she’s an old warhorse isn’t she...”

08.21 Kay Griggs – “**Sarah McClendon** saved my life...literally, I had been having break-ins, starting the night of March 4<sup>th</sup> after I was calling everywhere to see if I could find my husband... he would disappear at times and I found my husband’s diary which I have here, which they have been not anxious to have... get out.”

08.57 Pastor Strawcutter – “They meaning?”

09.01 Kay Griggs – “The... well they... [09.03] **Gen. Sheehan**, [09.06] **Gen. Krulak**, [09.13] **Gen. Al Gray**, [09.16] **Gen. Cook** and especially [09.20] **Gen. Jim Joy** and [09.26] **Gen. Carl Stiner**... they’re evil men, and they’re in this diary meeting with my husband almost every day in Beirut. They trained the [0.944] **Men in Black** who killed those people in **Waco**. **It was Gen. Joy and Gen Stiner. Stiner’s Army, Dirty Tricks, Special Operations** and **this is what my husband does for a living ... he trains mercenaries, young boys from countries like Romania, Dominican Republic, Haiti**... all these countries. **They’re training them to be murderers and the tax payers dollars are paying for this.**”

10.25 Pastor Strawcutter – “OK, now they train them just through the normal channels of the military. These kids join the Army and the Marine Corps and then they select these kids based on some criteria to train them?”

10.36 Kay Griggs – “**They psychologically profile them, the profile which is similar to my husband’s and Lee Harvey Oswald, McVeigh**, and some of the others who were all part of this program **Jeffrey Dahmer** was profiled and hidden... what most Americans do not know is that all of these men...”

11.00 Pastor Strawcutter – “**Jeffrey Dahmer he has a military background?**”

11.02 Kay Griggs “Of course! They’re all Army, they were all picked out because they are perverted or twisted.”

11.08 Pastor Strawcutter – “Oh...”

11.05 Kay Griggs – “Yes.”

11.09 Pastor Strawcutter – “Sexually perverted?”

11.10 Kay Griggs – “Sexually perverted. Well I don’t think McVeigh was perverted the way Dahmer was, but certainly the group that my husband is overseeing are twisted.”

11.26 Pastor Strawcutter – “So part of the criteria is that they look for people who have something in their history that gives them a weird bend.”

11.33 Kay Griggs – “Yes.”

11.34 Pastor Strawcutter – “They were molested when they were a child, or they come from dysfunctional families. Abused.”

11.40 Kay Griggs - “Strong mother, weak or no father... poor... these guys are looking for security so they will stay in the military and do anything for that security. This was my husband’s scenario. My husband and [11.56] Oswald are just two peas in a pod... exactly the same personality, the same type, in the same elite group I might add which was doing work with [12.09] Communists and Russians and Czechoslovakians and Romanians, I met assassins, drug lords...[12.20] Fahim Qortabawi whose family were the drug lords in the Bekaa Valley. He knows the elite of the elite and I was warned twice not to talk.”

12.42 Pastor Strawcutter – “And you were warned?”

12.43 Kay Griggs – “I was told that I would be killed and I was told...”

12.45 Pastor Strawcutter – “Your husband warn you of this?”

12.47 Kay Griggs – “My husband warned me early on, but he knew that... he loved me in the beginning but he is a robot except when he is drinking and I think that’s why he drank because the first three years of marriage he was telling me everything... and I come from a very strong protestant southern culture which, when you are talking about shooting people like ducks... the only thing I can relate to is my brothers going duck hunting. That’s what George would tell me it’s like. Killing is nothing. There’s no emotion involved you just get rid of somebody and he said he was an Existentialist and that these murders were necessary. It was very matter of fact and I would sort of go... aha yep, and we’d be eating dinner and I was trying to get him to know Christ... you know, and to understand a little bit about my background and America’s background. But his group, they are not Christians they are what he calls Existentialists... [14.10] they study Germans like Clausewitz, Nietzsche, Sartre, Camus, Montesquieu... and his thesis at Princeton,

which was written for him by a very good friend of his named [14.26] **Todavey/Todave who is a French Count.** His thesis was on this, supposedly in French but my French is better than his, so it was written for him. **In the intelligence world and in the communist world and in the world that my husband was in, one had to know French because all of the terrorist trainers and all of the guys who were funding all the guerillas were in [15.09] Paris and New Orleans...** still the 4<sup>th</sup> **Marines is out of New Orleans** and that's been going on a long time ever since [15.20] **Disraeli,** even before I think... **but they had hit squads and undercover groups in New Orleans and George would go to New Orleans with all the Marines.** This is where they go to do terrorist training, [15.40] **Lake Pontchartrain** and places like that.”

15.42 Pastor Strawcutter – “OK so that would be during the 1980s?”

15.46 Kay Griggs – “Yes... 1980s... from the 19... **I think New Orleans has been a school for... a place where debauchery and murder and cults.** [K FIND CULT GROUPS]”

16.00 Pastor Strawcutter – “Flourished.”

16.01 Kay Griggs – “Yes.”

16.02 Pastor Strawcutter – “Well... there's a [16.05] **New Orleans connection with the JF Kennedy assassination.**”

16.07 Kay Griggs – “Well you see Oswald... my husband and **Oswald were in the same club,** [16.13] **Gen. Jim Joy** is in that club, [16.15] **Gen. Louis Buehl, who is my husband's benefactor, is in that club,** [16.30] there are **Russians in that club,** in fact I've got the name of that... [NAME OF RUSSIAN?]”

16.32 Pastor Strawcutter – “Now... feel free to get any reference material you may need...”

16.35 Kay Griggs – “Yes well, what I want to tell you about [16.38] **Gen. Al Gray my husband was the Chief of Staff for Gen Al Gray who was the Commandant of the Marine Corps...** and I probably shouldn't say this but **he's a homosexual.**”

16.52 Pastor Strawcutter – “Gray?”

16.53 Kay Griggs – “Gray... **he's what they call a Cherry Marine.** Now I'm not anti... [she tries to find something]... The Vietnam war...”

17.12 Pastor Strawcutter – “Now this term **“Cherry Marine”** is that a common phrase that's in the military?”

17.16 Kay Griggs – “The thing is there are guys and there are girls and I just came from a real prudish culture you know...”

17.26 Pastor Strawcutter – “That's fine you came from a normal culture.”

17.30 Kay Griggs – “And I’m not judging them but... the Vietnam war I know a lot about the [17.39] **MACSOG Program (Military Assistance Command (Vietnam) Studies and Observations Group)** and the [17.42] **Phoenix Program** because George was involved with a very important part of that. He and [17.54] **Al Gray**, [17.56] **Louis Buehl**, [17.48] **Michael O’Boyle** and [18.02] **Ollie Whipple** were... do you remember the [18.08] **Mayaguez** and the [18.11] **the Pueblo?**”

18.13 Pastor Strawcutter – “Oh... the seizure of that little ship?”

18.14 Kay Griggs – “Yes, **it’s run by the Mob...** then, it was **a joint mob military partnership joint operation in Korea and in Vietnam... the highest levels of the Marine Corps and the Army in those Special Operations levels, the individuals are actually in the mob.**”

18.48 Pastor Strawcutter – “You’re talking about the mafia type mob?”

18.50 Kay Griggs - “I’m talking about **the Brooklyn New Jersey mob**, **my husband, Al Gray, Sheehan, they’re all Brooklyn... Cap (Caspar) Weinberger, Heinz Kissinger**, there’s the **Boston mob** which was shipping weapons back and forth into [19.10] **Northern Ireland...** and I don’t want to get too involved in that but it was... **Israel...** some of the **Zionists** that came over from **Germany** according to my husband were... see he works with those people **they do a lot of money laundering in the banks, cash transactions for the drugs they’re bringing over**, through **Latin America the Southern Mafia, the Dixie Mafia** which is what my husband is involved with in **Miami, the military are all involved once they retire**, they go into this **drug and secondary weapons sales...** and before I forget, I want to find the name of [20.07] **this Russian who worked with Al Gray who was my husbands boss**, [Kay will get back to the name].”

20.28 Pastor Strawcutter – “Its no trouble at all...”

20.29 Pastor Strawcutter – “How are we doing... how much time...”

20.47 Kay Griggs – “I can’t find it right now, I will find it... **Vietnam was really important because a lot of experiments were done on boys who were over there.** Since my husband disappeared, **they have been psychologically trying to destroy me, financially trying to destroy me because Im telling the truth. His first wife I know was murdered.** She was, according to a psychiatrist whose name I will probably not give because he’s an honourable man, I was given permission before I went public with [21.37] **Sarah McClendon** at the Press Club anonymously but they knew who I was, on 3<sup>rd</sup> July 1996... was when I came out with a small group of people, but before that time they were trying to handle me to try and get me to be quiet they tried threatening me and so forth, and... [22.21] **Gen. Jim Joy**, I called **Gen. Jim Joy** on the phone because I had tried to find my husband as I didn’t have any money or food he just walked away and I knew that the Marine Corps knew where he was but I was being handled psychologically... on 4<sup>th</sup> March my home was being broken into they had elaborate plans to handle me and keep in mind he had been away since 28<sup>th</sup> December...”

22.57 Pastor Strawcutter – “of 1996.”

23.00 Kay Griggs – “1995/96... So put yourself in my shoes, I had no idea where he is. He has done this before and each time I was totally traumatised.”

23.21 Pastor Strawcutter – “Well what happened during this break in?”

23.22 Kay Griggs – “Well, they were looking for the diary, I don’t have the original copy but I have the copy... its his Beirut diary and its in his handwriting. **The Beirut diary tells how the Intelligence Community, the Army and Marine Corps assassins, snipers... how they operate in a city during a crisis.** My husband was the liaison between the **White House** and [24.08] **President Gemayel** my husband is friends with [24.13][General Brent] **Scowcroft**, [24.14][Robert] **McFarlane’s** a Marine. All of these men are personal friends of George’s. [24.20][**William**] **Colby** I spoke with on the phone, two weeks later he was murdered. He went to Princeton, my husband knew him... he knew my husband, he told me... Colby told me that...”

24.35 Pastor Strawcutter – “This is Gen. Colby?”

24.38 Kay Griggs – “No this is **William Colby head of the CIA**”

24.39 Pastor Strawcutter – “Oh ok.”

24.40 Kay Griggs - “who was murdered in...”

24.44 Pastor Strawcutter – “A so called bowling accident.”

24.45 Kay Griggs - “**I know exactly how that happened because, the Seal team 4, 6 and 8** are on the **East coast** and the odd numbers are on the **West coast**. Some of the people who are affiliated with the SEALs... I shouldn’t say that, I’m not going to say it...”

25.13 Pastor Strawcutter – “It wouldn’t be hard for a Seal team to come from under water tip the boat over and make sure he’s dead.. is that what you mean?”

25.20 Kay Griggs “**The Israelis train with the SEALs they do a lot of wet op murders over here** because of some sort of arrangement. The young boys... **I met three young assassins on a bus going back and forth to Sarah’s I went on the bus... because they were sabotaging my car so often... so I sat next to two young assassins, one from Romania one from Haiti** and I let them know that I understand how it is and this little boy cried, he told me... it was the same scenario, his mother... he lives on \$850 dollars a month. **Now these are mercenaries, the tax payers are paying mercenaries young men who are not citizens of the United States to kill innocent people women and children, they get on a flight from Norfolk and Oceana they fly to Stuttgart, and I was told this is what they do, then they go by a special helicopter to countries like Turkey, like the part of Iraq, to Algeria to parts of Africa and they do wet ops. They’ll just murder 5, 10, 20 people and then they blame it on the Arabs, or they blame it on somebody else, but its actually NATO rogue assassins, there are men from Australia, South Africa, Britain that Ive been able to determine and a lot of these other little countries that want to get into NATO, they have little boys that they pick out and they call them special, meaning elite, irregular... in order to entice these boys because they don’t have much ego, they know they are protected, they know they are above the law... my**

husband is above the law, [28.11] Judge John Moore, [28.13] Col. Barry Kanter my husband's JAG lawyer is above the law, [28.20] Grover Wright Marine Corps a lot of these guys who are Judges had their wives got rid of, [28.28] Judge John Moore had his first wife thrown into a mental institution, he battered her before he was a judge... I know a man who has a purple heart, two people who knew [28.45] Hannah Moore very well, she was deeply in love with her husband... he was an Army Ranger and he had got back from Vietnam, he physically and psychologically abused her and she started screaming. Doing what I was doing, because I was battered and bruised. A lot of wives are battered... but if they're a colonel or "a rising star" the wife is called crazy as they have too much invested in these men, its a very small cult... some of the things that they do when they are colonels are the same rituals as in Cap and Gown the Princeton version of Skull and Bones my husband went to Princeton after he went to the Hun School for four years."

29.47 Pastor Strawcutter – "OK now we should probably clarify a little bit about, you mentioned Skull and Bones and many of the people won't be familiar with that and the Cap and Gown, so what are these, are they clubs that these young inductees are pulled into? Secret societies?"

30.05 Kay Griggs – "Secret societies... and..."

30.10 Pastor Strawcutter – "Is this to make them feel super special and also to put a control on them so they're scared and they never tell secrets."

30.15 Kay Griggs – "Yes... that's it. You have got it."

30.21 Pastor Strawcutter - "Now Ive heard a lot of child molesters, not just molesters connected to the military, plain child molesters will molest a child and tell them now if you ever tell... they'll take a cat and strangle it and kill it or something and say this is what Im going to do to your mother and what I'll do to you and bad things will happen if you ever tell."

30.39 Kay Griggs – "That's right."

30.42 Pastor Strawcutter - "And children grow up believing they must never never tell and they don't generally unless someone comes along to help them see the light and come out there."

30.50 Kay Griggs - "Yes, and you see my husband is frightened to death. I believe that his brother was murdered to keep him in, because he had gone through four years of this mind control and the man who did it you can see this on this video, his name was [31.10] Charles Caddock, and another man named [31.11] Alexander Robinson."

31.14 Pastor Strawcutter – "OK, Charles Caddock."

31.16 Kay Griggs – "Caddock."

31.17 Pastor Strawcutter – "and the other one?"

31.18 Kay Griggs – “**Alexander Robinson**. Now **Alexander Robinson** was a marine, very well connected Presbyterian family **whose family member was the influential one who brought over the Saudis**. The original head of Saudi Arabia was very... George told me all this about [31.46] **Mohammed Faisal**, [31.47] **Kaleed Faisal** and [31.48] **Saoud Faisal**. There were something like 32 brothers then in the mid 1950s. **The ordained head of Saudi Arabia, it was then the United States who chose that person [King Faisal]**. **The United States through Charles Caddock and that group murdered the good one**, the one whom everybody liked who was well educated and who was normal [**Abdulaziz ‘Ibn Saud’?**] in I believe it was 1952, 1953 1954 in **Paris**. [32.37] **[Ibn Saud died in his sleep of a heart attack at the palace of Prince Faisal in Ta’if on 9 November 1953 at the age of 78], the universal Saudi, the well educated Saudi was poisoned.]”**

32.37 Pastor Strawcutter – “And what was his name?”

32.39 Kay Griggs - “Erm...”

32.45 Pastor Strawcutter – “Its not that important.”

32.47 Kay Griggs “Im trying to remember I think it was... (**Fahim**) or... he died in Paris and so... **his brother or half brother or whatever who was the father of all these 32 boys and the three oldest were [snuck] into the United States**. I have a degree in History, Virginia history, under graduate degree and a masters in Scottish history and being a Southerner we always look at... you know past is prologue, and I jumped into the Saudi Arabian books to try and find out something about **the Hun school which is in Princeton started by a physicist connected with Einstein in that group...** so I was looking at something for the Hun School because I knew they went there, and they’re in all the brochures and they were proud to say they had the Saudi royals went here. [33.52] **President Chesebro** brags about going over there being wined and dined. I only found one reference, but it was a reference that said that **they went to a prep school in the USA and thats all it said**. **Well it was the Hun School and her husband was one of their playmates**. [34.18] **Charles Caddock** was the “body guard/teacher” for these guys... so they would go **out to play in the woods and they were doing homosexual things with them**. I mean there was a lot of money, they bought a big house [**Russell House**] and so...”

34.45 Pastor Strawcutter – “Explain a little bit to me about the homosexual event here.”

34.52 Kay Griggs – “Well, George for the first three years of our marriage was drinking entirely too much and he was trying to let me know about his world.. and I’m not judging him, he’s a bisexual.”

35.07 Pastor Strawcutter – “And he needed help.”

35.09 Kay Griggs – “He needed help, he needed love, he needed Christ...”

35.10 Pastor Strawcutter - “He still does.”

35.11 Kay Griggs – “He still does, he really needs help and the handlers knew that I was changing him, I was taking him away from this crazy cult that he had been in all these years and I mean, we even went to church he even walked down the aisle when Tony Evans preached at Scope. I mean, he was overwhelmed.”

35.42 Pastor Strawcutter - “At Scope?”

35.44 Kay Griggs – “At Scope in Norfolk its a big auditorium.”

35.47 Pastor Strawcutter – “Oh OK.”

35.49 Kay Griggs – “But **he was a little boy when he was mind controlled.** MK Ultra somebody said. They had a **group of men psychiatrists in New Jersey.** I don't know where this was but they would go and... even his roommates in Princeton told me about it, George never intentionally introduced me to his friends so I had to cold call all these people, I got their names, addresses, telephone numbers. **I called all his roommates at the Hun School and at Princeton, they told me things about George holding hands with [36.42] Caddock and other people about being a cheerleader and going off and so forth.**”

36.47 Pastor Strawcutter – “A cheerleader is that kind of a trade name right?”

36.49 Kay Griggs – “No, he **was a cheerleader at Princeton** and he travelled with the football team.”

36.59 Pastor Strawcutter – “OK.”

37.00 Kay Griggs - “And here is a guy like that and they put him in the Marine Corps, I don't think that was very nice, do you know what I'm saying that must have been hard for him but...”

37.10 Pastor Strawcutter – “But it was part of the long term vision.”

37.13 Kay Griggs “Absolutely, **they wanted him long term and its because of the Saudis this is what I believe and what his room mate believes.** He had a room mate at Princeton who was also at the Hun, he was a dear dear wonderful man... his mother is an Anglican his father is a Jewish doctor from **Brooklyn, Jack** is a dear and we talk a lot on the phone. George dismissed him as George was getting in with another crowd, **George got into Cap and Gown, which is the same kind of fraternity an eating club fat Princeton for Intelligence Officers.**”

38.07 Pastor Strawcutter – “At Cap and Gown would they have anybody involved that wasn't Intelligence orientated?”

38.12 Kay Griggs - “**Football players and so forth, but I have a feeling Cap and Gown has a lot of intelligence officers and boys who may have been raped,** of course they'd never talk about it. I know that **the initiation is that that they get very drunk,** even in the Marine Corps they do that... its called “**Dining In**”... they have the “**Shell Back Ceremony**”, **they do a lot of**

**homosexual enticement.** The boys when they come in and are new recruits they strip them nude they violate their personal parts a lot of that is going on even now.”

39.01 Pastor Strawcutter – What about “**Tailhook**” is there a connection?”

39.05 Kay Griggs – “Sure because this... **the cream of the crop are doing this...** they’re having group sex parties.”

39.11 Pastor Strawcutter – “That was a the Navy operation too wasn’t it?”

39.14 Kay Griggs – “Yes, **the Navy and the Marine Corps** do...”

39.17 Pastor Strawcutter – “Maybe we ought to... for those who don’t know... Tailhook if you don’t know anything about tailhook is... refresh our memories...”

39.24 Kay Griggs – “Well, tailhook... when I was single in Norfolk, I know one of the people who was deeply involved with Tailhook who was **the Captain of the [USS] Saratoga**, who was very much involved with this kind of behaviour, I know a lot about the... see I never thought about group sex, **this is so awful to contemplate that these orgies are going on all over the mediterranean.. the captains, lieutenants, the men who rise to the top are the ones who are picked to play the games, the nude pool parties**, they have secretaries who come in, I’ve talked to three guys and my husband who went to these parties, but what they do is, and this is **Gen. Al Gray** who was the main prime mover, they would go to a place like **Isle Rose [Rhodes]** where **Charles Caddock** the teacher who inducted and got my husband into it, he retired in one of these all male party houses on the mediterranean and my husband kept in touch with him all through the years.”

41.07 Pastor Strawcutter – “These sex parties that they get involved with, are they all homosexual in nature or is there any heterosexual?”

41.14 Kay Griggs – “Well **they start off with wild secretaries** [Christine Keeler’s book regarding the Cliveden Set, the home of the Astor Family she said re the sex parties after the girls they would get the young boys out – too similar to ignore, in the UK it was the Profumo Affair], my husband did those in **Indonesia**, he did them in a place in **Northern Virginia** with his first wife, I did not know any of this... I knew absolutely none of it when I married him. He told me he was loyal to his wife. He wanted me to think he was just apple pie because I’m just a one man woman... when I took that oath to marry him... love, honour and obey, that’s me. **But he, when he was married to his first wife was just an addict, a sexual addict, an alcoholic addict, he loves terror** and his whole little soul was being just sucked away from him desperately and he needs Christ. He needed me, day in and day out, he did not need to be... **What he’s doing now is running more of these operations.**”

42.26 Pastor Strawcutter – “You know, as you describe this, I can’t help but think of **Bill Clinton.**”

42.30 Kay Griggs - “Well of course he was one of those profiled boys... but the difference between **Bill Clinton** [Rhodes Scholar] and I’m not saying Bill Clinton’s better... but Bill Clinton did not know anything about the assassinations... Bill Clinton... when I was living with **Sarah**

**McClendon** the Senior White House correspondent who saved my life she said “Mrs Griggs, you get up here to Washington right now or you’re going to be dead.” I still feel as though I probably will be, I will certainly be financially ruined... they are still doing psychological operations in my home, sabotaging my car, messing with my telephone, my radio, you cannot believe what I’ve been through in the last two years... it is horrible and it is being done to other women and other wives and other men who don’t go along with the program, they are murdering marines, they’re murdering sailors.”

43.42 Pastor Strawcutter – “Of course one of the best ways to stay alive is to do what you are doing...”

43.47 Kay Griggs – “Really?”

43.48 Pastor Strawcutter – “Oh absolutely... reduce this to video and get this scattered all over the country. They won’t touch you because if you’re dead that validates everything you’re saying... you see, so... its the best thing you can do.”

43.56 Kay Griggs – “**Well, they poison people...**”

43.59 Pastor Strawcutter – “Publicity is the best thing you can do.”

44.00 Kay Griggs – “Yes... One of the things that was happening to me after... oh I must tell you about **Gen. Joy**, I found his name all through the diary and what was really strange was that George had mentioned him earlier on in the marriage but then after a certain incident at [44.23] **Camp Lejeune** which I think is very interesting relating to tailhook and something that I did there... I will tell you about that if I can remember. It took a lot for me to get **Gen Joy’s** phone number because the marine colonels were not going to tell me as they knew I was investigating... so no one would tell me about **Gen. Jim Joy**. I called a person in George’s address book who was a general pretending I was updating my Christmas card list... and I was just wanting to find Gen. Jim Joy’s telephone number and he said oh... he’s up there he’s running **morale welfare recreation for the world, you know a pay off job with the mob...** and he’s living outside of [45.18] **Quantico** and here’s his phone number... so I call him up, keep in mind my husband is infamous, Princeton Graduate, Chief of Staff for Al Gray who runs all the dirty tricks for the Army, [45.36] **Linda Tripp** worked for **Carl Stiner** who is a partner of... you know **Jim Joy, Carl Stiner** and my husband were **the triumvirate in Beirut** and **Linda Tripp** worked for **Carl Stiner** down there.”

45.52 Pastor Strawcutter – “And this would be approximately?”

45.55 Kay Griggs – “I think in the 1980s. **She and her husband were both Delta Force duos.** They send them and then they divorced so that broke up that... **she’s a Dirty Tricks person Linda.** [46.12] So I called up **Gen Joy**, and I said... “General Joy, this is Kay Griggs and I’m **George Griggs** wife you know **Chief of Staff for Al Gray head half the world, Dirty Tricks Special Operations Wet Ops?** And he goes... “No, I don’t believe I know your husband”... exactly his words, and I’m taping it by the way, because they took my tape. They started coming in putting sticky stuff... you know just mind jaggig me.”

46.46 Pastor Strawcutter – “Putting sticky stuff?”

46.47 Kay Griggs – “On the tape and on different, you know they would go to a lot of trouble they would put things I said on one tape and put it on another... I mean **they were having fun with me psychologically**, but I taped this conversation with **General Joy**, and I said well that’s really strange that you don’t know my husband because I’m sitting here on my bed and Im looking at my husbands diary that he kept the whole time when he was in **Beirut** and **you’re in there on almost every page** and **your going over to Cyprus and Rome and your getting money for weapons and then they’re going over to [47.37] Tel Aviv and they’re doing this and that and you don’t know my husband** George Griggs and you’re a marine and he’s a colonel? and then he went “Oh... that George Griggs”, because he knew I had the diary. Then he said “oh Miss Griggs let me call you back...” so he had to confirm with **Gen. [John J.] Sheehan, Gen. Joy, Gen. Gaiman, Gen. [William W] Hartzog** and his little cabal, particularly **Gen. [Alfred M.] Gray** and **Gen. [Charles C.] Krulak**. So he called me back and he was just like a little puppy dog and he said “Miss Griggs I’m going to be in Norfolk on night of the 5<sup>th</sup>, 6<sup>th</sup> and 7<sup>th</sup>... I will be at a Morale Welfare Recreation meeting at the Mariot Hotel and I would like to meet with you when I get there, I will be there about 5 o’clock and we can go to dinner or you could come and have breakfast next morning...” He went through every hour of the whole time, he couldn’t have been more insistent about meeting me if he had been my father at my birthday or something.”

49.26 Pastor Strawcutter – “So you did meet?”

49.28 Kay Griggs – “I did. But I was afraid of him.”

49.32 Pastor Strawcutter - This was Gen. Joy.”

49.33 Kay Griggs - “The assassin, **Gen. Jim Joy** the one who got [49.41] **Noriega out of Panama**, he and [Gen. John J.]**Sheehan**, the one who was behind the whole operation in [49.46] **Panama**... this is a powerful guy. He and **Carl Stiner**, Mutt and Jeff. **They trained all the guys in [49.58] Waco** who went and did what they did to **David Koresh**, they’re the ones behind all the black helicopters and [Gen. John J.] **Sheehan**, the others ones doing all the stuff down there, [50.12] **Kathy McDaniels’** down at **Fort Polk/Fort Hood**.

49.50 Pastor Strawcutter – “That’s something new on me. Kathy McDaniels?”

Kay Griggs - “Kathy McDaniels had a little talk show... **she’s the wife of the daughter of the Mayor down there at Fort Polk**, a little town outside of [50.31] **Fort Polk**... **and there was a lot of unusual things happening and because she was talking about it they took her radio show off the air** and they tried to... it’s a long story anyway so **Gen Joy**... I got in contact with the **NCIS**...”

50.52 Pastor Strawcutter – “That’s Fort Polk, Louisiana?”

50.53 Kay Griggs – “Yes, but I met with the NCIS guy, and a marine that I just met cold call because I was kind of worried about what would happen to me, meeting him so... may I go to the ladies room?”

51.20 Pastor Strawcutter – “Sure let me... as a matter of fact, Steve suggested a break.”

[break - ignored a chunk of ramble going through what they have already covered]

54.21 Kay Griggs - “**You know what Tailhook means don’t you?**”

54.22 Pastor Strawcutter – “No, what... Tailhook.”

54.23 Kay Griggs – “[laughs]”

54.24 Pastor Strawcutter – “I got a feeling... is it a homosexual reference?”

54.27 Kay Griggs – “Yes, sure...”

54.29 Pastor Strawcutter – “Really? Did you know that Steve? Isn’t that something.”

54.30 Kay Griggs – [Laughing] yes.”

54.33 Pastor Strawcutter – “And the average person on the street has no idea.”

54.36 Kay Griggs – “No [laughs].”

54.38 Pastor Strawcutter – “Its like Watergate... well the Watergate Hotel that makes sense. And Tailhook probably has some reference to... you know I honestly thought it was when you re-fuel a jet or something.”

54.39 Kay Griggs – “It is but look [draws on a pad] see the planes look like this... I was told this by [54.53] **Jerry Unruh. Jerry Unruh** was a captain when I met him just partying. You know I had a group of gals and we were all school friends and everybody hung around this place called Poppy’s. **It’s when you refuel a plane but its also a homosexual reference. Jerry Unruh** was a captain. We were partying at Poppy’s at Virginia Beach it was a big place in the mid 80s, when I was at the Virginia Centre for World Trade, well, **Jerry was in there, he’s an Intelligence Operative with Scowcroft, Kraw,** you know this whole... **McFarlane, Ed Wilson** who’s a good friend of my husbands... who’s a really bad guy... anyway they’re all some of them are doing this **Rush River Lodge thing which [55.36] [James Jesus] Angleton** was doing... where **Woodward** would go to these **big orgy parties** and George went to a few of those... but this [points back to drawing on pad] you see is the plane and it kind of looks like that and it refuels..”

55.52 Pastor Strawcutter – “That’s called a Tailhook... aha.”

55.55 Kay Griggs – “But it has a double meaning.”

55.56 Pastor Strawcutter – “A double entendre sure.”

55.58 Kay Griggs – “And I went to the preceding show two weeks ago and they had the Tailhook Booth, and I have some stuff, I don’t think I have it with me but some Tailhook souvenirs because they’re really trying to promote from that, you know the charitable function of that organisation.”

56.17 Pastor Strawcutter – “Of course.”

56.18 Pastor Strawcutter - “The fact that that cover got blown, on those tailhook things that was a major snafu right...”

56.24 Kay Griggs – “**Helen Carter** [Paula Coughlin] she had to try very hard to get that out... **[FIND]**”

56.29 Pastor Strawcutter – “That was at Camp Lejeune?”

56.31 Kay Griggs – “No. I think it was in **Las Vegas.**”

56.35 Pastor Strawcutter – “Ok.”

56.36 Kay Griggs – “Oh but my thing went on in **Camp Lejeune** before tailhook and this is why I got flagged because I stopped the go go dancers in officers clubs and they got very mad with me I can tell you that story its true.”

56.55 Pastor Strawcutter – “Yes but why... you didn’t realise what you were doing at the time?”

56.57 Kay Griggs – “No, I was just incensed you know that they would allow topless women young girls the Officers Club dining room while I was trying to eat late one night and George says **well you know you just have to get used to it if you think this is anything you ought to see what goes on in [57.20] Okinawa.** Well this was 1991 it was before tailhook... the Lord is always with me. Sometimes I don’t know where he is but this particular night it was about 9 o’clock and I was starving. I was really mad because his reaction wasn’t “Im sorry this is offensive do you want to go and get something to eat or something?” He didn’t do that he attacked me. It was a chance to educate me the way they were educated [gestures hitting motion with hand] get used to it bitch... excuse my French, and that’s really what he was trying to do. They were all young married officers. Now, I worked at the Chamber, this is tax payer money, this looks bad, they had wedding bands on, one... two of the guys go out with one of the girls... so I’m going... after having said... “Don’t you see anything wrong with this picture?” And getting no background... and then at one point I thought... oh boy, I’ve got a camera in my pocket, I’m going to see **Marty Oogan**, my old room mate from St. Mary’s, a little Episcopal Junior College, Raleigh, North Carolina and then wow... my little Lucile Ball comes out and **I just grabbed that little camera and took the flash and I get me photos and the room scattered proving they knew**, God proved it. Then.. George tried to grab three little flashes of scattering people so...”

58.50 Pastor Strawcutter – “Just because the cameras gone off?”

58.51 Kay Griggs – “Yes! So that said to me, it proved that God truth is light... you know, hey I mean God proved it. I didn’t do it, I didn’t argue I just took pictures they scattered, then... what happened...”

59.10 Pastor Strawcutter – “What happened to the pictures?”

59.12 Kay Griggs – “Well, he tried to grab my camera.”

59.14 Pastor Strawcutter – “He?”

59.16 Kay Griggs – “My husband. But there were still some men in there you see and some of the girls, and they were looking at me. The girls were probably thinking... you know, but the guys were thinking... they saw older colonel, Chief of Staff here and wife, it was bad from the perspective of me being his wife witnessing this order to shut up. So I took the camera he wanted to grab it from me and I went like this, it was real battle time... my brother was a championship wrestler and I don’t know anything about holds but I knew this was self preservation time and I went to the ladies room and hid the darn thing. He wanted to know where it was, we had a major battle but the end thing that happened was I wrote a nice letter, I found out the name of the manager, because I knew protocol, I knew you can’t just go and mess everybody up and I sent a letter saying is this normal to the club manager but I sent copies of the pictures and the letter to the wives and the General Commander of the base and the wife of the Commandant.”

1.00.47 Pastor Strawcutter – “You wanted to get in trouble.”

1.00.48 Kay Griggs – “Well no, I was helping the wives.”

1.00.53 Pastor Strawcutter – “The wives at this point no doubt are privy to all this stuff right?”

1.00.54 Kay Griggs – “Yes, see I thought in the real world this is what you do. But what happened was I went home, and the wives were meeting there and I told them what I had done and [1.01.10] **Carolyn Millice** said “**No, you didn’t do that did you, George wont get promoted**”. He was trying to make general. But **Louis Buehl** had already died and so he wouldn’t have made general anyway. But I didn’t know that at the time. But [1.01.31] **Charlotte Moore** whose family are better educated and she's the leader of the pack because she is more rational than the rest of the wives she said “Kay thank you very much we appreciate what you did for us” and then all the puppets wives then agreed. I then found out from [1.01.57] **Brooks West** that I was flagged that **Gen. Gray had me marked as a trouble maker**. So after that no more stories when he was drinking... he was having to balance them and me. I think he was challenged by me because he knew that I was a free spirit he didn’t understand Christ he didn’t understand what my boundaries are because he was a little bit intimidated by my sense of freedom and my openness which comes from a complete understanding of where Christ is in my life and I follow in his footsteps. But I’m a free spirit because I’m created independently as we all are and my husband never had that ability to be free from the time he was a teenager.”

1.03.08 Pastor Strawcutter – “Well, because early on he was made captive to these other matters.”

1.03.13 Kay Griggs – “Yes.”

1.03.15 Pastor Strawcutter – “The homosexual encounters and the shame that that brings and the control. So he was a bent twig early on.”

1.03.23 Kay Griggs – “Yes, yes. **The Saudis** were beginning to pile into **Russell House at the Hun School in Princeton** which is the school that my husband was in for four years on scholarship **he never saw his parents in eight years**. Now think about this, **his parents were shipped to California I believe strategically so they could control his mind**. He was too poor to fly out there, I think he did go one time when he was ROTC on a flight that took him forever and a day to get out there. He had an uncle later on who bought a house in Princeton when he was in college so he had a little bit of nurturing and this uncle became his father, and this uncles two sons and the next door became his wife... he knew that he had to marry because of what he had gone through and it was I think so shameful and so hard on him that he married right at graduation day practically from Princeton University where **he had four years in ROTC** and he was in **Cap and Gown Club** which as I mentioned before, is **an intelligence football kind of scholarship club** but what’s interesting is that **my uncle who was in intelligence Ben Delaney** went through exactly the same hoops. I was thinking when I met my husband this is... and it probably was God in many ways, but I thought isn’t it amazing **Uncle Ben** who was a football quarterback star from Princeton the one year they won the whole national thing. **He went to the Hun School, his father and mother both killed or something happened to them**, and I think **they were a prominent family**, he was handsome, wonderful a neat man... **he went on scholarship to the Hun with Krupp** and all these other things he was in **Cap and Gown**, he played on the football team... he wasn’t a cheerleader, my husband was a cheerleader, but they were in exactly the same pattern **ROTC scholarship, they left ROTC they were dependent on the government on the intelligence community** [1:06.33] **selling weapons to whatever country... I know the country...** but in other words, they were doing work for **The Joint** under the table all these years.”

1:06:49 Pastor Strawcutter – “Directly under whose instructions to sell these weapons. Do you know that?”

1.06.51 Kay Griggs – “Yeah...”

1.06.52 Pastor Strawcutter – “And who would that be?”

1.06.54 Kay Griggs – “Well... **It’s the Israeli Zionist group in New York.**”

1:07.04 Pastor Strawcutter – **Mossad?**

1:07.05 Kay Griggs – **Well yes but everybody thinks Mossad like they think... CIA is just a bogus sort of thing, its really Army Intelligence that does just about everything... they run a lot of the psychological profiling that’s done at Quantico with the FBI, its all a very small group, [1.07.28] Harvard professors connected with the [1.07.31] Tavistock and [1.07.34] Darussalam there’s a sexual perversion group in [1.07.39] Vienna and one in [1.07.41] Colorado I think that little girl was part of that experiment.”**

1.07.47 Pastor Strawcutter - “**Jon Benet Ramsey?**”

1.07.48 Kay Griggs – “Yes, yes. Because I had some...”

01:07.51 Pastor Strawcutter – “**Well you know that raises an interesting point because here’s a high profile murder that goes nowhere, no investigation, nobody is pinned it just goes on and on and on...**”

01:08:02 Kay Griggs – “**The parents are involved in that program at high level.**”

01:08.07 Pastor Strawcutter – “**But somebody high up is protecting them.**”

01:08.09 Kay Griggs – “Absolutely.”

01:08.08 Pastor Strawcutter – “**And the same thing that you’re describing about the military if you’re in the click you can get away with murder.**”

01:08.13 Kay Griggs – “Absolutely, murder... literally murder. I had a group of visitors... I used to be set up by the State Department... **my husband who had power in the State Department, through both [1.08.32] Caspar Weinberger, well his whole crowd [1.08.41] George Bush, [1.08.41] Colby, [1.08.42] Casey... my husband was in that clique in the Princeton Marine Corps clique [1,09.48] Rob Warner.**”

1.08.51 Pastor Strawcutter – “**You’re talking about Senator Rob Warner?**”

1.08.52 Kay Griggs – “Yes, **Pat Robertson** they’re all 4<sup>th</sup> **Marines**, they’re all involved in this, **they’re running everything.**”

01:09.00 Pastor Strawcutter – “**You mention Senator Pat Robinson are you talking about the 700 Club?**”

01:09.01 Kay Griggs – “Yes, **Robertson**, there’s a power thing there, its all male, its all white, they do they know the murders are going on. They’re surgical, they’re strategic, they’re political but what I was going to tell you is... I was used because I was the most gullible in high school, and I’m very spiritual and I love people, so **I was driven to meet all these people from all over the world for some reason so they would feed me people because they knew I would react**, its kind of like [1.09.46] **Monica** and **Bill** **I think they put Monica in there to have something on Bill**, thats my own feeling, Sarah McClendon feels the same way.”

1.09.56 Pastor Strawcutter – “And **Linda Tripp** was there to guide the situation.”

1.10.00 Kay Griggs – “Of course **Linda Tripp was Delta Force**, she was trained by [1.10.04] **Carl Stiner** who’s in the diary with my husband. **Carl Stiner is called a snake** and he tried to trip up [1.10.12] **Swartzkopf. He was trying to take the whole Iraqi thing over because they had been baiting, they were using the Israeli rogues in Turkey** they were having little zig zag wars...”

[1.10.29] its all to sell weapons, it's all about weapon sales, it's all about drugs, it's all about funny money.”

1.10.37 Pastor Strawcutter – “Making money.”

1.10.38 Kay Griggs – “Of course. And the head [01:10.44] Krulak who is the Commandant of the Marine Corps, [1:10:50] his father Victor Krulak worked with this [1.10.50] Russian Czechoslovakian double agent who was involved with Al Gray who was enlisted at that time rose right up to the top because he was involved with [1.11.0] Boocher and this whole crowd that was trying to pick fights and they were not, they were Army and Navy together joint and George kept saying he calls them the members of the firm, I've heard them called the Brotherhood, they're very close, it's a small group and its very hierarchichal. I had Casper Weinberger's bodyguard farm me when I was at Sarah McClendons.”

01:11:47 Pastor Strawcutter – “Now... Farm you.”

01.11.47 Kay Griggs – “Yes... that's a term that they use...”

01.11.49 Pastor Strawcutter - “Where they cultivate?”

01:11:50 Kay Griggs – “Well not cultivate but just want to find out... they're doing profiling on me women are hard to profile because were very easy if you understand women. I think they need more women in Intelligence because we would solve a lot of these problems of over population or whatever it is very quickly. Because we're the ones who teach the men how to talk, how to communicate, we think on 20 levels at once, we're very spiritual, we're practical all at the same time. And they make mistakes by pegging women as crazy when really they're very anxious to solve problems. They're just very frustrated to see a lot of whacko things going on that don't need to be going on, but the guys don't see it. So with my husband and so forth I was used... they profiled me, they knew I loved international people because I'd already demonstrated that, and [01:13.00] there was a group of sexual psychologists/psychiatrists from Vienna who came over... I have pictures of them... I was their escort, George was already gone and I was intrigued that they were still sending me people.”

1.13.19 Pastor Strawcutter – “OK now you refer to them as Sexual Psychologist?”

1.13.21 Kay Griggs – “Yes there's a whole range of psychiatrists who study perversion, sexual perversion, Harvard, Yale, John Hopkins and this [1.13.34] Colorado group, [1.13.36] Darussalam, where they train the black African terrorists... they train them in interrogation, they train the JAGs in interrogation methods and so forth and a lot of these guys got their experience in [1.13.56] Vietnam. Intentionally they took these little boys, thats what they're doing in [1.14.01] Bosnia right now, they're training future leaders in perversion. The British have a school that George worked with in [1.14.17] Indonesia for a year. My husband was setting up a... there was already a program on [1.14.25] East Timor a little place there in the mountains that had been set up by the [1.14.32] Australians during WWII involved with [1.14.36] Burma and some of the killings that were going on in [1.14.41] China and so forth, that [1.14.47] T Parker Host this man who now controls my husband with [1.14.50] Bob Edwards, T Parker Host... this

is how they got together. **T Parker Host** I knew when I was the Assistant Director of the Virginia Centre for World Trade. I was the first woman on the Board of the Foreign Commerce Club. I was very involved in the politically and I was having a ball and I met **T Parker Host** through someone else. I was the Chairman of a Board of all these International shippers and brokers. I was a glorified secretary public relations person. **T Parker Host was the Finnish Consul** and at one time he had been the **Icelandic Consul**. I thought he was a really nice guy because he was outgoing he seemed Virginian. I didn't know much about him. But it turns out... he has one shipping agency when I met him in 1985... he knows my husband's profession instantly because **he brags about being with the mob, he knows [1:16.17] the mob runs the Port at Norfolk. The bankers and then they have the... I cant say that.**"

1.16.22 Pastor Strawcutter – “You can't say what?”

1.16.24 Kay Griggs - “**The ports are run by... it's a homosexual hierarchy** [hand signals depicting the hierarchical pyramid structure].”

1.16.28 Pastor Strawcutter – “OK, it makes sense. That's not objectionable.”

1.16.31 Kay Griggs - “**and in Norfolk its run by [1:16.33] Walter Chrysler, [1.16.33] Phil Hornthal... they have the rich ones at the top, then they have the little ones in by introducing them to the big guys... George met [1:16.42] Einstein... Albert Einstein was in that ring that the Saudis were in.**”

1.16.49 Pastor Strawcutter – “You're saying Einstein?”

1.16.50 Kay Griggs - “**Albert Einstein... he was in the Princeton ring before he died.** George... they partied together. So the Norfolk crowd runs the Port its very organised and so forth. **I knew the person who was running the Maritime Association Shipping Agency**, a very nice man who was “**that way**”... but I didn't know it, I went out with him and he was a nice person.”

1.17.29 Pastor Strawcutter – “And completely homosexual.”

1.17.30 Kay Griggs - “**Completely**... but he liked me and I thought he was wonderful.

1.17.35 Pastor Strawcutter – “Many homosexuals are very engaging people.”

1.17.37 Kay Griggs – “Yes... but he was a nice guy... well **his best friend was T Parker Host he lived with him for a while**... I thought he was married he had a couple of sons... I thought well you know this is just a guy who's moved away from **Newport News** for some reason and settled in Norfolk I thought it was unusual he didn't have any friends... I didn't know... but it wasn't because of that **Parker** it was because **Parker had some questionable associations with mob figures with assassins he was in the Burma Special Operations Command he liked living a dangerous life and he bragged about it to others.** My husband and he gravitated to one another and I thought it was wonderful because my husband didn't seem to have any friends. So I sort of fixed him up with **Parker**... well **Parker's the one who did me in.** Parker plotted and... it's a long story. Basically,

and this sounds petty but I wouldn't go out with him and I'm not saying I did anything... he just wasn't my type."

1.19.06 Pastor Strawcutter – "Obviously."

1.19.07 Kay Griggs – "Well you know, he's boarish, he's loud, kind of rude..."

1.19.13 Pastor Strawcutter – "So you mean just in a social context."

1.19.15 Kay Griggs – "Yes." What happened was because **my husband is so close to [1.19.22] Bush, [Robert] McFarlane, [Brent] Scowcroft** and all these guys, **Parker** starts getting in with my husbands friends and cultivating them... and he goes from having one shipping agency to being dotted all over the place. He goes from being a Democrat in petty little Virginia politics and being the **Icelandic Finnish Consul** to having **big shipping deals** going through Iceland, Finland and Norway, my husbands setting up deals in **Moss, Norway**, which **I was President of the Sister City Association. I was being used**, while my husband was setting up shipment places, trans shipment places, and I mean I was witnessing all of this... and it all came back to me just boom like that... but Parker it was so interesting. I had a hearing with my husband, that very day [01:20.23] **George Bush** was in town, my husband was in town. **My home was broken into when I was in court.** Very strategically, I was called by a marine colonel named **Jack** who is very involved with the maritime shipping business and he knew that I know a lot about that. He called me and invited me as a guest of his to attend the George Bush huge banquet with [01:20.55] **John Warner... while my house was being robbed, my car was sabotaged** that day **and guess who George introduced to George Bush... T Parker Host.** Now he made it to the big time."

01:21.17 Pastor Strawcutter – "**Alexander Haig** he rose from nothing to top dog overnight that's because he's in the Club."

01:21.30 Kay Griggs – "Oh of course he's in the Club. Now how he's in the Club... you see"

01.21.32 Pastor Strawcutter – "Now, all these guys..."

01.21.33 Kay Griggs – "**Heinz Kissinger**... oh I have a story..."

01:21:37 Pastor Strawcutter – "**Oh we all suspect Henry's a queer.**"

01:21.39 Kay Griggs – "**I have a first hand story from Bob** who was there in **Cambodia with Heinz.**"

1.21.46 Pastor Strawcutter – "You call him Heinz."

1.21.48 Kay Griggs – "Henry... Heinz, his real name is Heinz from **Heinz Kissinger.**"

1.21.52 Pastor Strawcutter – "Ok." [long pause of irrelevant talk]

1.23.21 Pastor Strawcutter – "We'll get back to Kissinger later but... George Bush..."

01:23.28 Pastor Strawcutter – “So George Bush and all these people rise the ranks are in the same club. I saw a little TV clip one time when a reporter was asking George Bush and others about the [1.23.44] Order of the Skull and Bones. All these guys were shocked that someone even mentioned the term.. and they just wouldn’t discuss it at all. George flat out said it’s just not to be discussed... if this really got out that these guys are all inducted because they’ve got some sort of homosexual thing on them...”

01.24.12 Kay Griggs – “Right... indoctrinated.... Or induction. They have to do that in a coffin! Its even now coming in to the military totally. The chiefs do that, they put them in the coffin, they do the bowling ball trick, when you get your Eagles, that’s a German thing it’s what the German High Command did and most of them had boyfriends and stuff. The Krupps and all that. 1.24.45] It is a German thing that they say goes back to Greece and it’s all the male marine looking men that they do it with. So now the chiefs have to do that. George said its like a zoo. They get everybody really drunk. They sometimes call it [1.25.08] “Dining In” or [1.25.10] “Shell Back”. Not everybody does it, but the ones that do it, if they do and they’re young, they get right to the very top.”

1.25.24 Pastor Strawcutter – “OK but what actually do they do?”

1.25.26 Kay Griggs – “Anal sex... They put them in a coffin and they do things.”

1.25.35 Pastor Strawcutter – “OK they do things and...”

1.25.36 Kay Griggs – “Yes, while they’re all down there getting drunk.”

1.25.38 Pastor Strawcutter – “OK so there’s a guy in the coffin.”

1.25.40 Kay Griggs – “Yes and he is the one who is...”

1.25.42 Pastor Strawcutter - “...is the recipient of all the acts. We can probably say it to conclude that they are oral sex acts or something like that.”

1.25.48 Kay Griggs – “Yes oral and anal... whatever... but...”

1.25.52 Pastor Strawcutter – “But what’s the significance of the coffin?”

1.25.55 Kay Griggs – “I don’t know.”

1.25.56 Pastor Strawcutter – “Mystique about the Skull and Bones?”

1.25.58 Kay Griggs – “What’s interesting is now the young SEALs Delta Force, the ones who go from Army to Buds, the Buds training Seals...”

1.26.15 Pastor Strawcutter – “Buds?”

1.26.16 Kay Griggs – “Buds is the emerging Seal group and they have to break into houses their training exercises is to **break into civilians houses.**”

1.26.20 Pastor Strawcutter – “They’re Budding SEALs.”

1.26.21 Kay Griggs – “Yes. Budding SEALs. **They have to break into houses. Their training exercises is to break into civilians houses.**”

1.26.29 Pastor Strawcutter – “For practice.”

1.26.30 Kay Griggs – “For practice. They broke into my house. When **George** and I were first married, I had many underwear lingerie I had lots of... you know, I didn’t buy much but it all disappeared. **And then when the psyching was beginning, I had white blouses but they all had a black dot on them.** I would say George, here’s another blouse with a black dot.”

1.27.03 Pastor Strawcutter – “It was just a little message?”

1.27.04 Kay Griggs – “This was somebody’s message... you know. Or I would, **after George left, it was batteries in a drawer, you can’t tell the Police I opened up a drawer and I had 6 batteries and now you have 50 batteries they’re going to say well of course you’re crazy.** I started my little Saab with a screwdriver and I was always looking around for screwdrivers. Well **one day I came home and there were about 12 screwdrivers on the table neatly placed.** Well you can’t call the Police and say “I’ve got 12 screwdrivers. You can’t tell people that you’ve got white dots on all your blouses. And then, **I called the police the first break in which was the night of March 4<sup>th</sup> the night before I went to see Gen. Joy at the Marriot. Well I had already called the police when I was battered, because I was bruised I made OJ’s wife look like Marilyn Monroe. And I was doing this because I thought it would help him, you know I’d had 45s held to my head and he’s laughing and he’s strangling me and he put his finger on my jugular vein and he would just say “now don’t you dare move.” Or I’d be lying in bed and he would do a jab. He’d just push me off the bed.** You can’t believe what horror I went through to try and get this man to understand what Christ’s love was about. You know, people say oh well you should have left... well, I took my marriage vows seriously, I knew he was injured psychologically by the war, by whatever he was made to do. So I mean I’m fine. I just sacrificed a lot. I was in a big wrestling match with a crazy guy but I still love the little boy within. He’s very vulnerable. Anyway, I called the police after a number of little break-ins and guess what... **the policeman they sent was a little short guy, short hair cut, whose name was [01:29.27] Shortie Satterwhite and Shortie Satterwhite was saying oh now Miss Griggs you’re just making this up, you’re just traumatised your husband’s gone... I found out he was a 20 year marine... and not only that theres another part of his life... but that’s ok he’s a nice guy. But he is a marine.”**

1.29.57 Pastor Strawcutter – “And he takes orders.”

1.29.58 Kay Griggs – “Of course he does. He’s still reserve. So... I think ok **I’ll call the FBI you know, let them know what’s going on about the FISA Court and because I’m talking about Colby.** Maybe they think I’m a threat because I know all these international people. So I’m just going to call them and tell them what’s going on. So I called [1:30.25] **Torrance who’s the head**

of the FBI and he's too busy, so he sends this guy [01:30.32] **Dan McNally** out and Dan McNally is a very nice guy and he has this girl interview me and I type out about George's history and what I know, **guess who else is a 20 year marine... Dan McNally** (and he's not married either... but that's alright), it just so happens that Dan McNally's best friend who is from N. Carolina and never married, is the best friend of [1:31.17] **Fred Hense** who took me to Mahi Mahs where I **had the two death threats** who was graduated from college in 1959 he was in Intelligence, **his father was a German high part of the Kaiser's elite group, he was NATO Colonel** which I thought was pretty neat so they knew the profile of what I liked... **he was also an existentialist.**"

1.32.07 Pastor Strawcutter – “Now, for all our viewers that don't know existentialists you mean...”

1.32.12 Kay Griggs – “An an existentialist, according to my husband, he is one, **Fred Hense**, all of them according to my husband all these people are existentialists. They believe in doing whatever it takes. It doesn't matter what the law says. **They will do anything necessary to get what they want politically and economically.** In other words, **killing a leader, killing 20 people according to George is a lot better than war**, this is the way they rationalise it... you didn't used to kill women and children in war... when the British Army... when they were pure kind of... **I think Dresden they did do some of that** but that was [01:33.05] **Walt Whitman Rostow's crowd** and he is a very dangerous man, because **Walt Whitman Rostow is a Communist.**”

1.33.16 Pastor Strawcutter – “And in what capacity is he””

1.,33.17 Kay Griggs – “Oh he was one of the **wise men in Kennedy's administration.** **I think he was responsible for the movement that got Kennedy murdered.** **I believe it was an Israeli group which did it with some of these rogues.**”

1.33.36 Pastor Strawcutter – “Now when you mention wisemen, is this an insider term?”

1.33.38 Kay Griggs – “Wise men... yes. **Kennedy's wise men were guys such as the Harvard crowd**, he was trying to bring them in to change things around a lot [1.33.57] **Walt Whitman Rostow** was the one who got us into the [1.33.58] **Vietnam war** as he wanted to sell weapons and stuff... he and [01:34.04] **Victor Krulak who is the present Commandant's father Krulak was his lacky, Walt Whitman Rostow's lacky** went with [1.34.22] **General Taylor** and wrote the report that got us into the Vietnam war and all the time that the Pentagon was saying no no no no, he was a cheerleader for the weapons sales, [1.34.38] **he and Henry Kissinger, Walt Whitman Rostow,** [1.34.44] **Eugene Debs Rostow these were Communists**, and **his son or his other brother** runs the **big Boston mob** and the Port there his name is [1.34.02] **Nicholas Rostow** with the Weld [1.35.05] **William Weld**. They've done all that drug business with **Mexico** for years. **They had that Russian**, you know the one who was murdered by the assassin Ramon (**Jaime Ramon Mercader del Rio Hernandez**) you know he was the competitor of Stalin's competitor he escaped... [1.35.33] She says Tolstoy but means Trotsky] **Trotsky he became a Christian** at the end and **you can't become a christian, thats a death warrant. So they killed Trotsky** because he was becoming too... I don't know the whole story, maybe I see the wrong picture there... **Trotsky was killed by the same Parisian Spanish Czechoslovakian Georgian Russian group which are all part of the former** [1.36.11] **Abwehr.**

[Break discussing that its not Tolstoy its Trotsky]

01.38.03 Pastor Strawcutter – “We were talking about the wisemen and the Rostows...and”

01.38.05 Kay Griggs - “**William Weld, Mexico** and the involvement of the **Mexican government** and **Trotsky**. **This group which was run from Paris** and is still being run from **Paris** it's a **Revolutionary terrorist group** which is controlling these Marines and Army... **Stiner's group, they all operate together**. The man who started all this program during **Vietnam**, used **communists** who were in the **Spanish Communist movement**. They actually promoted **communism** in the **OSS** which was started by this [1.39.08] **William Donovan**. So they were promoting and using **communists** who were actually wanting to get rid of our form of **government** as a stepping stone to **world domination**. So this group now in the Army and in the Marine Corps has **communists at the very top** who are really **existentialists**, which means they don't believe in God, they don't believe in Christ.. they live for the moment. They believe in **one world which has no religions in it**. They're the ones who put **Napoleon** in power. They're the ones who put **Oliver Cromwell** in power. They're the ones probably actually behind the **Roman Empire** and **Egyptian Empire** they **put puppet people in power and they actually run it from behind the scenes**. Now **Trotsky** as I understand it **escaped from Russia** he had become a Christian I understand and was working with [1.40.22] **agents** in the **United States**, [1.40.24] **Israel** and he was considered a threat so he had to be silenced, killed. There's an excellent book which I have called **The Mind of an Assassin** which is about the background of **Trotsky's assassin** about a young man named [1.40.52] **Ramon** [Brendon I have this book if you need it, his name was **Ramon Mercader** (has a pseudonym Jacques Mornard] about a young man who was trained he was **Soviet paid**, I think he had experience in **Spain**. They organised it in **Paris** I believe and of course up to the present time there have been **assassins operating out of Rome, Milan** in particular, **Naples** and **Paris** and these are [01:41.32] **all anarchists, all mob related they use mob funding** and of course drug money to pay for the weapons which are brand new weapons, [1.41.48] **the Bosnian war is simply a stage to train assassins to be a market for brand new weapons**, to be a market place so that the drug money can be used and the Army runs the whole show... [1.42.09] **CIA is a bogus thing, it's training in doctrine command, its** [1.42.17] **NATO its SHAPE (Supreme Head Quarters Allied Powers Europe) started by Eisenhower its a totally independent corporation its main function is to sell weapons and launder money its SHAPE.**”

1.42.32 Pastor Strawcutter – “You're talking about the CIA.”

1.42.34 Kay Griggs – “No... **I'm talking about SHAPE. The CIA is bogus.**”

1.42.37 Pastor Strawcutter – “That's the trade name for...”

1.42.41 Kay Griggs – “The CIA is just to get us off the track... It's all being done by **Army people** who are **now joint** because the word joint comes from the group that brought over a lot... a lot of good people came over, but they came **illegally to escape Nazi Germany** and stuff. I don't know much about it but I do know that the funding organisation, or one of the funding organisations was run from New York and it was called **The Joint** and [1:43.20] **Meyer Lansky** you see our mob, the organised crime... the **Jewish kabbalist** group who don't believe in God... well they do but they look at God as a **Kabbalah** kind of thing that opposite of good is bad and [1.43.34] **they have to**

**get rid of all the good people and kill them and they really do this...** they're killing people who are good on purpose and they get brownie points from their cult... **this funding group** in New York they would pay for passports which were illegal. In fact my grandfather was involved with that, that's how I know so much about it because **my grandfather was told to keep silent and not to tell anybody but of course he told my grandmother and my grandmother told her children who told me**, everybody knows that [1.44.15] **they brought in more than 200,000 Nazi soldiers and SS, and whacko scientists and psychologists** and all of them, **most of them had the German disease** because it was their culture."

1.44.31 Pastor Strawcutter – "The German disease?"

1.44.33 Kay Griggs – "Yes. The German disease is what the [1:44.39] **Pink Triangle boys** were... **Colonel Ron Ray** writes about this. He's a marine colonel who's a Christian who's writing about the Cherry Marines **the homosexuality and the group sex orgies and so forth which brought down the German government** because [1.44.55] **Naples, which is where all of the Navy is doing their playing... today in Naples these orgies are going on.** It was where [1.45.09] **Krupp** the weapons manufacturer used to take their German high command and they would go in to the [1.45.15] **Isle of Capri into the blue grotto** and they would have big orchestras and they would bring in **little Italian boys who would be raped** they'd give them trinkets and of course the mothers gradually found out... and just like me, it was ok when there was one of me but now there are a lot more of us wives who are talking and telling truth and it took those Italian women who went to newspapers in Italy, they wouldn't listen but when they went to the wives of these men in Germany it brought **it all out and the German government down because they were duplicitous in it but what they were doing was pedophilia** raping bringing in little boys involving Catholic priests but what happened was [Project Paperclip 1.46.27] **this whole group came over to the United States** and they **its an old culture** but **it is the reason there are a lot of things going on with children these days** and it explains why its all being covered up because if you've got Police Officers who are playing these games... going into the woods and playing this game... what's the game? [01:46:56] **Even[Ike masonic name meaning Oak in German... Oak and Ash trees[K provide info]] Eisenhower played these games and Mike Kemp [related to Kemp of Atlantic Council maybe?]**... its called the Hermitage... in California."

1.46.58 Pastor Strawcutter – "The Hermitage?"

1.46.59 Kay Griggs – "Where they all run around drunk."

1.47.02 Pastor Strawcutter – "Bohemian Grove?"

1.47.05 Kay Griggs – "That's it... **the Bohemian Grove** in California"[K get best footage of ceremony].

1.47.09 Pastor Strawcutter – "Rather than Hermitage is it..."

1.47.10 Kay Griggs – "Bohemian Grove, that's the name of it. And there was a **big one in Washington** called **Rush River Lodge** where they used to all go and there are lots of places now. The problem as I see it is that I think **they're trying to destroy America** and the **basic Protestant**

Christian culture because **where you have a militaristic society where the rules are only for those people** and keep in mind that [1.47.54] **Meyer Lansky** and [1.47.55] **Lucky Luciano** and the other man, they chose to go to Italy. **Luciano** chose to go to **Milan**, he wasn't banished to Naples and Milan **the two top mob families went there because of the weapons industry... they're selling weapons, that's what the military is doing... it's totally controlled by the mob.** [1.48.31] **Weinberger** was **Gen. Douglas McArthur's...** he spied on [1:48.40] **General McArthur** in **Korea** who was McArthur's nemesis was none other than little old intelligence... I'm going to tell every move you make... **Weinberger** but he did it, every move he made he broadcasted it to his intelligence network. And he got brownie points with the group because he got rid of the big lion. When you get rid of a big lion like that you get a big job. You've done good work. **They needed to get rid of McArthur because he didn't want to keep the wars going... he wanted it over.** It's like [1:49.26] **General Trefry** who took over when the **Vietnam war** was over and he was on **C-SPAN** in August of 1996 with [1.49.37] **former Ambassador Whitehead** and a few of the other the State Department Vietnam people, **Gen. Trefry** he had been holding this in for years... he was on C-SPAN. This man let it all out he said **I took over at the end of the Vietnam war and I was in control so I said cut off the shipment of weapons so I told the Pentagon to cut off the shipment of weapons and [01:55.46] he got a phone call from Henry Kissinger saying the weapons are going to continue at the wartime rate.** Now that's when all this stuff with **China** started, well it started before then because already the **communist agents the New York, Brooklyn, New Jersey mob were already training Mao, [1.50.52] Mao was trained in Paris** [Sydney Rittenberg was one of the trainer... the book The Man who Stayed Behind I think its called] so was the one in [1.51.00] **Cambodia** the one who was [01:51.09] **Pol Pot** he was turned **homosexual by priests,** they were wonderful little boys sent there **"turned"** which is the word when they believe their mothers and then all of a sudden the world is horrible and then they have these wonderful friend who are going to make them leaders... **they're turned psychologically. It's a pattern...** and so this is why its so important to know **what they are doing to innocent little boys in the Army and the Marines Corps today. Why are they having them go together in groups and striped nude when they are new inductees?** Why do they do certain things in public in front of the group?"

1.51.53 Pastor Strawcutter – “What they even do that during the pre-induction physical?”

1.51.56 Kay Griggs – “Yes, and they also have the doctor...”

1.51.59 Pastor Strawcutter – “That’s why I didn’t want to go in the Army.”

1.52.01 Kay Griggs - “But they also turn around the other way after doing that, they other way and then they are upside down... and then they do this... anally. Now... **Why do they do that in public, why are the urinals all out in public without separate stalls. If they're not promoting this?** And then why is it that the ones **who are this way rise up faster than the ones who don't?**”

1.52.37 Pastor Strawcutter - “Because there’s someone there noticing... those who are...”

1.52.43 Kay Griggs – “Vulnerable.”

1.52.44 Pastor Strawcutter – “Vulnerable... I was going to say rising but that wouldn't be...”

1.52.48 Kay Griggs - “**they’re called “Rising Stars”** that’s the word the State Department uses for those who are controlled and when I was volunteering with the State Department as an escort in Virginia I had this group called VIVA, Virginia International Visitors Association and I tried so hard to get to be a part of the State Department family **but you know I’m a Christian Protestant see and they don’t want Christians in there!** My goodness, I couldn’t be a part of that, they sent me people but I never was a part of it even though they sent me lots of dignitaries.”

1.53.51 Pastor Strawcutter – “Did you ever have any contact with Madeleine Albright?”

1.54.03 Kay Griggs – “No, I lived with **Sarah McClendon** for about six months, and Sarah is a Democrat. I was a Republican all these years. I was married for 21 years to a democratic governor’s grandson. It was an arranged marriage so I knew a lot of the high level democrats who were really sort of conservative, its hard in Virginia they’re very conservative. So when I stayed with **Sarah McClendon** I had become a Republican and **Sarah told me a lot of what was going on in the White House from her insider perspective which totally challenged my perspective on everything. [1,54,57] Ron Brown was murdered, for example, [1.55.00] Vince Foster was murdered, Falstaw was murdered.”**

1.54.59 Pastor Strawcutter – “This would be a good place to pick up though, **Ron Brown, Vince Foster... I think Foster had a Marine Corps background. Is that possible?”**

1.55.21 Kay Griggs – “**I think so he may have. I bet he did. That would fit right in. Oh yes, oh yes... because Nussbaum’s office was right across the hall...**”

**End of Part 1 - To be continued...**

## **Part 2 Transcript**

00.00.22 Pastor Strawcutter – “Your husband would get into these drunken stupors and he would start running his mouth and start telling you all that he knew. What did you find that was some of the most stunning revelations that came?”

00.00.38 Kay Griggs – “**Besides the fact that he admitted he couldn’t be a Christian and was an Existentialist** and explaining what existentialism meant to him which was startling to me. The other parts of some of the things he told me which really startled me and frightened me was his attitude towards murder which was that **it was not murder because he said emotions are not involved.** He told of his calculating view of the destruction of innocent human beings meaning nothing to him having absolutely no feelings about ordering others to do that.”

00.01.30 Pastor Strawcutter – “Now did he ever carry out murders himself do you think?”

00.01.32 Kay Griggs – “**Oh of course, yes. In fact he told me about Malcolm Kerr’s murder.**”

00.01.38 Pastor Strawcutter – “**Malcolm Kerr was a British double agent who worked in California. He was one of these joint intelligence operatives who worked for both sides. And he had been in California but he was doing intelligence work in Beirut undercover.** He was the head

of the **American University of Beirut AUB** which is in Lebanon. Now my husband was the liaison between the White House and **President Jemal the brother of the first president who was murdered**. My husband was involved with assassinations and operations. He was very upset with Malcolm Kerr because **Malcolm Kerr refused**, although they were already there, **the marine snipers/the assassins who were under my husband and Gen. Jim Joy and Al Gray of course, were hiding in the dormitory at this university** and of course **Gen. Gray, Gen. Krulak, Gen. Wilhelm, now [00.03.12] Charlie Wilhelm was there**. He is now my husband's **"special boss"** and they were under cover there and **they had Malcolm Kerr murdered, simply because Malcolm Kerr would not allow the marines to stay in the dormitory**. Had I been Malcolm Kerr, I would not have wanted rowdy marine assassins living in a dormitory with children essentially. **Adolescent young children having... you know with their perversion and some of their... behaviours.** So he was put away for that very reason George told me. Then there was **Dale Dorman...**"

00.04.00 Pastor Stawcutter – “Did he give you any details about how he was killed?”

00.04.02 Kay Griggs – “No, he told me that he had to be gotten rid of because of that. He then said that... now this is interesting... [00.04.17] **Mary Clark Yost Hallab. My husband is handled by her. She is an American double agent who was put on my husband's case because she could handle him. They had an affair when my husband was first married.** I found out about it because she called the house after we were married and wanted to talk to him and I found in his papers a photograph of her and her bio and all kinds of information on her, and her address in his address book and I want you all to see that in this movie. I have a photograph of her. **They had a long term affair the whole time he was in Beirut whilst she was married to an Arab intelligence double agent who was underneath Malcolm Kerr and who took over when Malcolm Kerr was murdered by them.** So what you have here, is a favour essentially done to Yost, **she was Yost she is from Louisiana, Baton Rouge, New Orleans.**”

00.05.45 Pastor Strawcutter – “How did she enter the intelligence picture. She was recruited from school?”

00.05.47 Kay Griggs – “Well, yes she was at.. trying to think, I have her bio. English major, written books on British literature, **Phi Beta Kappa, she went to the American University in Beirut, she married an administrator there... because of her position, you know, they love the mixed marriages.**”

00.06.23 Pastor Strawcutter – “Mixed marriage in the sense of...?”

00.06.25 Kay Griggs – “**For the double agents. If an agent marries an agent...**”

00.06.29 Pastor Strawcutter – “From another country...”

00.06.31 Kay Griggs – “Yes. They love that... **the intelligence community love that. The State Department loves that.** And I was mentioning earlier about the State Department. That when I was living with **Sarah McClendon** helping her in 1986, I went everywhere she went because she's **the Senior National White House correspondent.** I went to the State Department one day

because **I was curious why there was no peace in the Middle East** and I wanted to go to what I thought was the Middle East Department. There was a group of students and I got a Press Pass ostensibly to go in and interview them. So I left them and meandered up to the Near East Section, and I had quite a few hours and I thought they were going to say... what are you doing here because all the doors were open. They had these little buttons on each door you know they could have closed and you could have had to have known somebody somebody to get in which I think is terrible and for the American people to not know and not be allowed in to the State Department without a special pass. If I hadn't had been living with the Senior White House correspondent, I as a citizen, would not be welcome at the State Department. Now if they're interested in peace then they're certainly not showing it by the close door policy. So I went in and there were about eight or ten offices I went into every single one. I was looking to find out who the leaders were. I knew about [00.08.26] **Aaron David Miller**, I knew about [00.08.31] **David Satterfield** who really wasn't David Satterfield. **His family were Zionists who changed their name to David Satterfield who was a Virginian Senator back in the 1930s who had a wonderful name. It's like Jonathan Pollard he took the name Pollard which was from Governor Pollard.** I was married to Governor Pollard's grandson for 21 years. They take the names of honourable people and then they're not honourable."

00.09.01 Pastor Strawcutter – “And what was his name previous to all that?”

00.09.03 Kay Griggs – “Now **Aaron David Miller** I think that is possibly his name, it **might have been Mueller** and I'm not saying that just because they change their name they're bad. But what I am saying that there is this idea... go ahead and change it and be somebody else... kind of a snake changing colours for the moment, not being honourable and truthful. Saying my family is Resinski... heck I'd be Resinski. I'm the 8<sup>th</sup> Kathrine in a row from Scotland it's ridiculous. My daughter's Katherine and my grand daughter is Katherine. It's a family tradition. It's weird but we're happy with that. So David Satterfield... **the reason I went there was because in the Spring I went to a dinner or luncheon with the World Affairs Council had in Norfolk and he was speaking** and I am very interested in peace because as a Christian I want it, I know it's possible if people are reasonable. **And this talk that David Satterfield gave, there were probably 20 mentions of Israel to 1 of the Palestinians. He was extremely biased and arrogant.** It's the arrogance that bothers me because you can't have peace, you can't have justice where there's imbalance. And even that comes from the Greek Furies, you know the female that holds the justice. Women understand balance and justice and mothers know if you show favouritism towards one child the other child is not going to be normal for the rest of their life. So a wise mother is fair and tries to be balanced as most mothers do. **Well, after hearing the bias and then seeing other people who were involved at the State Department in Norway when I went there when my husband was doing some weapons deals with [00.11.30] Newt Igham and some of the State Department people under the table when we were supposedly going to Moss for the Mayor and her husband and George were doing some deals he's a pilot, there's a lot going on between Norfolk Virginia Beach and Norway... weapons deals and so forth.** That's what they set up in the Spring of 1995. **So I went into the State Department Near East Section and found there was not one single Palestinian, not one single Moslem religious Saudi, Jordanian not one Christian Protestant, not one Roman Catholic, not one plain old American... every single person in all of those offices were either Zionists, Israelis whatever and they had pictures all over the wall of Israel Israel Israel. They had magazines Israel Today,** I was given a copy of one and there

were yamulkes and the Israeli writing in other words. I asked one of the women after having gone through four or five of these offices because I was pretending like I really wanted, **I was just kind of wanting to know where the Palestinian office was and she said... “Well we handle all of that.”**

00.13.27 Pastor Strawcutter – “And this is the State Department, the...”

00.13.30 Kay Griggs – “Near East... the part that handles Israel, Jordan, all these...”

00.13.35 Pastor Strawcutter – “Egypt.”

00.13.36 Kay Griggs – “Yes. The Near East section.”

00.13.39 Pastor Strawcutter – “**It was just totally dominated by Israeli...**”

00.13.44 Kay Griggs – “Totally, totally and at the time the **spokesman I can’t remember his name, he was a Zionist, the Spokesman for the whole State Department.** Of course we know that... and I’m not saying that **Madeleine Albright** is doing a bad job because I feel as her being a woman that she is definitely a lot more balanced than [Caspar]**Weinberger** when he was there, [Lawrence Sidney] **Eagleburger**, [George] **Shultz** or any of them, because I feel as though she’s trying to do it but she’s not strong enough. There needs to be fairness in the State Department because **all the weapons sales under the table are going through the State Department.** That’s why [00.14.36] **Ron Brown was murdered.** Ron Brown tried for the first time to take away the **unfair State Department monopoly on illegal weapons and drug deals.** The drug money is paying for the weapons. **Brand new weapons are sold by agents of Israel and this State...**”

00.15.04 Pastor Strawcutter – “Is this a conclusion you have drawn based on your knowledge of this?”

00.15.06 Kay Griggs – “Yes. [00.15.08] **Manucher Ghorbanifar**, it was either he or... my husband worked with him. **My husband was the one who was Chief of Staff under Al Gray when [00.15.27] [Oliver] North was moved from the Atlantic Command to the National Security Council.**”

00.15.34 Pastor Strawcutter – “**Ollie North.**”

00.15.35 Kay Griggs – “**Ollie North. When you work in the White House... you work under the Army.** The marines have no over law as such. They can float, they can be truck drivers and still be 4<sup>th</sup> Marine **but they’re run out of New Orleans just like Oswald was.** You see **Oswald was homosexually recruited** by [00.16.00]**Clay Shaw, David Ferry**, you know that whole New Orleans... **Meyer Lansky’s guy Jack Rubinstein who was Jack Ruby.** See **all the funding for these operations go through the Joint the Mob** and Oswald’s mother had moved to New York and he had gotten under this **Zionist psychiatrist**, I can’t remember his name, then he came down to check on him, he was brilliant but he wasn’t motivated, he wasn’t told he was special... his dad died, or whatever you know. **His father was I believe a German soldier.** But the point is Oswald

was a loner, brilliant, and a perfect candidate. He and my husband's profile are just... in fact they almost look alike.”

00.17.06 Pastor Strawcutter – “You mean in terms of their background.”

00.17.08 Kay Griggs – “**Psychological profile...**”

00.17.09 Pastor Strawcutter – “Not their physical profiles.”

00.17.10 Kay Griggs – “Yes, even they look a lot alike.”

00.17.13 Pastor Strawcutter – “They always alleged that he had a double...”

00.17.20 Kay Griggs – “Well... this is interesting. **My husband... when I saw him in June after his having lived with me that Fall, he was different, a different facial everything...** than the man I married. **The man I married and the man I saw in June one and the same, he had a fuller face, the mouth was fine. The man that I was with... I know, I felt that it was not the same person.** Now I don't think he could have gained that much weight in just a few months, because he was very thin... now I could be just... but women sense things... I don't know how to explain it. I talked to a good friend of **Marina Oswald's** who knows that her husband was a patsy. **I talked to another woman in El Paso who was in the book The Widows, whose husband was a Czechoslovakian, whose father and two brothers had come over here as mercenaries like all of these young men are still doing today and the father sent for the little boy and his sister.** The mother was back in Czechoslovakia. Evidently, she had had an affair or something, but she was banished. I think they do this on purpose though. Because I'm finding that **the boys identify with their mothers, they don't bond so much with the fathers** and they are their mother's keeper in that country. I've talked to an **Indian who had this situation, a little boy from Haiti and a young boy from Romania.** **Each and every scenario was the same,** the mothers were back there. **They were given five years to become an American citizen as they were mercenaries,** they were made to do things that made one of them cry on the bus. And he told me what was done when they did a hit, there was one man that did things that were just horrible and he said **I want to get out but I can't.** **And this is horrible to put young men who are strict Roman Catholics,** you know they had that background. **To bring them over here and make assassins out of them** or in other words, **to “turn” them in a five year period,** and for the tax payers to pay for this. **These young men are training with SEALs.** **They may have a mother who's an American and a father who's French** so they can go both ways and therefore they're not under the laws of the United States, so they can go and do the actual murders or whatever, and **in Oswald's case if you remember, he didn't have any problem getting into the Soviet Union,** and he went **in to the State Department** on a Saturday. The man **[K... who?]** who saw him was **a Zionist** he didn't even meet anybody else... special elite. **Then he went to [K where?] where there were a lot of Zionist intelligence elite group.** **The Georgian/Russians had...** because most of the intelligence people for a long time **were Zionists in the Soviet Union and in Germany** and... I don't know, but I know they recruited a lot of boys **at Eton and places like that homosexually in England** and then a lot of **them went to the Soviet Union after the doctors plot.** I think **Stalin** thought that **the jewish doctors were after him** or something, so in 1952 a lot of them **had to go away and they had some sort of a change** or whatever but what's interesting is that a lot of this played in to **George's...** tied

into my husband because **he was in the place, the Mecca for the Jewish intelligence, or the Zionists intelligence people in Princeton.** All of the **movie moguls, they started out in Princeton.** **Psychological operations from the nazi, whatever they came to Princeton sometimes Harvard** and they spread out from there... [J. Robert] **Oppenheimer...** its very interesting, that's where a lot of them were in Princeton. He was there of course well.. **he was born in 1937 in Atlantic City and then they moved to Lawrenceville but his grandparents lived outside of Princeton so he had a tie with him grandparents.** Then his grandparents moved out to California so he was really abandoned **from the time he was 13 and of course being under the influence of Charles Caddock who was the bodyguard for the Saudi's and teacher, and he controlled the power in the school.** Then **Chesebro, Headmaster Chesebro** of course gave **Charles Caddock** carte blanche. Why? Because the Saudis bought a bit mansion, **Russell House.** **Caddock was there with the Saudis alone,** and my husband was there part of the time using Saudi money. I mean, my husband was taught to fly a plane, he was taught to shoot, **they would get nude and run in the woods.** Even at Princeton his roommates told me that he would go out with these men. His first roommate said, because he really likes George, in those days he was very handsome. **His roommate of the first two years and who had been at the Hun, said that he had a relationship with a French teacher** who was **a Count from Paris,** who was the teacher's aid who helped him write his paper and who knew **Camus...** in other words there was a group, this young **French teacher who liked my husband a lot and helped him with his Thesis,** was also a friend of an **older French teacher who was a very good friend of Camus... and Camus was coming over to see him but he was married."**

00.25.20 Pastor Strawcutter – “Camus is?”

00.25.21 Kay Griggs – “**Albert Camus is an Existentialist writer** who believed in murder and you know, sabotage and he was also an Arabist... there was **Lawrence of Arabia, this group stuff was started by this small group of Kabbalists,** who were trying to take over the oil so what they would do was **they would find these Sheikhs and find whichever one that would go along with whatever.** Well the Brits were more interested in finding somebody who was fair... not necessarily like that but then there was a guy named [George Edward] **Moose** who was in the **American State Department** who tried to **poisoning... this Caddock** got in with the Saudi royal family, **the older/other brother who wound up getting it.** They had this house in Switzerland, **the Saudi royals had big mansions on Isle Rose is the place where Charles Caddock died** I understand. And my husband, according to the roommates one in particular who said **George never lost track, he always kept up with Charles Caddock.** Well **Charles Caddock** only died in 1994/1995. I only heard of him as a teacher in the first three years of marriage, but when was he writing him Charles Caddock? Charles Caddock and... **Alexander Robinson** was a marine, very handsome, young went to the Hun School and was in Saudi Arabia, in these places came fresh from there to **the Hun School.** Went to **Columbia University** as a history major, [00.27.58] **Columbia University is an Intelligence School** where for example [Bernard] **Nussbaum** went who was across the hall from **Vince Foster.** I believe **Esra Pound** went there but, in other words **Esra Pound knew too much so they just put him in St. Elizabeth Hospital.** It was a wonderful Virginian who got him out.

00.28.23 Pastor Strawcutter – “You know in JFK there was a scene which shows this homosexual... you've seen the movie JFK?”

00.28.31 Kay Griggs – “No.”

00.28.32 Pastor Strawcutter – “OK well I presume too much. There was a scene involving a Ferry and... who’s the other guy in New Orleans that...”

00.28.41 Kay Griggs – “**David Ferry and Clay Shaw. Clay Shaw was OSS he was also in Intelligence and he was homosexual. They did dress up.**”

00.28.50 Pastor Strawcutter – “Yes. And they were in that movie **[K name of movie?]** in complete drag in a really weird thing. I’m sure that struck a lot of people as very odd that they would be homosexual like that. But that act in the movie evidently very frankly brought that across.”

00.29.12 Kay Griggs – “Well, what’s interesting to me is that **this book The Widows has four spies/double agents who work for the United States and Soviet Satellites** or whatever, who were murdered and they worked for the Navy and the Army and one of them was a man who was murdered outside of the **Army’s Intelligence headquarters outside of Washington in a Holiday Inn** I think it was. And just before he was murdered **he called his wife back in El Paso and said “the Army is going to kill me”**. Well he was murdered and the Army did kill him.”

00.30.13 Pastor Strawcutter – “Now this is a fictional character or did it...?”

00.30.15 Kay Griggs – “No it actually happened.”

00.30.16 Pastor Strawcutter – “Oh so the book The Widows is not fiction then.”

00.30.18 Kay Griggs – “Oh no it’s all... [Anatoliy] **Golitsyn** the spy Golitsyn was in there. There were a couple of others... [John Arthur] **Paisley**, who was murdered almost like this other man in... **Paisley was murdered like William Colby. Paisley was also hanging around with homosexuals. He went to the Rush River Lodge. So did Bob Woodward.**

00.30.48 Pastor Strawcutter – “The reporter?”

00.30.48 Kay Griggs – “**Henry Kissinger** was a well known... **totally homosexual, not even both ways.**

00.30.56 Pastor Strawcutter – “And so his wife is a marriage of... sort of cover.”

00.30.57 Kay Griggs – “Oh of convenience... yes it’s... he might, you know maybe he’s discovered women late in his age... I don’t know but... no I heard through a very well grounded German that Henry’s best friend’s father told Henry to stay away from him and that’s why he left. The family were embarrassed and then **Henry moved to Britain where they did this** and then changed his name from Heinz to Henry. **And I interviewed a man named Bob who’s an Army enlisted person who told me about Henry in Cambodia. So he, up through Cambodia he was actually raping young men and of course that experience destroyed the lives of these five young men** according to the source. I mean he said he was crying and this man was a perfectly wonderful functioning young married man who worked for a newspaper on the eastern shore and had three young children. Went

to Vietnam as an enlisted man, was put in Cambodia which he said it was a lie living there, and **then he ran into Henry Kissinger or Henry Kissinger ran into him and did certain things to him invited him into his tent with some other men**, it was horrible, but he said it was wartime and so forth. He said, **you know, I could have taken manly if it had been a bunk mate or something but when its someone like Henry Kissinger who does it to you, you're ruined.** And this is interesting, and I really believe that Bob's right. **He said Kissinger said to him "If you ever tell anybody, ever mention it to a soul, this is the end of you. Don't you ever tell anybody."** Well when Bob got back he went to a special hospital and they wanted to keep him locked up for ever."

00.33.24 Pastor Strawcutter – "Bob?"

00.33.25 Kay Griggs – **"Bob. A lot of the other boys just... you know... my feeling is that he was flagged the way I was flagged** when **Gen. Gray** and **Wilhelm** had me flagged because I broke up the go go dancing in the Officers Club. I was labeled a trouble maker because I thought it was wrong for married men to be going out with topless go go dancers in the Officers dining room and I took pictures of it and my husband got really mad and so forth."

00.34.01 Pastor Strawcutter – "And these pictures they are still with you or are they missing?"

00.34.04 Kay Griggs – "Oh no... my husband, what happened... I had the pictures because he tried to grab the camera from me... I hid it in the women's bathroom and he tried to get it from me we had a terrible fight that night, he wanted the pictures. I prevailed, developed the pictures wrote a nice southern letter, wrote the letter to club manager saying I didn't think it was proper. I had four sets of the three photographs I took made, and I sent a copy of the letter and photographs to the Base Commander's wife and to the Commandant's wife, and it stopped. But I was flagged. But this was before Tailhook and yet instead of being congratulated for helping family values, for standing up for the wives, for showing the Marine Corps the proper place to have nudity and debauchery is not in the dining room of Camp Lejeune and **my husband said "well this is nothing compared to Okinawa you just have to get used to it"** he told me and I was a colonel's wife, these were young majors and they were seeing me being talked down to, what do you think it did to them? It demoralised them, the Marine Corps was demoralised, the wives's were demoralised and I did what was right and what Jesus Christ would have done. How can they call themselves Christian and condone, **how can Al Gray, Wilhelm and Cook and my husband condone this kind of behaviour and flag me as a weirdo. So there's something... and that's where I'm standing** I'm standing on what I know Jesus Christ would have done and if they want to continue to hound me because I'm telling the truth... well, that's just the way it is because I'm not going to lie and develop a different kind of personality just to please them. But anyway, that happened."

00.36.39 Pastor Strawcutter – "Well that's certainly honorable... So then **the book the Widows** continues with..."

00.36.40 Kay Griggs – "Yes. And **I contacted this woman.** There was a detective who had to be hired. She knew he had been murdered. The Army covered everything up. **She had an independent investigator** and the interesting thing which happened was, that she worked in a toy shop, this isn't in the book, she told me this over the phone."

00.37.13 Pastor Strawcutter – “This is Mrs...”

00.37.14 Kay Griggs – “It’s something like Klein [Sigler]... anyway, he’s a... I will think of it in a minute hopefully. But she worked in a toy shop and they were scoping her out. It was before he was murdered because she said she told her husband about this. George Bush and his wife came in to her shop and were looking at her. Now I don’t know what that means but... they don’t live in El Paso why... and he [Ralph Sigler] was doing all of the Russian Mexican Trotsky kind of work... this guy.”

00.38.17 Pastor Strawcutter – “And this is while George Bush was CIA director?”

00.38.21 Kay Griggs – “Right I believe he was CIA director then but the interesting thing to me was why would he scope the wife, why would he bring Barbara in? Did Barbara know... or was he just using Barbara as a... you know, but she was being observed and it was shortly before he [Ralph Sigler] was murdered. And I know that Parker Host, my husband’s friend has dealings with George Bush. I don’t know I know there’s a lot to do with oil and AramCo and Texas and all of that, I know its very complex but where I draw the line is murder, and assassination, and corruption and lies and deception and cruelty to innocent women and children in families just because they’re not elite. Just because Mrs Bush is in the Colonial Dames so is my mother.”

00.39.39 Pastor Strawcutter – Colonial Dames?”

00.39.40 Kay Griggs – “Colonial Dames is a very elite group of women, they think they are... who are descendants of George Washington’s Aids. They own George Washington’s ancestral home, Sulgrave Manor in Great Britain, they have Wilton in Richmond which is an old house that Lafayette visited. I know there’s a connection between Lafayette and masons, I know there’s a big mason contingent in the warfare selling group because the head admiral in Norway, Eygham... no not Eygham as he’s in charge of the prisons which have the drug lord. He’s running the drug lord out of his prison... he’s a friend of Georges. Newt Eygham (Igham) they were talking about this as though I would know about it. He has a house or cottage outside of Kolsas, Norway which is where they have one of their underground bunkers. They have one in Narvik and they do a lot of the cold weather training NATO does up there. But I know they’re doing weapons shipments out of Norway.

00.40.49 Kay Griggs - “This is interesting because they’re talking about having mercenary guys.

Like the executive decision or they’re hiring mercenaries, countries are but its not just countries, others are...

00.42.13 Pastor Strawcutter – Who’ve we got here in this picture?

00.42.19 Kay Griggs – “This individual here is his name now is **Rockland Williams** **[Rocklyn**

**Williams** <https://issafrika.org/about-us/in-memoriam/rocklyn-williams>][ **Wrote**  
**The midnight ride: Defence restructuring and lessons from the Erasmus purges**  
**(Occasional paper)**

by **Rocklyn Williams**

He’s a **South African “General”** who was with the **White Army in South Africa** who is actually a **double agent for Mandela’s forces**. **He’s an assassin a murder...**”

00.42.55 Pastor Strawcutter – “Did your husband tell you of any murders that he committed. Any situations like that?”

00.42.48 Kay Griggs – “Yes he stayed there with us. He was a guest of the State Department and **my husband** arranged (my husband...wearing a cap in the image). This is a girl in my church who I thought would be interested in going along with us that day because of the **South African/Mandela connection**. She’s another battered military wife who lost a child. She is a very bright lady. **Rockland Williams studied in Great Britain after this**. Got a doctorate. **He is very interested in Ireland I think he is basically part of the IRA underground**. His father interestingly enough, came over to North Carolina as one of the underground trainers during WWII. **They had a number of training bases for communists in this country** and his father trained and lived in North Carolina but was not from America which is interesting.

00.44.25 Pastor Strawcutter – “Alright we’re on the picture on the right an individual lying down... that’s your husband?”

00.44.30 Kay Griggs – “Yes **my husband** was a rage-aholic. **During Vietnam he had to kill a number of people lots and lots of people.** He was suffering from Post Traumatic Stress **Syndrome.** The interesting thing to me is that he **cannot control himself when he is drinking** and at odd times he goes into what is called a **berserk state.**”

00.44.54 Pastor Strawcutter – “OK so this is one of those passed out stages?”

00.44.55 Kay Griggs – “Yes and yet he was Chief of Staff of the...”

00.45.07 Kay Griggs – “This one is of me and Sarah McClendon and **Gen. Carl Mundy** who became **the Commandant of the Marine Corps after Al Gray** for whom my husband was Chief of Staff. This was at a party at 8<sup>th</sup> NI Street Marine Corps Commandant’s house it was a garden party for the Secretary of Defence.”

00.45.00 Pastor Strawcutter – “Is he a good guy or a bad guy?”

00.45.35 Kay Griggs – “**Oh bad guy, he knows whats going on and doing nothing about it ordering hits.**”

00.45.45 Pastor Strawcutter – “Where was this taken again?”

00.45.45 Kay Griggs – “At Washington DC at the Marine Corps Commandant’s garden party in August 1996. It was a garden party for the Secretary of Defence and for the **Marine Corps Commandant Krulak.**”

00.46.03 Pastor Strawcutter – “Who would have taken this photo?”

00.46.02 Kay Griggs – “One of the military photographers but they stole, I had at least six pictures of the garden party. Because they were coming into my house stealing pictures this is the only one I had because they didn’t want me to have any proof that I had been there but I was there.”

00.46.32 Kay Griggs – “This was a picture of my husband’s... supposed retirement from the Marine Corps which you never retire according to my husband you’re always a mercenary and you work under the **New Orleans 4<sup>th</sup> Marines** which are under a different kind of law than our country. **Napoleonic law is the law of Louisiana and my husband was always going down to Louisiana. They have a training school for assassins. They kind of hop around from Lake Pontchartrain to here and there.** This is **Gen. Al Gray** who was the Commandant of the Marine Corps at that time when my husband retired. **My husband was his Chief of Staff this is my husband George Raymond Griggs.**”

00.47.37 Pastor Strawcutter – “Who’s this one next to Gray.”

00.47.39 Kay Griggs – “That’s my husband’s son... he’s not quite right he’s a little bit of a... he’s not right.”

00.47.46 Pastor Strawcutter – “And the lady?”

00.47.47 Kay Griggs - “That’s the Commandant’s wife. He married her very late in life because **he needed a Third Star.**”

00.47.48 Pastor Strawcutter – “And who’s the Commandant?”

00.47.53 Kay Griggs – “**Al Gray** and her name is **Jan Gray.**”

00.47.58 Pastor Strawcutter – “Is she a good lady?”

00.47.59 Kay Griggs – “She has potential. She worked for him in his... see even when he was general **he ran an intelligence operation which was a contract organisation trying to hook politicians and get them.** What is the word... in other words...”

00.48.06 Pastor Strawcutter – “**putting them in compromising situations?**”

00.48.24 Kay Griggs – “**Yes. He had and still has, an organisation which brings in whores, prostitutes whatever you want to say, who will compromise politicians so they can be used. Jan worked for him in that organisation which was not part of the military.**”

00.48.50 Pastor Strawcutter – “**She was a hooker?**”

00.48.52 Kay Griggs – “Well I don’t know... she chain smokes and sleeps with the dogs but when his mother was ill when he was at **FLM Lant (Fleet Marine Force Atlantic)** Jan came to stay with his mother because she was on sedation and she may have talked too much to keep an eye on the mother and then he married her because **he would not have got his third star without having been married because he is a homosexual. He’s a well known group sex homosexual.** And that’s my husband and that’s me and that’s my son Garland, who’s now married and I have two grandchildren.”

00.49.42 Kay Griggs - “**This is a copy of my husbands diploma from the NATO Defense College at Rome.** He was in the fifty-sixth course there... **NATO Defense College which is part of the NATO North Atlantic Treaty Organisation.** He also worked for NATO when I was the board of the NATO Wive’s Club. This is just the **Norfolk Branch of NATO.** Some secret papers he had in the house of course. These were operations that were going on. Amphibious operations. Here are some landings in **Norway** and different brigades and names. This is an original of a memorandum from when he was at NATO. This is a funny picture. I had heard that **Marcinko** was going to be at a book signing and I was curious to know if he had ever known George and he did. **Thats a picture of me with Richard Marcinko.**

00.51.03 Kay Griggs – “**His father was of course one of these mercenaries who came to work for our country and if you read any of his books you know that they do anything they want, there is no right and wrong and then these guys are churned out... Now this I have in here because this is about the Royal Family of Saudi Arabia and my husband was... this is how my husband has got his power because my husband went to a private boys school on scholarship he was**

hooked the same way Oswald was homosexually and the three oldest Saudi boys were also hooked homosexually. The first one to come over after his uncle had been murdered... his uncle was a really good guy and he favoured the British. These sabateurs... these **Communists**...”

00.52.13 Pastor Strawcutter – “Now when you say uncle you’re not making reference to man from U.N.C.L.E. are you?”

00.52.15 Kay Griggs – “No **the uncle of the Saudi Royals**. But **Mansour** was killed. **It was Mansour who was poisoned in Paris** and my husband went to school with him. Now there is one of them involved with the Marine Corps.”

00.52.45 Kay Griggs – “This is the recruiter for my husband, I’m sorry its not a better picture but it was faxed to me and they took the originals, this was a copy of an old one. His name was **Charles Caddock** and he was a homosexual, **Borlan** was a homosexual. **Charles Caddock died in one of the Saudi mansions outside of Marseilles where they used to have the group sex orgies, a place called Isle Rose**. Then we get into the diary...”

00.53.34 Kay Griggs - "Oh this is one of my husband's friends who I talk to about some things that were going on he was on the ship with my husband. I met with **Ollie Wipple** now **Ollie Wipple was another marine an intelligence person** who told me about **Dale Dorman...**"

00.54.13 Pastor Strawcutter - "Do we have any pictures... what we need to produce here is pictures or documents that are significant in..."

00.54.15 Kay Griggs - "(sp?) my husband is getting mail for an **Inglehardt** and I know that there's a connection. **Money is being laundered.** This is a presidential citation copy of one for my husband, this number is important because this is not his social security number and you can find out a lot from that its **077670.** These are certificates for when he rises in rank. He went from Colonel all the way back."

00.55.37 Pastor Strawcutter - "Next step after Colonel is..."

[flicking through copies of notes etc.]

00.55.38 Kay Griggs - "General... he didn't make general because of his wife's mishap that kind of put him back a bit... no I mean his first wife... her death, which was not... here **he was with the U S Defense Liaison Group in Indonesia where they were training assassins in Timor. They have a little factory for assassins and terrorists that was started by Mountbatten.** This is NATO headquarters, oh... these are notes from a Marine Corps friend of his in Princeton who was in his class and he helped me a little bit to find out what was going on, but this is interesting in his handwriting because "Robinson says K has spoken of abuses George spending up to the limit \$33,000 on credit card he says an intervention often might be good. **JR (Jim Robinson)** is disturbed by Ks story. Well **who is Jim Robinson now but the head of the Justice Department Criminal Division.** They've taken the originals. **Mike Kimmel** was mentioned to me by **Jim Proctor** who has written this. **Mike Kimmel is the son of the famous admiral who was the head of Pearl Harbour at the Pearl Harbour bombing.** My theory is that these guys take the sons of generals and then they suck them in to their little thing. Jack Herman in dark. **Jack Herman** was my husband's room mate from Brooklyn **whose father was Barbara Streisand's doctor** and who is literally a basket case since he graduated from Princeton. **Siegal** is the president of the class. **John Wilhelm** I think he's related to **Charlie Wilhelm** **who my husband is now working for, he's in intelligence.** Yes we have a photo of John Wilhelm."

00.58.12 Kay Griggs "...murdered or something happens to me and Im really scared when I talk about this..."

00.58.23 Pastor Strawcutter - "That's alright the more you talk about it and the more people know the more safe you are."

00.58.27 Kay Griggs - "This guy his name is **V W Wooten** and his son **Wallace...** he said it was his son. This is his license number ZYF 3977 Chrysler Le Baron, Maroon. The time it was 5/30/1996 at 2.00pm until about 4.3pm in the afternoon. **They were parked there and on his clipboard he had**

personal data, he had a book entitled "Religions of the World" he was obviously studying Islamic religions because that was what the thing. Two Army pea green coats and his Curriculum Vitae and he had... "21 years of service with the airforce among the top...", I couldn't read the rest of that. "Experience 1992 to present: Chief of Security, K I Sawyer." "Commander of 350 persons provides protection, top secret security". 01.00.01 Pastor Strawcutter – "And that again was who?"

01.00.02 Kay Griggs – "He was guarding my neighbourhood."

01.00.03 Pastor Strawcutter – "**V W Wooten?**"

01.00.04 Kay Griggs – "Yes. [flicks through more of the paperwork] This was a letter from **Jim Proctor to Mike Kimmel** who was the son of the famous admiral, head of...**[K find out] Admiral Kimmel. World War II's the bombing of Pearl Harbour** and it says "It seems George has recently disappeared from home for a short periods. Kay is trying to talk to everyone she believes who knew George better than average both in reference to where he might be and perhaps, in a more important sense, what makes him tick. Apparently his pattern pre-dates their marriage by quite a lot. She's coming to Washington sometime the week of March 4<sup>th</sup> through the 9<sup>th</sup> but at a minimum she would like a call from you. Her number at Virginia Beach is that... I saw your picture in the 35<sup>th</sup> Re-union Book sailing off shady side bla bla bla..." Both of these were Princeton roommates of my husband. This is from the Princeton Military ROTC Book which has the names of the men who were commissioned in the Marine Corps at the time my husband was... there's **George Raymond Griggs** and there's **Jim Proctor** who's handwriting in letter to the other guy. And **Tom Lewis** I think is in there. [Flicks through further notes] This is a medical complaint after I was battered and beaten. I tried to get copies of my pictures, they wouldn't let me have them.

01.01.50 Pastor Strawcutter – "From the Medical?"

01.01.51 Kay Griggs – “Yes. [flicking through more notes] Oh... yes... I had so many break ins in my house and this was one (above image) and they always had a 20 year Marine as a police officer who would interview me and say there was nothing wrong, you’re just imagining it... **well this particular incident, they were SEALs dressed in black, they were amphibious men, my neighbourhood was surrounded by water and, not only did they break in at my house in my car** they were interrupted by a neighbour’s dog a doberman who chased them and they left my suitcase in **Judge Reed’s woods**. I guess they were intending to get it the next day or something. But the interesting thing is my neighbour **Mrs Linzy Cummings saw them and she had been noticing the white van which I had also been noticing in the neighbourhood** and **she had reported it to the police and they did nothing about it**. And the very day that we had a robbery, she said that they had tried to break into her house because her house looks on to my house during the day. Like the day before, and she talked to the same police officer and he didn’t even tell her there had been a break in at my house and not only did they break into my car, but they broke into my brother’s cars. There were all these houses around and they took some of my brother’s things. This is about what she described to me two weeks before the cars were vandalised. [continues to flick through papers] I had a lot of things going on in my house where they were going through and doing things. Oh yes... this is from the alumni list of Princeton... in other words **the Saudi Royals are in the alumni class list but they’re not in this particular one but if you call the Hun School and you get a list of the alumni you will find the Saudis are in there**. Now this, the [CFR list [gets book out Cheque Mate: The Game of Princes The New World Order: Dark Conspiracy or Benevolent Master Plan How it affects you and the sovereignty of America out, Kay opens it up at p. 307 **CFR/Skull & Bones/Trilateral members**] all of these members I’ve heard about or met some of them, my husband has mentioned. There are some of them that are Skull & Bones at the same time. The Yale leadership crowd, **Howard Baker, George Ball, Steve Bell** I know really well he is a friend of my former husband’s family. **Tom Brokaw**...”

01.05.36 Pastor Strawcutter – “Do you mention him in the interview at all?”

01.05.37 Kay Griggs – “No. **John Blum** we did mention. **My son is married to his daughter. John Blum is a Brooklyn Yale... his best friend is this Rockefeller guy.**”

01.06.03 Pastor Strawcutter – “His son is married to your daughter?”

01.06.02 Kay Griggs – “No. **His daughter is married to my son**. And they met... his father. **They’re jewish... part jewish**. What’s interesting to me is that. **You see I married the Governor’s grandson and my son is John Garland Pollard IV. You’re talking Old Virginia... I was like a brooding mare for him. I was a bird of Virginia... you marry this John Garland Pollard**. Well my son went to **Woodberry Forrest** which is where **George Bush’s son went and Oliver North’s son went**. My son was there for four years and he met **Alice Blum** who they had a place in Maine, they had a place in... there’s a lot I know about **John Blum** but I didn’t mention that in...”

01.06.56 Pastor Strawcutter – “**Tom Brokaw’s** name is in there?”

01.06.57 Kay Griggs – “**Tom Brokaw, Carl Fornow sp?, Jimmy Carter, Bill Clinton, Henry Cisneros, Dick Cheney... so forth, oh Hodding Carter** is a real close friend of my husband’s and a Princeton graduate.”

01.07.13 Pastor Strawcutter – “OK... hold that up...”

01.07.14 Kay Griggs – “**Hodding Carter**... and so is **William Crowe**.”

01.07.21 Pastor Strawcutter – “Now who is he?”

01.07.23 Kay Griggs – “**He is a Princeton classmate of my husbands who was a...**”

01.07.26 Pastor Strawcutter – “What does he do?”

01.07.28 Kay Griggs – “**Carter Administration, Intelligence. All are mostly Intelligence... and they’re not intelligent. Michael Dukakis, Angier Biddle Duke, Larry Eagleburger. He and Henry Kissinger were good friends. Jessica P. Einhorn [IRA]... oh no I didn’t mention him so I won’t. Forrestal... he’s the son of James Forrestal who was murdered. Ellen Frost I know her. Firestone. David Gergen.**”

01.07.57 Pastor Strawcutter – “Anyone that you mention in the tapes...”

01.07.59 Kay Griggs – “Lets see I will go real quick. [flicks through pages of book] I may have mentioned **David Hoops** but I don’t know. **These are just CFR people... Henry Kissinger.** Oh another good friend of my husbands is **Cord Meyer** and **Bob McFarlane. Pelletreau (Robert)** a real good friend of George’s. The **Pincus** family. Oh **Consuela Rice** (think she means **Condoleezza** as there is no Consuela in the book). The **Rostows...** these are bad guys major bad guys. **David Rockefeller is a friend of my son’s... he came to my son’s wedding.**”

01.08.52 Pastor Strawcutter – “David Rockefeller?”

01.08.53 Kay Griggs – “Yes. In Connecticut.. he lives in Connecticut. **George Schultz** really good friend of George’s and everybody. **He’s a big power guy.** He knows a lot. **He’s the one went to Clintons and told Clinton not to run and that they were going to get him.** They had a meeting and **Clinton threw something at him** and stuff. He called Sarah McClendon. Sarah was full of that story for a number of days. **Harry Train lives at the Beach** and I know him very well. **He’s part of the New World Order crowd... former. Strobe Talbot** another good friend of my husbands. **David Stockman.**”

01.09.36 Pastor Strawcutter – “**Dave Stockman** he’s a Michigan boy.”

01.09.37 Kay Griggs – “Oh. **Caspar Weinberger, Cap Weinberger...** thats another. That’s it.”

01.09.41 Pastor Strawcutter – “What about Stiner?”

01.09.43 Kay Griggs - “**Casimir Yost** I mentioned him... I’m sure that’s **Mary Clark Yost’s son.** Im sure... I know it. Do you know **Mary Clark**? OK that’s that. This I think is interesting... this is an **Intelligence and Electronic Warfare Operations FM 34-1 book** distributed by the Army and what it shows me **is how arrogant they are about subversion and deception.** In other words, this

is just a **regular field manual 1983** or whatever and deception is so important and deep cover operations...”

01.10.37 Pastor Strawcutter – “Open that up again where it says Deep Cover... let me get a shot of that...”

**Jamming the “Target”.**

01.10.38 Kay Griggs – “The things is **Special Operations** is what my husband was head of. The **electronic warfare** an important part of

**electronic warfare is deception and knowing everything about the person.** Not just knowing about the target... **now human beings are called Targets.** Women now are being targetted by the military wives like me so they will have a team finding out everything about my grandparents, my family, who my friends are... **to try to discredit me and of course everybody who is flagged who is a target they will jam.** Now “**Jamming**” is **the deliberate radiation or re-radiation of Electro Magnetic Energy to prevent or downgrade the reception of information by a receiver.** **Multi spot jamming is directed against more than one frequency.** In other words, **Ive had my Caller ID downloaded.** **Sarah McClendon** called my house and was told she couldn’t reach me. It was the military base. MED is conducted MED is **Manipulative Electronic Deception.** **Simulative Electronic Deception** is SED. MED is conducted by altering the Electro Magnetic Profile of friendly forces. It seeks to counter hostile electronic warfare and signet activities by **manipulating friendly electronic magnetic emissions.** This is done by magnifying the technical characteristics and profiles which would provide and accurate picture of friendly intentions by deliberately transmitting false information. **In other words they are interested in deception as part of their line of attack....** Ok... it just goes on and on and on.”

01.13.19 Pastor Strawcutter – “Then those single pictures you have.”

01.13.20 Kay Griggs – “Oh yes. He’s a real handsome guy. Now **his dad was a nazi soldier**... ok was with the big elite. Now here’s **Ken Millice** and his mother **Flo** from Santa Milo, Ohio, really nice. That’s the former Marine Chief of Staff while my husband’s wife was being put in the grave. These are some original letters that he wrote to his lady friend when he was married to his first wife.”

01.14.43 Pastor Strawcutter – “Now, the significance here...”

01.14.44 Kay Griggs – “**He is a Marine Colonel and was always there when George would disappear**. He was Chief of Staff. Then there’s his wife, his mother, George and me. The picture above is his first wife’s mother and his daughter and his daughter in law who I pray will be a grand-daughter in front of the doll house. [gets further photos out] This is his first wife Sue and dog. **This is George and his cousin Bob**... they’re big drinkers in that family. This is George in one of his rages... this is in the morning too without alcohol. Now I’m scared... you’re talking major injuries I’ve had. Broken bones and I reach out for help then I become the target. I risked my life taking the photos.”

01.17.03 Pastor Strawcutter – “Was he aware you were taking the photos?”

01.17.04 Kay Griggs – “Err... he was in a total unbelievable state. It’s called the beserk state.”

01.17.10 Kay Griggs – “This is him again. He would take a lot of the stuff and break cameras. I was just trying to get some help. This is the normal look...”

01.17.53 Pastor Strawcutter – “He has the look of someone who’s totally deranged.”

01.17.55 Kay Griggs – “Yes. This is the guy now working for Wilhelm in Florida. I mean giving secrets away are the least thing... [more images not of relevance]. More of George in his bedroom.”

01.18.27 Pastor Strawcutter – “in this photo he looks a little defiant.”

01.18.27 Kay Griggs – “Well I mean what’s he doing... its fine if he’s a nudist... its like I was married to a stranger. This is the George that I thought I knew. This one is at the Norwegian Lady statue. Another of George on Millice’s boat. Another of him passed out not eating for two days. He would lie nude in the yard.

01.18. Kay Griggs – “Now he had the **menage a trois, menage a quatre** with this couple... this is his wife Sue (right) who is with **Jim Earl** and this is **Nancy Earl** and George they would do the group sex, the swinging or whatever you call it... and I had lots of people tell me that, and yet he’s very trusted and they know everything.

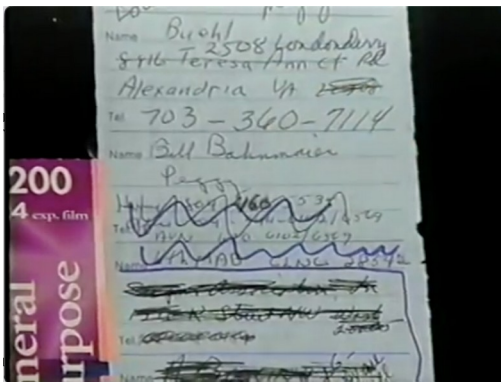

01.18. Kay Griggs - “This is another woman he was sleeping with in Beirut who’s husband is the Assistant Director of the American University in Beirut who was an Arab she was an Intelligence person and her son is **Cashimir**. This is George with his booze.”

01.20.58 Pastor Strawcutter – “He looks a little happier.”

01.21.01 Kay Griggs – “Oh he’s always smiling when he’s drinking. Bless his heart. Oh this was his secretary in Indonesia that... he and Amber Shoo’s husband and George would all sleep together. He went to visit her her parents in Australia. He told me about that. Now this one is **Louis Buehl** the famous General who was the one who was going to get him to be a general but Louis died.

01.21.59 Kay Griggs - “Here’s **Hallab’s** address that he had ripped up but I retrieved it. There’s Hallab and company. And these are some letters to **Amber Shoo**. That’s it.”

01.22.20 Kay Griggs – “And this was in 1993/94... November.”

01.22.58 Kay Griggs – “This is **Mr T Parker Host**, former assassin, friend of my husband’s. Owned one shipping agency when he met my husband. Knew **he was a friend of George Bush’s**. Wound up with eight or nine. Changed from being a Democrat to a Republican to introducing **George Bush** in 1996 when he came to speak at a banquet that he arranged ostensibly for **John Warner** but they did a fund raising thing you meet **George Bush and Barbara** pay \$1000 to meet them. He’s a group sex and a nudist... his sons are real messed up but he’s my husband’s best buddy. And that photo is at his farm. And we would go to the farm and **George and Parker would go out on the boat for two and three hours** and I would think what’s going on.

This is **his wife Ann** and I introduced him to her. **She’s my school friend**. They’re still married. I mean, he’s loaded and she wants a lot of money. **Her uncle is one of the guys who went to the moon... Collins**. Her grandfather was this big **Army general** so Parker’s. I didn’t know that **Ann was that well connected to the Army**. **Her uncle was the Army’s big, after he retired, library or the records and her grandfather Lawton Collins was the Head of Vietnam** before... you know if you’re interested in the army, so I introduced her to...”

01.25.09 Pastor Strawcutter – [Puts another photo out]“Who’s that?”

01.25.10 Kay Griggs – “**The Earls**. The swap team. Within that picture each person swapped. They sit on top of each others lap.

01.26.07 Kay Griggs – “This gives a summary of his background. You might want to take a copy of that. Its not... it doesn’t go into the operations and stuff.

### Part 3 Transcript

Kay is saying before the interview commences that they called him **the Commissar**... They had a **Halo School in the Philippines** where they train the **Delta Force Assassins in the Philippines**. **The Australians had one in Indonesia on an Island east Timor** and the **Portuguese** are involved in this in some way.

2:20 Pastor Strawcutter – “We’re having a fascinating conversation talking to the wife of the former...”

2:28 Kay Griggs – “**Chief of Staff, Marine Atlantic, head of the intelligence group that went to Beirut. They were already meeting over there before the Beirut bombing. NATO intelligence WET operations guys, psychological operations guys.**”

2:49 Pastor Strawcutter – “Now when you refer to wet **WET** does that stand for something?”

2:50 Kay Griggs – “**Yes it means murder, assassinations groups**, NATO has a group of assassins and psychological operations specialists, who work in combined operations to destroy targets. My husband tried to explain to me in the first few years of marriage, how it all works. I was Assistant Director at the Chamber of Commerce, I was the first woman on the board of the Foreign Commerce Club in Norfolk. He thought that I was a worldly woman and that I had dated a number of guys who were high level like [3.29] **Jerry Unruh** who was **the Captain of the Saratoga a man who was very high up in Army Intelligence in Richmond**. I had been married to a Governor’s grandson whose **family were all in intelligence** his father was **Harvard Economics Professor**. They thought...”

3:50 Pastor Strawcutter – “You mentioned that years ago you had dated John Angler who is now our Governor.”

3:53 Kay Griggs – “**John Angler** who is ROTC. I’m sure its the same John Angler if he was Navy. I dated a John Angler who was in the ROTC in Norfolk because Norfolk is the largest military complex in the world. We have **Langley Airforce Base which does intelligence work**. We have **Camp Perry** which is an International intelligence spot. **All of the Naval bases, Master jet base, Training and Doctrine Command which is Army at Fort Storey**. In fact Fort Storey was where the recent secretary of the Army was told he had to leave. **I have intelligence guys who tell me truth because they know they can’t talk, I get a lot of scoops.** [4.40] **Togo D West** who is basically honest and like **Colin Powell** most African American men are not going to condone murder and assassinations and so forth when they find out about it. **Togo West...**”

4:55 Pastor Strawcutter – “Do you think there is something... I’m missing something here... the Afro American is not like...”

5:00 Kay Griggs – “Generally.”

5:02 Pastor Strawcutter – “Generally... so you feel that Colin Powell is a different cut of General than these other guys that we’re talking about?”

5.16 Kay Griggs – “Oh absolutely. **Colin Powell**... the wonderful thing about some of the African American men I've met is that they will tell truth.”

5.22 Pastor Strawcutter – “**Why would you think they would let these guys rise in rank then?**”

5.23 Kay Griggs – “**As puppets thinking that they will be able to make them do certain things because psychologically they're innocent.** They cannot believe that our government has hit squads, has group sex going on, that they're giving people money in exchange for their services, mercenary training is going on in the Army and in the airforce in high circles and [5.51] **Colonel John Ryman, Dr John Ryman they had him targetted as a kook. Col. John Ryman lives in California he was high track up the rising star track he was in Great Britain he found out about a murder over there he reported it.** He also had the crazy idea that there ought to be a Peace College in Cambridge you know that we ought to really start working towards peace. Well the minute he got back he gave an idea, a synopsis of his peace college idea, took it to Colin Powell and his wife. **Colin Powell took it to the National Security Council. When Ryman got back and I'm not sure the logistics and the chronology of all this but I am in contact with him. He was put in a funny farm. I think he was put in a place in either New Orleans or St. Elizabeth's Hospital where they put Ezra Pound and where they've got Reagan's assassin. St. Elizabeth's Hospital like the Eastern State Hospital in Williamsburg has Army Intelligence people in there. Targets. People who have decided to tell truth or in other words, people who believe in the American dream, who are Christians, who are trying to get things straightened out.** If they transgress that line where they upset somebody in high command just like in Germany, they all of a sudden, move from being a person to being a target. From being a human being, a Christian, a loving wonderful soul to being a target. Therefore, the enemy. **This is also what happened in Germany.** Why should God makes us all wonderful and beautiful. Those of us who have the courage of our convictions who believe in what Christ did who stand tall. Why should the leaders not be able to speak and tell truth because in the rainbow of truth, the rainbow of individuals who are God fearing and love truth in which we can build a better world. So why are good people silenced why are their papers gone through. I have an interesting... I took some notes last night...”

8.26 Pastor Strawcutter – “OK, well they're silenced because they are in a conflict of good versus evil in this struggle.”

8.44 Kay Griggs – “What's happened to me and what's happened to **Mary Anne Ford [?????], Deborah Von Trapp, Colonel Sabos [???**...”

8.51 Pastor Strawcutter – “Let's talk about **Deborah Von Trapp** for a second because I've heard the name but somehow I associate her with something negative... is she the same **Von Trapp** that alleged that **the Oklahoma City Bombing was somehow Japanese related?** Or is that a different person?”

9.12 Kay Griggs – “Now she may... I do not know... I've met her on the phone through **Sarah McClendon** when I was staying with Sarah. Everybody's experience is different when you're a strong Protestant Christian as I am and when you're walking in light and you're walking in truth you

take people at their word until you find out that they've lied to you and if they've intentionally lied to you I just let God deal with them.”

9.45 Pastor Strawcutter – “So maybe someone fed her disinformation solely designed to discredit her.”

9.55 Kay Griggs – “Yes... She, and I do believe this is true. I know that she worked in the White House. I know she worked under a man named [10.02] **Depsman and some mob figures in the White House who were Army.** Now this CIA thing from my experience is bogus because **every person I've known who was in the CIA was in military intelligence first.** For example, my husband, he told me furtively when I saw him in court “I don't work for the CIA.” I knew he was telling the truth. **He was afraid, he wanted me to know.** The point is that **he works under the Army.** He is totally a Marine Corps high level intelligence officer **but he's under all these Army people** so I'm having to assume that the judge the lawyers, the commissioners, all the people who are handling my husband when he is around me, because I really believe that he loved me even though he is under their control and I think that's why he's been totally kept away from me. His daughter in law told me that he can't come back because he would end up staying. The point is that **David Lay** my brother in law for 20 something years... I married **John Garland Pollard**, whose sister **Mary Lloyd Pollard** married a **CIA agent David Lay.** [11.23] **David Lay was Harvard, Hasty Pudding, translates Mandarin Chinese, he's a Brain, his family came over from Germany I think they were Zionists.** **He doesn't believe in any religion but he is still working for this intelligence arm, he's doing war gaming for this monolith, this global monolith.** **He's playing chess by mail, he's writing articles about the Middle East.** **He's an expert on what's going on in the Middle East from the Israeli perspective.** **He's Army.** I was with my sister in law when he went on a mission and she was in the same psychological state that I was in this is what how I know...”

12.16 Pastor Strawcutter – “And that state is...”

12.17 Kay Griggs – “**To terrorise the women, make the women fearful of their own**... in other words... I cant describe what I went through except to say that every marine wife that I know is in that psychological state. Thank God, thank my grandmother for her wonderful Presbyterian background you know, women are intelligent... you've got the spunk in you or the genes, or Jesus Christ or whatever it is... **I know truth. Truth is vitally important to me. I cannot live a lie. You know I cant live with a lie.** Maybe I was injected with **Pentothal** when I was an infant.”

13.11 Pastor Strawcutter – “Its like that time when you were in the Officer's Club and your husband said “just get used to it, it's the way that it is” you just cant get used to living some facade and looking the other way as if something doesn't exist.”

13.22 Kay Griggs – “No and... he's sick, my husband he's mentally sick. **I believe he killed his first wife Sue. He's dangerous.** We were married for a month. He gets a letter and a phone call from **Mary Clark Yost Hallab** and **Amber Shoo** and you know naturally a wife who's newly married to a handsome man wanting other women to write and I had already found out who they were, you know I've got a masters degree, I'm a researcher and I'm saying George what are you doing hanging around spies. I didn't know about double agents... and [14.01] **Cashimere Yost is on the**

**Council of Foreign Relations.** Her son, Im sure its her son or her cousin. **And her husband is as I mentioned before was a moslem who was really a turn person on the Palestinians who worked at the American University of Beirut.** My husband was sleeping with her, **Al Gray** and everybody knew this. And I didn't know that this is what you do until I called **Valerie Wilhelm,** General Charles Wilhelm's wife on the phone now who is [14.37] **Gen. Charles Wilhelm...** right now and let me tell you what she told me... **you just have to get used to it Kay.** She told me about her husband with... I told her that George has got another man... **Lieutenant Col. Michael O'Boyle who I was told was his boyfriend."**

14.57 Pastor Strawcutter – “And she said you just have to get used to it?”

14.58 Kay Griggs – “Same thing came from the wife of **Gen. Jack Sheehan, Head of NATO.** A friend of mine. Been to parties at my house. By now I've got my little tape recorder from Radio Shack and Im taking phone calls because no one's going to believe me... so I'm talking to Sheehan's wife and she's saying come on over lets have coffee. **So I invite Carolyn Millice whose husband is “Temporary Chief of Staff” after my husband's wife's murder. I know Sue was murdered... blow on the head.** I had so many blows on the head you cant even believe it, broken bones and so forth. Well in the middle of the terrorism episodes, my husband would put me through he would say things like I'm down on the ground he's got a 45 to my head or he's strangling me with his thumb on my jugular and he's saying in this sergeant like voice “you have got to believe me you cannot question me” in other words I am being interrogated, its the most awful experience to have the one you want to love, the one you've made your commitment with have you in pin holes and knowing he's an experienced guy... you know. Its horrible. And these wives, now I don't know I cannot say whether their husbands have done the same thing, I don't think they have but what they train them to do is to be speeding along the highway... it's shock treatment is what it is, I've been told its shock treatment. They're driving along the highway and you've got an important person you need or an important party, you're all dressed up, or you're going to somebody's house, so he screeches on the brakes and you know I don't even want to fight, so you're thinking whats all this about. And he's speeding up going at 90 miles an hour, then he gets out and runs.”

17.42 Pastor Strawcutter – “And where did he run to?”

17.43 Kay Griggs – “Oh, there was a party, **a Norwegian party,** the first time that happened was when we were down in **N. Carolina** with the camera when he wanted to get my camera, he wanted me to tell him where the camera it was like he was going to kill me that night to scare me so I would behave. But I was raised in a family with strong men, you stand tall you don't let people intimidate you, because Jesus Christ is above us all truth is above everything. The ten commandments are above everything. Under that is Jesus Christ and then your mate. So that's why I put him in very high esteem but I knew he was not normal. I was hoping I could change him. There was a spiritual battle going on I knew that. I believed I could reprogramme him subconsciously, now I did not know that at the time, but I was really being tested.”

19.09 Pastor Strawcutter – “Of course the many years of abhorrent conditioning he had been through, fortified and solidified his position far more... he was far more entrenched an operative than you were going to be able to undo.”

19.27 Kay Griggs – “Oh, he was involved in the **Halo Program**, the **MACSOG Program**.”

19.30 Pastor Strawcutter – “Halo, what’s Halo?”

19.31 Kay Griggs – “He mentioned it **something to do with training assassins and training psychological specialists**. He was in the **Philippines**. Also had **one in Panama they had a school for Army and other guys, they would strip them down nude, they would tie them on to logs, the man who ran the school was dressed up as a Nazi soldier, even though his name was Owenczech[sp?] or something, he was a Czechoslovakian pervert, then they had a man who would dress up as a woman and was really pretty and here are these guys nude and they’re training them to kill**. There’s a book called **Copperhead** which I have a copy of and its all about, **written by a commando guerilla from West Virginia who had been battered badly**. His father had battered him and what they do in the prisons through this **[Kafer ?] System** and so forth, **they take innocent little boys who have been battered by their parents and they turn them into assassins and then making them homosexuals**. Now I believe these men are redeemable because I believe that **men like my husband and Oswald**. **They are held by this secrecy, the power of this adolescent group which controls them** and I believe that if they knew that there were strong women, mothers and wives who would be behind them 1000% they would have the courage to speak up. Or at least to stop the growth of this stuff, because **its through the growth of this stuff that they are intending to destroy America**.”

21.37 Pastor Strawcutter – “Well, there certainly seems to be a growth in homosexual activity homosexual acceptance, homosexual promotion, in our society today and it seems like everywhere you turn... even in our local community, I’m surprised at how many homosexuals are running businesses, and certain restaurant are becoming homosexual hang outs so you know that the owner must be a homo if he’s hiring homos. I hate to admit it seems that this is the way it is in business, education, in banking and the local college. Ive had people tell me that...”

22.31 Kay Griggs – “**You cannot get a job unless you are Special, Elite, Irregular**. Now the frightening thing here is, and this is the underlying thing, **this is what happened in Nazi Germany, this is exactly the same pattern that happened in Nazi Germany, the exclusion of women and mothers who love their children**. Now Im pragmatic enough to realise and say look, we mothers look at history and we look at the future. [she goes on a bit here...] **the danger here is yes it’s growing exponentially, so what’s going to happen? They’re cloning people. Do they need women?** Which women are they going to have the party women, the bimbos? **[K Add info on book “A World Without Women, David F. Noble”]** In Norfolk, just to give you an example, **Lieutenant [24.16] Governor Dick Davis, a marine, his second wife was a prostitute** he loved her very much she had a wig salon. **My uncle Dr. George Bentley Bird** was the major Obstetrician for everybody in Norfolk, prostitutes, everybody. **Our whole family knows who the prostitutes are who goes to the Saints and Sinners Banquets**. [24.40] **Judge Richard Kellum**, nice guy...”

24.42 Pastor Strawcutter – “Now the Saints and Sinners Banquet, is this a local affair?”

24.43 Kay Griggs – “Yes **every town has got Saints and Sinners Group... the sleep around group those who tolerate it you know and they’re all guys... the thing is where is it going to**

**lead.** This is why women like me who know, need to be involved in the process of levelling things out a little bit. When you target good, strong people who know what to do or who can figure out what to do quickly in a situation. **It's like targetting good people taking their papers, the leaders who pop up who are trying to get things straight are the ones who really know what's going on.** They're the people who need to be involved in the process of levelling things out. Because hey maybe they've gone off a little bit here but they know that truth and light is what's going to make that balance work out. **But when you marginalise mothers, women, wives, mothers who are strong inside, really core strong, even Clausewitz says** that the moral is 3 to 1 over the **arms.** If they want to win over those little guys they've got to have credibility. What's happening now is that they have no credibility. **The SEALs were so afraid about that one little doctor that the SEALs gang raped in Norfolk, why because the whole credibility of the SEALs is shot."**

26.58 Pastor Strawcutter – “Now Im not sure I'm aware of that... there was a doctor who was gang raped by a group of SEALs?”

27.01 Kay Griggs – “Oh es... in Virginia Beach”

27.03 Pastor Strawcutter – “When did this occur?”

27.05 Kay Griggs – “Two years ago. And the interesting thing is that the parents of this girl, she's beautiful, from Georgia, this is a wonderful human being, who went into what used to be **Poppy's its the night place in Virginia Beach.** When I was single I went there. Four of us would go. Molly and Sally and myself and the doctors would go there, it was the place to go. **The SEALs are taking over Virginia Beach, Seal Teams 4, 6 and 8.** And this gal went in there. One of the men thought she's great lets take her out **they took her out, raped her and killed her, strangled her."**

28.01 Pastor Strawcutter – “And was anyone ever prosecuted?”

28.02 Kay Griggs – “I don't really know what happened because **its been hushed up by the local courts who are controlled by Army JAGS and Marine Corps..."**

28.15 Pastor Strawcutter – “And again **JAGS** stands for...?”

28.16 Kay Griggs – “**Judge Advocate General.** And these are guys who all have been involved and their wives have been handled. Got rid of their first wives, they've been sleeping around with **bimbos or another man they're participation in group sex,** **Charles Lydon Harrell** is one, there are lots of them.”

28.37 Pastor Strawcutter – “Who's he?”

28.40 Kay Griggs – “He is a man who was, now Im not anti **mason** but **I have suspicions about masons,** some of the things they do in darkened rooms and I have been told...”

28.54 Pastor Strawcutter – “Secret Societies then?”

28.55 Kay Griggs – “Yes. **But I know that he sabotaged me and my case.** I think there’s money...”

29.05 Pastor Strawcutter – “Oh he’s the Judge that had...”

29.06 Kay Griggs – “No I had a number of lawyers that they said... because you know I had no lawyer. I’m trying to fight for all these women and mothers and for the people who know truth and because I’m verbal and I’m articulate... and I’m also gullible, I wanted to believe that there’s somebody good out there who’s going to help me fight this thing because I have photographs of being battered. I’ve got doctors signatures. **Sarah McClendon**, the Senior White House Correspondent has an Affidavit where **she tried to call my house and men answered the phone and said this is a military base and the Griggs’ don’t live there any more.** Now **Sarah McClendon** could not even get through to me at my house for two months, she had to go to another phone just to call me so I knew that all these other people I’d called in Washington were trying to call me and the phone calls were being re routed. Now that is in this book I found in Good Will store the book is called, **Intelligence and Electronic Warfare Operations.** **Now this book is all about what happened to me. Army, Airforce, Marine Corps.** Where is the FBI Psychological Operations Unit? **Quantico Marine Corps Base.** The only FBI agent who was allowed to come to me was [31.06] **Dan McNally, 20 year marine, homosexual I believe,** and I’m not saying he’s a bad person, but I am saying **I was not allowed any other FBI agent come in here about the break-ins to my home, the battery, nearly killed, the murder of my husband’s first wife, serious business, she’s in a grave, Susanne Workman Griggs, she died on April Fools Day 1987. The doctor wanted to do an autopsy, couldn’t do it because the two men who were doctors in that hospital Doctor Lawrence Smith and Gene Lamb, Army Officers.** They owe their life to this and they take orders.”

32.05 Pastor Strawcutter – “And they take orders.”

32.06 Kay Griggs – “Of course they take orders. **The Judge in my case Judge John Moore** his first wife was put away because she was telling truth and I found out from [32.20] **Kerry Brown** who was an Army Officer who had a Purple Heart who told me exactly what she told him. Now he is the Judge in my case. Across the street from me lives another **Judge Jefferson Davis Reed** Naval Intelligence. He found my suitcase in the woods. I’ve known his family since the beginning of time. His sister **Martha Ann Reed Ellis is married to one of these Intelligence guys... Tim Ellis.** They’re divorced. **He is now a Federal Judge. His mother her family are intelligence people, not American. Tim’s mother... they’re not American.** He’s a Naval Officer... taking orders. What are all these Judges being under a chain of command and **why are they attacking the mothers and the women who are telling truth? And why are they breaking in to honourable peoples houses, ministers and all sorts using electronic warfare tactics?** Diverting phones, downloading caller ID, having bogus people answer the phone, in other words instead of getting this person at that number they get somebody else. For example, in an emergency I called the State Police and I’m pretty smart, pretty discerning and I wound up talking to a guy who worked for the ATF and I said what are you doing in the State Police office and he said oh I’m just a retired ATF guy. I said but I thought I was calling the State Police Office. **You’re retired? I want to talk to an active police and by the way I don’t like you ATF guys because of what you did at Waco, you all murdered innocent women and children. You ran over them, you shot them and you put tanks on them and you killed them, you’re murders. He hung up on me, he didn’t like what I said. Well if you are**

**sensitive and so defensive how can you deal with women? If you can't cope with truth.** This is what 80% of what the American people feel or 90%. Waco was savage brutal murder. And what they did to that man... **Randy Weaver's wife.** Shot her with a baby in her arms. One mother hears that she wont like the ATF any more. **This is stuff that went on in Germany, fear tactics...** so we say, heck **these guys are adolescents. So who running them and who's in charge, we've turned into Dorothys in the Wizard of Oz whats going on here.** So little old mothers we all think alike and we're all Dorothys now. You're all little men from Oz why don't you grow up!"

36.30 Pastor Strawcutter – “Do you see a similarity in what’s going on in this country and China, Tiananmen Square we’ve all see the picture of the young man standing up in front of the tank. How much long term affect did that have on China but it still sticks in the minds of people here... Tiananmen Square in China and Waco in America they’re similar is this a turning point a rallying point?”

37.04 Kay Griggs – “A man named **Mr Lee, who is an Intelligence Officer in Norfolk, Mr Lee is the son of the major banker for the Russian Government, he worked for Dr. Richard Chang who is also an Intelligence Officer.** I believe he is an honourable guy, he’s tall, he’s a Princeton guy... I believe he is honest he came to Virginia Beach and I was putting together Sister City organisations and I was trying to get the leaders of all the different ethnic groups in Norfolk to be part of Sister City Program globally, its easy to do that, but I didn’t understand how the Intelligence Community worked at that point. I knew things were going on, and he was bringing together all these potential cities in China. Our State Department had opened up cities which had independent corporate entities and we had shows on all of this. This material has all been stolen by my husband and all his friends. I started noticing because I was led spiritually to goodness, to good people to light and truth. I didn’t understand the weapons and drug military culture that’s running our Government and believe different parts of the world. There is not one women that I now of thats in this business. [She goes on here at length about women... I had the pleasure of meeting your wife last night this is a woman who is wonderful, this is my kind of woman and Ive met a lot of women like that. We go through hurdles and... they're going to have to kill me before... I believe in good men like you, I believe in my husbands core he is good I think thats why he’s away.... **That’s why I have this book here it has the list of names of members of the Council of Foreign Relations [Book is Cheque Mate: The Game of Princes by Jeffrey Baker]** all these names that I’ve underlined are friends of my husbands, or I personally know...[40.28] **K list them**]. My son John Garland Pollard, and I hope Im not jeopardising my family, and I believe there are some good people in this book so Im going to qualify that and say that they’re not all bad.”

40.43 Pastor Strawcutter – “Just because you know them or have underlined them it doesn’t mean they are bad.”

40.44 Kay Griggs – “No no. **But there are quite a few names here and its quite a long list... Bill Clinton’s on here, you’ve got the Rostows, you’ve got 11 Cohens, you’ve got Mary Hallab’s son, that’s Cashimir, Carl Horno/Vono???** you’ve got the **Commandante of the Marine Corps who I have my picture taken with... its an interesting list of elite political, military, banking individuals and the sons of some high level people.**”

42.01 Pastor Strawcutter – “**So you have a list of some powerful people, who have a common goal.**”

42.04 Kay Griggs – “Yes yes. Which is global. **Global control and I can see how one could sort of get sucked into it idealistically thinking that its something that you know world peace and harmony I can understand wanting world peace and harmony.** But if you’re a christian... christian with a little ‘c’ because the early founding fathers never capitalised the word christian did you know that? Did you know that all the founding fathers were home schooled... did you know that?”

43.05 Pastor Strawcutter – “Yes I was aware of that.”

43.07 Kay Griggs – “Did you know that all of the Virginian founding fathers were only gospel christians, Matthew, Mark, Luke and John [K add AW stuff on this] didn’t even read the end times stuff. The old testament. Did you know that **Thomas Jefferson was a born again christian the last 7 or so years of his life.** **Did you know he was corresponding with Adams in Massachusetts?** That he took the new testament and the gospels and was trying to find out everything that Christ did and **I believe he was murdered and I believed it had something to do with Admiral Levy who took a mortgage on his house so that he could build the University of Virginia so that he could take his correspondence with Adams.** Now I am the only one that you will hear this theory from. My undergraduate degree is in Virginian history.”

44.20 Pastor Strawcutter – “The University of Virginia was founded by Jefferson money that he obtained by mortgage from...”

44.24 Kay Griggs - “...from a **Kabbalist by the name of Admiral Levy.**”

44.31 Pastor Strawcutter – “Ok... it is an interesting theory.”

44.38 Kay Griggs – “Of course it is. Dare to think. Dare to theorise, dare to use the hypothesis to come out with a thesis.”

44.43 Pastor Strawcutter – **Now Levy... you mentioned he was a Kabbalist...**”

44.44 Kay Griggs – **Yes. And a Mason.**”

44.45 Pastor Strawcutter – **“like a descendant of the Illuminati?”**

44.57 Kay Griggs – **“Yes, of course. And a weapons dealer. And a Reserve Military Officer.”**

45.06 Pastor Strawcutter – “Even way back then?”

45.06 Kay Griggs – “They were doing... think about this... **John Paul Jones, supposedly the Founder of our Navy? Who was a criminal. Why would they twist it like that? He was also a Kabbalist, also a Mason. He and Lafayette was a weapons merchant.** They raise up some **people who are questionable.** I know for a fact that Jefferson became a christian. He did not necessarily believe in the divinity of Jesus Christ but you could say he’s not technically a christian

but he said he was a christian. He was going to Baptist churches. **He was contributing to the American Bible Society.** Do you hear this?"

46.27 Pastor Strawcutter – “No of course not.”

46.25 Kay Griggs – “**Jefferson was a born again christian** who was searching for truth who was murdered I believe. And the same day he was murdered so was Adams. July 4<sup>th</sup>.”

46.42 Pastor Strawcutter – “**And you being a Virginian and a student of Virginia’s history...**”

46.44 Kay Griggs – “**Descendant of James Maddison.**”

46.47 Pastor Strawcutter – “Someone like yourself could dig this out and would dig this out it would be germane to you or else who else would be important.”

47.01 Kay Griggs – “God and my Christ has put me in the most amazing places and times you would not even believe. **I studied at the University of Edinburgh. I received a grant in 1978 to work on Lord Dunmore’s papers. Lord Dunmore was the Last Royal Governor of Virginia.** I was invited by the current then **Lord Johnny Dunmore to work on the Dunmore Papers.** No one but **John Selby** has done work on Dunmore. So I stayed with... Im not going to mention too much, but the point is that I know a lot about the **Triangular Trade what was going on in Bermuda. [K FIND]”**

48.00 Pastor Strawcutter – “Triangular Trade for...?”

48.01 Kay Griggs – “**Tom Devine, the Triangular Trade** is the illegal weapons drug trade that is still going on today. **Israel is basically running it with the New York bankers. It has something to do with Kabbalism because the Pentagon, the symbol for the Pentagon, the Brotherhood, they feel so compelled to not think of themselves to sort of depend on somebody else who is physics orientated. [ALAN WATT GOES INTO THIS, I SHALL FIND IT].** In other words these guys are so much smarter than I am, they can be doing totally immoral things that are breaking up families, **[KAY DOESNT REALISE AT THAT POINT THEY ARE DOING IT ON PURPOSE HENCE 11 RECOMMENDATIONS OF FRANKFURT SCHOOL TO DESTROY FAMILY AND VALUES OF WEST]** breaking up lives, in other words they’re not looking at the structure of the family, they’re not looking at society, they’re not looking at the culture **[GRAMSCI METHOD IS TO DESTROY VIA THE CULTURE WHEN YOU THINK YOURE BEING ENTERTAINED]**, the community, the basic ingredients that provide life, the planet, the trees they’re not looking at anything but sex and when one perverts and twists...in other words one focuses on... yes sex is wonderful **[FREUD FAMILY BROUGHT IN FROM AUSTRIA TO MAKE THE WEST EGOSYNTONIC AS OPPOSED TO EGO DYSTONIC – HE AND KURT LEWIN, LORD BERTRAND RUSSELL STARTED TAVISTOCK INST. USED SEX]**, its great, Im a great proponent, but there is so much of a focus by this group on sex and the military, **they go back to Greek days** and they have all these symbols and the **Washington monument is supposed to be a phallic symbol and they say well this proves it because the Greeks were doing it the Egyptians were doing it back in the days of Nefertiti and Mark Anthony and it just proves because we had the Holy Roman Empire and Alexander the Great was homosexual** and Catherine the

**Great was you know... but its debauchery** and the thing that one has to realise is that God knows best. It is an abomination, it is a sin... now we've all sinned. I don't believe we should be putting people on stakes for doing this. Jesus Christ said this, which is what Mandela said... **the simple answer is to repent.**[K meaning of repent] Just show that you've changed in your life. I don't believe that targetting people is the answer. This is just my personal opinion and I am not a judge but I could be a much better judge than those **Kabbalist male judges in Virginia Beach because they are doing this to mothers who are honourable people who are telling the truth.** I would like to hear **Hannah Moore** and her truth, I would like to hear **Grover Wright's wife Lynn** [K find] tell her truth.

51.16 Pastor Strawcutter – “These are Generals wives?”

51.18 Kay Griggs – “**These are wives of judges in Virginia Beach. I would have loved to hear Ken Whitehurst's wife tell her truth she was shot.**”[K Find]

51.35 Pastor Strawcutter – “**In Virginia Beach is Pat Robertson** would you have liked to him be a judge?”

51.40 Kay Griggs – “No I would not. I wanted to believe that **Pat Robertson was honourable and good. He's a Marine did you know that? Did you know he went to the psychological school at Yale?** Now I'm not saying he's bad and I'm not going to judge **Pat Robertson** but I know he was **under the influence of a Belgian man who is very powerful in this group.**[FIND] The one thing I can judge him on is that... well I will say things and I know they're going to get me for this... Pat is very powerful. But if you walk in to **Pat Robertson's Williamsburg Inn**, theres a hotel there, and you are poor, and you are a woman or a person that is poor, or an African American who is poor, and **you walk in to that Gift Shop you have walked in to the house of the Sadducees and the Pharisees.** The dresses in there cost, starting at \$200... the belts, these are clothes, basic commodities. Now I'm not saying its wrong to have money but from the way my father was reared there's a lot of money going on there and I walk in the steps of Christ. I'm not really sure about all this.”

53.34 Pastor Strawcutter – “**Everywhere you seem to look and you find the leadership whether its in Banking, Education, Religion... there seems to be also this line of military intelligence, Ivy league background. Pat Robertson has the same kind of pedigree as these other people, filtered through. If somebody is going to be the leader of a television big time ministry, it would have to be someone who is a Chosen One, to be allowed to rise into that kind of power.**”

54.01 Kay Griggs – “I think basically he is a good guy. I like the fact that he's promoting Christ. I nearly got arrested there. I went in to use the Law Library because **I'm fighting the Kabbalist group in Virginia Beach.** I was nearly battered to death. I was nearly killed. I was a totally abused, psychologically, physically broken bones wife. Now it says that if you are this way you get a warrant and you get your husband to say he's sorry. That's all I wanted. For my Marine Corps husband to say I'm sorry that I did this. But if he's got men behind him telling him to do this they're not going to let him say he's sorry are they. He's got [55.04] **Phil Holwager the Pastor whose also Yale trained Intelligence Chaplain with Pat Robertson** who is the Pastor that I took my husband to to try to get him to become a christian. If he is meeting **Phil Holwager** and Phil Holwager is

telling my husband what to do, **that means that he is a programmer for my husband.** He is trained in mind control and **Phil Holwager** admitted it to me... I've had psychological training yes... and it slipped out and I made the mistake and I told George. In other words he let me know that he has power over my husband. So then there's [55.50] **Ty Kroll who's in the same church as my husband who is a sailor and did some sexual things to his son and he had his children taken away, but he's in the church and he's a good guy and everything... but he's a paedophile.** And I'm sort of taking up **Ty Kroll's** side because we're in the same Bible study and its kind of interesting. But **Ty Kroll** and my husband are meeting secretly with **Phil Holwager** and then there's **T Parker Host who is running around nude at his farm enticing my husband out and they go away on boat trips for two hours.** Now I'm saying as a woman and a wife what's going on here. **All of a sudden we go up to Matthews County where Holwager also has a house. Host has a house there.** But its also where my grandfather Miller was born, so I feel very comfortable in Matthews County. These people were not born in Virginia and yet they're bringing spur of the moment taking my husband up and then taking my husband away on a two hour boat ride, or we get to Holwager's sons house and then all of a sudden my husband's riding home with **Phil Holwager** in the car. It's all been planned. This is just after my husband got back from Norway and I'm trying to remember if the King and Queen of Norway had come either just before or just after, it had something to do with the King of Norway's visit. **They wanted to keep me away from the King and Queen of Norway because I believe they're christians and they are honourable people and I was able to prevail against this group by going to the Norwegian Ambassador** who is a wonderful man, and this is where Jesus and God comes in, I was thinking of the good Norwegian people who wanted to see them when they came in to NATO and all I did was what any citizen would do, to let them have a chance to meet their King and Queen. The State Department didn't want me to do it, NATO didn't want me to do it, the **Kabbalists didn't want me to do it** and neither did my husband. But what happened was I was with a solid wonderful person, [58.47] **Ambassador Kjeld Vibe**, and we went to the Norwegian Embassy. **Kjeld Vibe** and I were sitting at the table with my husband and an **intelligence operative named [59.07] Bill Nelson** who tried to sabotage the Norwegian Group that I was running in Virginia Beach and **Kjeld Vibe** we were planning a trip to Norway in August which I now think was bogus and **I knew things were going on with my husband and weapon sales and all this stuff because he was dealing with the American Embassy and with people** and I knew things were going on I was sensing it really strongly, so we were in Washington sitting around the big table in the Norwegian Embassy with the Ambassador sitting to my right **Bill** and **Kate Nelson** to my left, my husband across the way and [1.00.01] **Susanne Baptiste** who is the daughter of the man who started the Sister City Association. We were supposedly planning this trip for the Mayor of Virginia Beach and her husband to Norway. **The Ambassador let it slip that the King and Queen of Norway were coming to Norfolk in October. And the ironic thing is it was the very day that the Nobel Peace Prize was being awarded in Norway.** I didn't know it at the time but I thought this is really strange, later on, here's the King and Queen of Norway at NATO headquarters the very day that they're giving out the Nobel Peace Price in Oslo which is where the King and Queen of Norway are, and I mentioned this to [1.00.56] **Meyera Oberndorf** whose husband is involved in this weapons sale stuff because her husband [1.01.03] **Roger Oberndorf** and my husband went to this deserted airfield, **Roger Oberndorf** is involved with [1.01.10] **Andrew Fine** who is Army Intelligence who tried to take over the Norwegian Organisation from me **when I knew that Andrew Fine does all this group swinging** with his wife and with NATO couples and I'm thinking something's going on here...

**Roger Oberndorf took my husband to this airfield... I wasn't allowed.** So I knew because my husband was meeting with other people... you know, in other words **this was big.**"

1.01.40 Pastor Strawcutter – "When you mentioned NATO group swinging sex, are you talking about some of the most powerful people in this world, the leadership of this military and their wives being privy. I mean this does not give security not only to people of this nation but people all over the world, to think that people who have the power to kill others, wage wars, send your sons and daughter into battles... these people are out and out degenerates."

1.02.10 Kay Griggs – "Absolutely. Let me give you an example because I was involved. I love people from other cultures, I went to an episcopal religious girls school, they had girls from all over the world there. My chemistry teacher was Turkish her name was **Mrs Kant**, I had **Dadi Didian** he was Armenian, he was later a spy, I **had a French teacher who was in the French Resistance. St Martin's School is a school for double agents.** But its a great school for girls because you're with all these people from other cultures, we had the President of the school whose father was with AramCo. I didn't know about all this stuff and how they kind of do it. **Woodberry Forest is another school like that, I sent my son there.** He went for four years to Woodberry Forest which is where **President Bush' son** went, **Oliver North's son** went, **its in Orange, Virginia.** I didn't know how it all worked and if it works for peace and christianity, love of moslems, love of people to give people the right to their own cultures, the way the British did, because I believe fair play wherever the British tended to go, I know theres an anti British movement going on, but wherever the British tended to go they still allowed the culture, they still allowed them to wear saris, they still wore the rag heads to protect from the sun, now our boys are **taught to hate rag heads and to kill rag head women**, well I don't think that's very christian. **Im looking at these top guys and they're not christian, so it begs the question what are they?** Well, that question was in my mind after I was married for three years and I started delving and I arrived at the definite conclusion that not only are they not christians, **when you have group sex and orgies of this nature by the top people who are running my city at least, certainly Virginian Beach, I started to look around other towns and ask questions. San Diego the same thing, San Francisco the same thing. Key West, everybody knows about Key West, Boston, that's the major homosexual capital of the world. They're having sex on the highways, guys are parking... people can't even go into the rest rooms in Boston. Washington DC.**"

1.05.30 Pastor Strawcutter – "Not to mention the Oval Office."

1.05.33 Kay Griggs – "Well... I know that he is sick and he is addicted but I believe that... now you may all disagree with me, but I lived with **Sarah McClendon** and Sarah is a Senior White House Correspondent and I believe **he is [Clinton] addicted to sex and I believe he was put into that office to control him** but I believe that he has repented. I believe that he had strong grandparents who loved him who were Baptists **[No Kay they fronted as Baptists]**. I have hope for that man. I know a lot of people don't and I have a lot of hope for that marriage. I know that she is a strong woman and a lot of men don't like a strong woman and I believe that she loves him and I believe that basically he loves her, and I believe they love their daughter. I will say one thing that, who knows what their motives are, its between them and their God, but I'm glad it came out for their marriage..."

1.06.44 Pastor Strawcutter – “Well at least he doesn’t seem to be homosexual we will give him that much credit.”

1.06.54 Kay Griggs – “And they don’t like that... what’s that little guy the homosexual? Stenopolis or **George Stephanopoulos**. I met him when I went into the office with Sarah, and I met him. He’s a little short guy and I even saw the place, the Mambo Jambo room where he hangs out, right around the corner from the Ontario. Homosexuals are one thing... it’s an abomination in Gods eyes. **Its a weakness, it shows that they’re very immature.** We all go through stages in life where we’re immature and I wish he would grow up. There’s a **Whitehead who’s an Ambassador who’s a homosexual**, and his lover is one of Bill Clinton’s attorneys, from N. Carolina. Now I like the way that man thinks, he’s a homosexual but I like the way he thinks. **James Angleton, CIA was a homosexual. The Head of the FBI was a homosexual. Paisley was a homosexual, they murdered him. All the British Intelligence agents were homosexual. I haven’t yet arrived at my theory on that except that it is a weakness. [K add AW paragraph on this] a moral weakness, its a way to control people.** Now I say... look tell truth, I will tell everybody what I’ve done wrong, because Ive been in situations and I have to admit Im a sinner, but the point is that when you find out and you repeat the sin, you’re addicted... **its sin, and why its sin, your weak nature, if you’re in a position of leadership, you shouldn’t be leading.** And that’s why I think Bill Clinton will be stronger after this... he wants peace in Israel thats what this is all about.”

1.09.21 Pastor Strawcutter – “I did notice that when Hilary made overtures toward the Arabs... wow, somebody yanked her chain and that became a major issue.”

1.09.29 Kay Griggs – “I was living in Washington with **Sarah McClendon** in the Kennedy Warren before the election, **if you will remember a plane went down on his [Clinton’s] birthday.**”

1.09.38 Pastor Strawcutter – “On whose birthday?”

1.09.39 Kay Griggs – Clinton’s. He had birthday parties at several different places. It was his 50<sup>th</sup> birthday. The birthday party in Washington he was not there, I think he was in NY or somewhere. I went to the Washington party in the Kennedy Warren in the basement. The point is **that night I remember vividly there was a psychological thing for Clinton, it was either his plane that went down... something happened that night that was meant to say “Don’t enjoy this birthday Buddy [FIND].** Remember, we told you don’t run.” **George Schultz** came in from wherever he was, Sarah told me this, I think it was California to speak with Clinton before the election to say **“Don’t you dare run, you’re going to get it if you run”** and that’s from **Caspar Wienberger is the guy who’s the evil one, he pulls a lot of strings. He’s involved with a lot of the weapons the drug dealers, the hit squads, the motorcycle gangs that Tedson Meyers runs who was William Colby’s law partner who just happened to meet me when I was with Sarah at the Smithsonian Party, 4<sup>th</sup> Marine. They have this hit squad motorcycle gang in Europe and everywhere they call it the Motorcycle Society.** Who runs it, retired military guys. And just after they meet up at **Caspar Weinberger’s place in Maine, Condoleezza Rice, Tedson Meyers** and one of the lawyers at **Meriam Portnos?** the Motorcycle Society well ask yourself... **what do they do, what happens right after the Motorcycle Society meets?** Now they will probably get this and find out and they will have to change the time. **Lady Diana is murdered**, because I read all the newspapers, I go into Barnes & Nobles and... of course they’re going to cut out all the news and stuff but they had a

minor **war in the Netherlands** or they **had another attack by motorcyclists in Cyprus**... in other words they're stirring up trouble, murdering people so that they can sell the weapons."

1.12.20 Pastor Strawcutter – "**So you think that Diana was murdered** and you don't think that was a wreckless car accident?"

1.12.22 Kay Griggs – "Oh absolutely. **There's no question she was murdered.** I knew and went out with a guy named [1.12.37] **Richard Ord? I later found out he was married.** It was when I was single, he was **Prince Charles' bodyguard.** It's like I also went out with a guy who was divorced a marine **who was MacArthur's wife's bodyguard who turns out to be an assassin,** a marine assassin who's living in Virginia Beach I think now. I didn't see the connection with the marines and information. I didn't know how organised it all was."

1.13.16 Pastor Strawcutter – "You gained that knowledge after you married your husband."

1.13.17 Kay Griggs – "Yes."

1.13.18 Pastor Strawcutter – "During his drunken stupors he just blabbed and told you everything that he knew."

1.13.21 Kay Griggs – "Yes."

1.13.22 Pastor Strawcutter – "Actually his uncle has opened up the door for you to find out. If he hadn't been an alcoholic... most of them are."

1.13.32 Kay Griggs – "I don't praise God that his mind is destroyed and that he is a brutal... he hates women, but I think, yes I praise God for everything that I've gone through, because every... I know by his stripes we are healed because I walk in his shoes, I have to as a follower of Jesus Christ. When you are punished when you go through hell on earth he is giving you strength, its not a funny way its a very special way. I know Im going to die, I don't know how I'm going to die... but I love him and he's just given me all the strength... I'm a weak human being but he is the truth and the light... and when you walk in the light you walk with him and its not bad its great."

1.14.35 Pastor Strawcutter – "It's marvellous." [takes a break]

1.15.07 Kay Griggs – "Oh, I know a lot about **John Warner** and **Loretta Tate** and stuff and its really kind of spooky because nobody is ever told this out loud... **you know he married Elizabeth Taylor** and he was... there were murders around him. **He was having an affair with Loretta Tate** which everybody sort of knows. He was married to a dentist **Randy Tate** who was his secretary or his main person. **Randy mysteriously died.** What happens is when the guys find out about the mob and that their wives are involved with it, the husbands take off... they go to the Eastern shore, or the closest they can to get away from Virginia Beach, but they die. **There's a homosexual click on Virginia Beach that I know about very well which has to do with the Coast Guard** and it's a long story. The point is I don't know whether they're the ones who murdered Randy but I suspect that **Randy Tate was murdered.** [1.16.36] **George Heighlig is another one who I suspect was murdered.** He was a delegate a very powerful guy, honest he died very young."

[1.16.51] **Dick Obenshain** who was an honest candidate for Governor and **Dick Obenshain** was running for Governor. He was the Republican candidate he was an honest, honourable guy... mysterious plane crash. And what happens after **Dick Obenshain's** plane crash as well they have a little convention, its conveniently right before the convention, you know he is the titular guy. **Well Elizabeth Taylor comes in to the picture...** and never before, they just go right over Robert's Rules of Order, and everything else Elizabeth Taylor goes around movie star and says "I think you ought to nominate my husband". **Well he hasn't even been involved in the process. Dick Obenshain who's honest conveniently dies, John Warner comes right in there.** They did not even want **Dick Obenshain** in there because he was not controllable. Same thing with **Paul Tribble** who's a cousin of mine. Im a Waring and he's a Waring and our family are related. Paul was married to **Rosemary Tribble**. There were some things that were going on, **Paul Tribble** could not totally be controlled. They got rid of him. **Rosemary** knew a lot of stuff... they get rid of the good guys. Murder... I believe that..."

1.18.39 Pastor Strawcutter – "Don't they refer to this as Murder Inc?"

1.18.48 Kay Griggs – "Yes... the Marine Corps are the assassins... **the Marine Corps are the assassins for the mob.** If you look at guys who've been in four years, lets just take **Tedson Meyers** for example, now he's a very nice person to talk to. He was involved with the founding of the Peace Corps with **Sargent Shriver, he's from the Brooklyn Bay owned mob, he came from that group they send him to Ohio State,** then his fourth year as I understand it, he did truck driving school, **then he goes into career and becomes UDT... Underwater Demolition, in other words an assassin. He's very smooth. He marries a high level girl, [Patricia] Sullivan. The mob in Virginia Beach is very very strong, very well organised and connected with the military."**

1.20.37 Pastor Strawcutter – "You indicated before that there is a connection everywhere between the mob and the military. Whether its New York or San Diego..."

1.20.39 Kay Griggs – "Absolutely... The military is run by the mob. **The military IS THE MOB.** The Marine Corps are run, they're the assassins for the mob. They may only be in, as **Tedson Meyers** was, **for four years but the individuals then go on to truck loading school, they're always loading and moving things around... but then they send him to Harvard Law School?** Then he winds up when I met him or just after **Colby's** murder but **I find it rather unusual that I had spoken with William Colby the Head of the CIA who knew my husband well, who told me on the phone all this stuff about the Phoenix Program,** and Israel and all of this stuff was coming out and that he was going to be doing it."

1.21.36 Pastor Strawcutter – "Your husband told you that?"

1.21.39 Kay Griggs – "No, **William Colby** on the phone. And **Tedson Meyers** was across the hall from him. A law partner."

1.21.43 Pastor Strawcutter – "So was **William Colby** a good guy or was he one of the insiders that they needed to get rid of or was he..."

1.21.52 Kay Griggs – “He was an insider who was involved... he knew about my husbands involvement with Krulak... Victor Krulak, Al Gray, the Russian double agent who was... I believe Czechoslovakian or Georgian and he was called “the Commissar” who was running everything in Vietnam, the murders the assassinations. My husband was involved with the murders, the assassinations, he was involved with the teams that did that they were training boys to kill using mind control, using...”

1.22.31 Pastor Strawcutter – “The whole reason for Vietnam or any of these conflicts is simply to use up a lot of arms and to make money.”

1.22.36 Kay Griggs – “Yes. And to train more killers.”

1.22.39 Pastor Strawcutter – “To use more weapons, to make more money.”

1.22.43 Kay Griggs – “Its a sick sad little adolescent boys cycle... these are not grown ups, these are little men from Oz. That’s what I call them. Al Gray is a sick little man.”

1.22.56 Pastor Strawcutter – “Al Gray is a General.”

1.22.57 Kay Griggs – “Carl Mundy he’s a former Commandant of the Marine Corps is a sick pathetic lying little man.”

1.23.03 Pastor Strawcutter – “And he is?”

1.23.04 Kay Griggs – “The former Commandant of the Marine Corps. And then you have Krulak who is the son of a double agent Victor Krulak not American. These are men who... the Constitution is just beneath them. People like me, the wives and citizens like you and honourable people, are just beneath them, because they’re special, they’re elite... just like the German SS. That’s exactly where this “specialness” came from, Germany... in other words, they took with them the most perverted aspect of nazi Germany, brought it over to the United States (Project Paperclip) over 200,000 of these guys came over, and of that there were some who were Existentialists, Humanists, Anti-Christians. They hate christians! You know what happened to the cross of the Weimar Republic it was turned this way [she does the sign[FIND] Hitler was homosexually recruited in a brothel, he was working in a brothel. A Kabbalist, Zionist doctor came in and said oh you look special and great, in other words he was one of the many like Oswald, who could be used, and they see how they grow, rather than see how they go. They manipulate them, this is why the Army had so many psychological operations specialists and the one way to keep them is secrecy, and anybody who believes that Jesus Christ, everywhere you look in the bible, truth is light, you walk tall you don’t hide behind trees and be the snake and be deceptive, truth frees you, truth is the liberator, its your ally. They’re evil if they’re weak, if they’re cowards, or bullies... the one way to tell if they’re cowards or bullies is if they’re now at the very top of the Army, the Marine Corps, the Navy... [Harold W.] Gehman, [Gen. William W.] Hartzog, [John N.] Abrams, [Charles C.] Krulak, especially Charlie Wilhelm whose doing awful things with men and women.”

1.25.47 Pastor Strawcutter – “Charlie Wilhelm he is?”

1.25.49 Kay Griggs – “Charles Wilhelm I met in Norway. He is one of my husbands closest friends besides Michael O’Boyle, they’re called “Cherry Marines”. Now he’s a General. They rise to the top if they’re one of Grays boys. Before I went to the public I went to Colonels and wives. I had conversations and Im not going to mention their names but... I had wives tell me, when I first found out, and a wife said... it was the most cryptic conversation I’ve had in my life... I said to my friend “Have you ever had another wife?” she said “hundreds of times.” Her husband was a very important person... and he’s working now for Al Gray. Well Al Gray he pulls the strings it’s all New Jersey Mob... where do you think Al Gray was born? Right outside of Atlantic City, my husband was born Atlantic City, Sheehan’s father was in the mob. You remember that big concert that was had back in the 60s where everybody was smoking pot and they were doing experiments on young people?”

1.27.17 Pastor Strawcutter – “Yeah I forget the name of it now...”

1.27.18 Kay Griggs – “Guess who did all the flying in of all the bands and the drug dealers and everything... who arranged it all... General Sheehan’s father!”

1.27.29 Pastor Strawcutter – “Oh you mean Woodstock?”

1.27.30 Kay Griggs – “Woodstock that’s it... Woodstock New York, that’s where he’s from. Now isn’t it unusual that the head of NATO... and his brother is doing all kinds of weapons deals and selling things to the military and I went to his wife’s home, they lived in their Virginia house after my husband disappeared...”

1.27.51 Pastor Strawcutter – “Was Woodstock kind of an experiment?”

1.27.55 Kay Griggs – “Of course... a testing ground for drugs... of course it was just an experiment... like the Jim Jones thing down there in Canada. He was working... I think even little David Koresh was used because he had an Israeli agent... they always get away don’t they! The Israelis always are in there but they get away... the guy in Panama... Noriega, he was an Israeli double agent. Anybody who is Jewish is automatically a member of the Israeli Army... they have a joint relationship. How can they be loyal to America if they will shoot ships like the US Liberty and its covered up? I dated Lawrence Gise’s son when I was a teenager, about the time when I went out with the Governor here John Angler, if he was in the ROTC class I dated him and I got letters from him, he seemed like a really nice guy, but my love at that time was Tom Williamson and Tom Williamson was a Yale. His real father was killed in WWII. His mother who was a Ballantine, Admiral [John J.] Ballantine’s daughter a wonderful person, married Lawrence Gise who was a Captain and then he became an Admiral and I went to the change of command of the USS Forrestal. I really did like that family very much and being a Norfolk girl, Old Norfolk you know my grandfather was in Naval Intelligence he retired a Captain in Reserves, Military Doctor, very prominent family and I lived next door to my grandparents and I was the sort of, good to date this girl. She’s a lot of fun and stuff so I dated Tom and I went to Yale to visit him and so forth with Bob Tate and some of the guys up there well... Admiral Guise took over the command of the Forrestal. He was Head of the whole... everything for the military when the USS Liberty was bombarded by the Israelis and one of my best friends[1.30.39] Josita Lennon talk about a wonderful... she’s been through a lot that woman. I learned a lot of

information from her. Her brother was on that ship... he did not survive he was murdered. He was a rising star brilliant young boy.”

1.31.00 Pastor Strawcutter – “I think about 30 or so died on the US Liberty didn’t they.”

1.31.02 Kay Griggs – “Yes, he was one of them. It’s now being run by a group that’s holding it down, you know. Those Israelis... every jewish person who’s in the military is a member of that Army whatever it is [IDF], now something is very strange here when you have the whole State Department, not one christian, not one protestant in the Near East Section, not one moslem... why not? They have jews there we have moslems in the Navy... why are there no moslems in the Near East Section State Department? Why are there no born again christians, real honest people who are not under some chain of command. Why don’t we have anybody who can decide right from wrong who has to be interpreted. Something is strange when you have a State Department that is run by Israel, there’s something really strange. No wonder there’s no peace. Do they want peace no. They want to control all those little countries around there. There was an interesting dinner that I had over at Carolyn Millice’ house with the marine wives and some of the... well I don’t know what they really are but I thought they were wonderful until this night and I was really caught into this and I was really getting in to this cult, you know, shhhh don’t talk, don’t talk about your husband’s go go dancers because of your husband’s career, don’t tell this don’t tell that. We were sitting around the table we always would do prayers before dinner, and there was a woman there and she was from Pat Robertson’s place who’s married to a Jewish guy and I’m not saying that he was bad, I think I met him once, they were at Carolyn’s Christmas Party. It was right after Yitzhak Rabin was killed, shot. The Prime Minister or the President of Israel. It was the furthest thing from my mind and I’m thinking great dinner, so... this woman said, and we were in the middle of the prayer and she said “We just praise you for that, he was an evil man we praise you God that you killed him”. And I’m sitting there and you know I’ve travelled 20 times to England and Scotland and I’ve known all these NATO people and so forth and I’m thinking what did I just hear? This is the guy who got the Nobel Peace Prize with Arafat? So I thought what do I do, this is one of those crossroads moments where you have to take... my culture which is Southern Protestant I have to say something, I’m over 50, I’m not shy any more. I’ve got 6 grandchildren and so forth... I said in my nice little way... “What? What did you just say?” And then Carolyn Millice said “Well we just... he’s really’ and I said “wait a minute, didn’t he just sign the Peace?”. It was like they knew something that I didn’t know. And I was trying to say, what... wait a minute and I looked around at everybody and it was like I’m an outsider. It was like that go go dancer thing... I had to interpret Jesus for them. Because these are supposedly followers of Jesus Christ. I said I want to get this straight, do you all mean to tell me that you all are for the murder of a man who wants peace in the Middle East?” Carolyn Millice is always the one, you know... “Well of course bla bla” and I said, I think you’re wrong. Because Jesus Christ would have been behind peace in the Middle East. I couldn’t trust her after that. I wasn’t going along with the program of whatever Israel wants to do if they want to kill the Palestinians or if they want to sabotage, because George told me that that’s what they do. They do a lot of sabotage, they frame... they take men who are Jordanians, Iranians, Iraqis, sons of leaders and they bring them over here, wine them and dine them, and then rev them all up to hate their parents and they give them weapons and they feed their ego... this is intentionally done according to my husband by the Marine Corps. They train them, they take them...”

1.36.54 Pastor Strawcutter – “Well here’s your point... things that your husband has told you specifically about the training techniques, this is right from his mouth, this is what is done.”

1.37.06 Kay Griggs – “Oh absolutely. Intentionally, because the objective is to get the goal, whatever it is, that they want. Machiavellian or Clausewitz and of course my husband was reared on Proust, Sartre, Camus, and if you want to read his thesis, it’s written in French, it was written by Count Todavey. It’s at the Princeton University Library you can read what my husband believes. Now this is Chief of Staff of the Marine Corps? This is a guy who writes with a purple pen which means homosexual and he is arrogantly so, writing with a purple pen? Al Gray, he is working under Al Gray he is one of Gray’s boys... this is what they call them. Gray’s boys all homosexuals. Cherry Marines. There are books on Cherry Marines that I have. Everybody knows about Cherry Marines. Now if you have to be a Cherry Marine to get to the top and then you read about Krupp [K has book] and the German High Command and you know that they’re using the same words “Special”. You know that they change the Eagle to be the Colonel and the Captain you have to get an Eagle and that started when all of these people came over to change the America to be generic... no more a Christian nation. And that started... the Head of the Marine Corps who was a Kabbalist, a Zionist, in the 1860s you can do research. When did they change the Marine Corps emblem from being... I think it was a Bugle... to having an Eagle on top of the World. And who was the Commandant when that happened? Ask that question and find out the answer [Brigadier General Commandant Jacob Zeilin]. Then wonder like I do. And George told me, he said you know, we’ve always been the murderers. Why do you think we have the red line down our pants? Because he was trying to interpret for me... we have X on top of our hat. He said it had something to do with target practice. I spoke to his uncle Dick Griggs who also works for the Mob the Intelligence Community it has something to do with the Schools, they have limitless money, I believe its mob money, for poor boys to go to these fancy schools. Uncle Dick has a little computer, like Roger Oberndorf does... Dick Griggs became his father because they were trying to get him away from his real father and away from his parents for 8 years. His uncle handled him. He was getting money from this group. He used to be just a school teacher in Princeton, but he has two sons, Bob and Jeff who are like my husbands brothers. Now what does Bob do... thats the question of the century. Bob handles an account for my husband. Now I started asking questions about this... Bob moved from Princeton, then he moved down to Oklahoma City, he was near that Augusta Golf Club and now he’s in Colorado handling this account which has money in and I see papers of my husbands after Beirut, in other words... he had done a job, and it was a civilian job. Now here’s a Colonel in the Marine Corps doing a civilian job TAD (its where they go off and do a job undercover. George says he has had so many different passports with different names... I’m getting mail for an Engelhardt, he’s got accounts now from a Princeton Private Account. Meryll Lynch is involved with the mob. They have rogues in there who launder cash money, they have people who launder cash money in Norfolk. I know some of the people who handle the cash. Drug money cash.”

1.41.42 Pastor Strawcutter – “Now your husband is Jewish?”

1.41.45 Kay Griggs – “No... oh no. **He’s the son of a German family.** **[GRIGGS is a Jewish name Kay.]** **But his father was in Atlantic City doing very shady things.** In fact his father... not his father, his father’s father I will take that back... his father **Ray** was a weak precious little man and I liked him. Nobody listened to Ray. The mother ran everything. **The mother was strong, domineering, bossy, and I must say she was not...** Ray was handsome, they married, they had three boys, I know she had to get married, the older one was.. but in those days it was very embarrassing. Well, Ray didn’t have anybody he was essentially an orphan as such. Although he had lots of brothers. But let me tell you what Ray told me. I was in California with his mother, George’s mother and father staying with his brother Don... and **the world revolved around mother, but Ray had a lot of wisdom and I was anxious to know what went on in New Jersey, why they left New Jersey, why they left Atlantic City. What happened in Lawrenceville? Why George was put in this school and not seen for 8 years. It had to do with the fact that they were poor and desperate, that the sister, Rhoda’s sister... George’s mother’s sister married someone high up in the Intelligence Community who went to the Presbyterian School or something like that, but Ray had been in prison, George’s father had been very shortly in prison in New York and this was something you don’t talk about, Ray had seen his mother run over by his father with the girlfriend in the car who wound up being his stepmother, you don’t talk about that. There were 7 boys I believe, Ray was right in the middle, all these pictures have disappeared from my house supposedly my husband has never come in to the house... all of this, the pictures of assassins like Rockman Williams and you can’t believe the things that are slowly being taken out of my house... why?”** **[Kay Sweetpea... Ray, Rhoda, ROCKman... are masonic names!]**

1.44.38 Pastor Strawcutter – “Well obviously so that your credibility can be attacked if you ever tell anybody about this. I mean it’s a miracle that you got here with the pictures that you did, that we’re including in this video that support your credibility. It’s just a shame that this video wasn’t made a year ago, or 18 months ago.”

1.44.52 Kay Griggs – “**Because pretty soon they will have me not even married to George Griggs.**”

1.44.56 Pastor Strawcutter – “**They could destroy all the records.** It’s possible to do that. I think it was **Orwell that said that He who controls the past controls the future and he who controls the present controls the past.** So those that control the present can modify the past any way they want. In fact they could erase you right out of the picture.”

1.45.24 Kay Griggs – “**Why do you think we’re in computers and everything is on computers,** all they have to do is... I had tapes, I had bought a little Radio Shack tape and I taped General Gray’s, **the conversation with Ray’s wife Jan who said “Oh we don’t know where George is” and I talked to General Gray on the phone... if they don’t know where my husband is and he’s working for Charlie Wilhelm now? What does that make Al Gray after I’ve been battered, I’ve got pictures of bruises, haematomas, broken foot, putting a 45 to my head, laughing at me while he was standing over me with my arms in pain, chasing me in bathtubs, so I’m hiding and saying please don’t kill me and he’s laughing?** I have taken diaries and so forth... **why do they want my diaries? Why don’t they want my evidence in court...** I’ve got it right there for **Judge John Moore who’s a Commando.** Why does **John Moore** kind of giggle at me? What is so funny about being battered as a wife... when his first wife is dead in the grave?”

1.46.38 – Pastor Strawcutter – “Well its funny to them that it doesn’t matter what your claims are they are in control.”

1.46.42 – Kay Griggs – “That’s it!”

1.46.45 Pastor Strawcutter – “The chickens can do what they want as long as the foxes are all in cahoots.”

1.46.48 Kay Griggs – “That’s it. And why I have a transcript at the First Commissioner’s Hearing and Col. Barry Kantor who is a Kabbalist who lives right around the corner from T Parker Host, who’s a Commando Assassin Mob guy brags about it who now has about 7 or 8 agencies and is a friend of George Bush’s all of a sudden. Barry Kantor his office is right next to George Sharp, and they’re persecuting me in the courts right and left and it doesn’t matter what he says he’s just totally it doesn’t matter we’ll just ruin you. And so I find another lawyer and his name is Doug Ballard. General Ben Partin up in Washington gave me his name, and I still think he may be an honourable guy and Im trying to remember his name... and he’s talking about a lot of the stuff that’s going on.”

1.47.55 Pastor Strawcutter – “Ballard is a name that has connections to the deep South.”

1.48.00 Kay Griggs – “Doug Ballard went to the VMI and I knew Doug Ballard when because he was a law partner of Philip Parrington who’s brother is Charlie. I knew and I liked Charlie Parrington when I was dating my first husband John Pollard they were best friends. I went out with Charlie a couple of times but I was making my debut and Charlie was just a good friend and still is I like him. I introduced him to his wife and they are still married... she’s a Carolinian and he’s a Carolinian. Well Doug Ballard was in law practice with Bill Parrington. So I went to Doug Ballard and I heard he was a christian and I got the information from Paula Ballard about Obenshain’s murder from Paula Ballard because Paula was very involved with the Republic Party back when Obenshain was running for Governor, they were insiders, he was an Army Intelligence person who was doing business with the Saudis. He was up in Washington with Oliver North and that whole crowd Doug Ballard was doing business, illegal business, money laundering, but I was attracted to him because General Ben Parton said this guy will help you... General Ben Parton gave me Doug Ballard’s name.”

1.49.36 Pastor Strawcutter – “Do you think Ben Parton is a good guy or bad guy?”

1.49.42 Kay Griggs – “Well now I don’t know because I was set up or maybe he didn’t set me up but I went to Doug Ballard and he is a shyster.. he is as crooked as they come... or either very weak and I think that goes along together. I told him about the things that had happened to me, and keep in mind he is Army. He is Army Colonel VMI but I didn’t know what I now know.”

1.50.07 Pastor Strawcutter – “VMI again is?”

1.50.11 Kay Griggs – “Army... Kabbalah. Virginia Military Institute.”

1.50.22 Pastor Strawcutter – “Because **Ben Parton is very well known in certain circles now for challenging the Oklahoma City Bombing**.”

1.50.27 Kay Griggs – “OK well then I believe in him... I think he just didn’t know what I know about Doug Ballard. Because I think he heard Doug Ballard went to this born again church and his wife is born again which is great because Im born again... but let me tell you what happened... and they may have been persecuted, they did go through some persecution but what happened was and maybe they know too much but what happened to me... because **he is part of the Brotherhood... Doug Ballard is... I trusted him with my file. Barry Kantor my husband’s lawyer is an Army Colonel, Ballard is a Colonel, the Judge John Moore is a Colonel, two of the First Commissioners are Colonels. Andrew Agee who is mixed up with crooks in Virginia Beach... he’s a Commissioner in Virginia Beach. Agee is the first one we were going to get then there is the former Commonwealth Attorney Andrew Evans he is in the Masons** and I just talked to his wife not long ago and she was shaking her head saying she knew all this stuff, well... there’s a Brotherhood and **Andy Agee and Andy Evans who was Commonwealth Attorney** are part of this Brotherhood and they were going to judge the case for me. Then we get the third guy who was **in the House of Delegates, [Edward T.] Ned Caton he is a Coast Guard JAG Intelligence guy...** so finally we choose **Ned Caton** to go because he had done work for us and I don’t think that’s really right but the point that I’m trying to make is that every single one of these men who were judging a battered wife, almost killed, first wife dead, do something with the husband, bring up the battering... it’s handled. We go to his quiet, secret office. I think I have a lawyer giving him \$1,500.00 and he’s one of these society lawyers and he doesn’t want to mention anything about the abuse for some reason. I’m sort of being flim-flammed you know.”

1.53.31 Pastor Strawcutter – “And this is part of the divorce proceedings or did you bring a separate cause of battery out or is this all part of the divorce?”

1.53.34 Kay Griggs – “I started everything. I filed a criminal charge of battery. Because you know you’re indoctrinated to believe if your husband is a perpetrator my husband is a gross perpetrator.”

1.53.54 Pastor Strawcutter – “So you were seeking civil damages against him?”

1.53.56 Kay Griggs – “No... all I did was get a warrant to have him brought back. That’s when the 20 year Marine Police Officer came in, the 20 year Marine FBI Agent came in, when I went to the **Chief of the Police Head Chief [Charles R.] Wall who is a very nice man I had a friend who took me in to see him, he said “this is big!” This is way over my head.** But he assigned a wonderful man named **Bill Dean** to me to call any time and I must say this is a wonderful man. I could call **Bill Dean** anytime. **There are some good people, probably in the Masons I don’t know but there are some good people, but the problem is he can’t control it. Now why, if you’re a Mason, why can’t you control battering of military wives? That’s the question I ask myself. Why is it, that they cannot control a perpetrator who has killed his first wife and I’ve nearly been murdered?”**

1.55.07 Pastor Strawcutter – “Well the answer is hierarchy... taking orders.”

1.55.09 Kay Griggs – “So I start saying now if the Chief of Police in Virginia Beach has no power... if **[William T.] Bill Dean who is Head of CID has no power, I’m looking and**

wondering... ok, I'm a battered wife, and I start meeting other high level battered wives in the courts who are having the same treatment by Judge John Moore, Barry Kantor and Andrew Aggy and Grover Wright battered his first wife Lynne. They spread the word that Lynn Wright was crazy... Lynn Wright was not crazy. Grover Wright was running around with Anne Wood and wound up marrying her and Anne is now a blimp. Grover Wright is a perpetrator, John Moore is a perpetrator. He's now married to a girl who's in my Garden Club and he was a Commando, Guerilla. His father was a General in the Coast Guard which the Mayors husband is a Captain in the Coast Guard."

1.56.32 Pastor Strawcutter – “So there really is an Elite clique that runs everything.”

1.56.35 Kay Griggs – “Literally everything, and IT'S NOT THE CIA!!!”

1.56.38 Pastor Strawcutter – “Is there a name we can give this group?”

1.56.40 Kay Griggs - “Well... George calls it... in his diary he calls it the Firm, the Brotherhood, he mentioned the Old Guard... Army... it's Army.... And it's White House... but the Presidents don't know about it necessarily.”

1.57.07 Pastor Strawcutter – “Did your husband ever talk about Oswald in terms of knowing anything about his handlers was it ever talked about?”

1.57.16 Kay Griggs – “Yes, the way George talked about Oswald was the way he... when you communicate with an alcoholic like that when he's drinking and he's been totally battered, mind controlled, but is fed lots of money being poor and so forth, a woman 55% of what people say is verbal and then you learn to read the non verbal. George was diarrhea of the mouth... verbal but when I mentioned the word General Jim Joy I knew it was Gen. Jim Joy who had orchestrated the terrorism of my life, I know it is Gen. Jim Joy, Gen. Stiner, Gen Hartzog, Gen. Abram, Gen. Gehman and Gen. Sheehan and [Charles C.] Krulak Krulak Krulak!!!! These men are the ones who are perpetrators, they bugged my phone, downloaded my Caller ID, they have authorized and given money to people like certainly Alexander Robinson, Ern Reynolds 4<sup>th</sup> Marine, JAG, worked for the Justice Department, the Justice Department is involved. There are Rogues in the Justice Department. Who think they are handling people by using cruelty, tricks, psychological games, this is not the way you handle a nation.”

1.59.06 Pastor Strawcutter – “You mentioned New Orleans kind of a centre for the Mob?”

1.59.08 Kay Griggs – “Mind control, illegal criminal activities.”

1.59.18 Pastor Strawcutter – “Did you husband ever mention the people there...”

1.59.20 Kay Griggs – “Yes in fact he went down there with Gen Gray, with Michael O'Boyle.”

1.59.30 Pastor Strawcutter – “During the time of 1963?”

1.59.34 Kay Griggs – “Oh he was always going down there, and **Michael O’Boyle** was going down there... [tape ends]”

#### Part 4 Transcript

Pastor Strawcutter – “You’re name is **Katharine Pollard Griggs**, you are the wife of **Col. George Griggs**, 11 years of marriage, its true that your husband is and has been the Head of Special Operations under **Admiral Frank B Kelso, NATO**, and its true that you were the head of the Hospitality Committee, and you were a member of the Executives Board of the NATO’s Wives Club, and that your husband’s background includes **NATO Defence College in Rome, Princeton Class of 1959, his intelligence career began in Vietnam**, and its also true that it continues until this day under **General Wilhelm**, and that your husband was the liaison between the White House and **President Gemayel of Beirut, Lebanon** at the time of the **bombing of the Marine Baracks in Lebanon**, and in fact your husband was an alcoholic and probably still is to this day and that during these drunken stupors he would blab on and tell you everything he knew about the Intelligence Community, nothing was hidden, it was like he wanted to relieve and unburden his heart and so he told you everything that you know about the Intelligence Community and in fact **he told you that he knew the bombing was coming down in Beirut before it occurred.** And also by your association with him, you have come to understand and to know, as shocking that this may sound to the people hearing this, that **the United States Military is literally run by sexual deviants heavy on the homosexual side and that the United States Military, people like Jeffrey Dahmer and Ted Kaczynski and Timothy McVeigh and Lee Harvey Oswald and a host of over people who have a sexual deviant background primarily homosexual. These individuals are actually sought out by individuals within the Army for Intelligence type work because they are so easy to control and they actually become mind slaves and the military, literally, as outrageous as this sounds, is a mind control operation.** They have now got rid of the good folks like **McArthur, got rid of them one by one...** a total takeover.

Kay Griggs agrees to all the above.

2.52 Pastor Strawcutter – “Alright, let’s talk about the individual who told you that **we have never actually been an enemy of the Soviet Union and that has all been a scam.**” **[ADD NORMAN DODD?]**

3.00 Kay Griggs – “**My husband. The first three years we were married he was drinking three or four straight vodkas a night, a bottle of wine, and a beer machine besides his desk.** I only knew him two months before he asked me to marry him. He had been married before and his first wife was a total alcoholic.”

3.22 Pastor Strawcutter – “Someone would ask, why would you marry a man after only knowing him two months.”

3.26 Kay Griggs – “I’m a strong Protestant Christian and I have a lot of predestination. I have a Scottish grandmother. I was working as an Assistant Director for the Chamber of Commerce. I had a relatively new 1983 Saab my first car my husband was driving an 83 Saab, mine was a turbo, his was not. He rented part of my house. I had a young doctor and his wife and two children who were

renting the house. They were leaving before the end of the lease time and they put the ad in the paper and told me about all these people and I said no, no, no. I had been engaged to someone, you know I was just renting my house out, and they said there was this man with a dog and a mother-in-law and a son. He was a widower and a Marine Colonel and he had a dog and I said no, absolutely not. So the point that I'm trying to make... **he was someone that I was not really going to cotton to.. he sort of acted like a robot, he was very clipped and I didn't want to like him. When I heard he was a Princeton Graduate I always thought that was kind of great, when I heard he spoke fluent French and I speak fluent French, when I found out that he drove a Saab and I drove a Saab, and when I found out that he went to the same high school that my uncle had gone to, was in the same eating club at Princeton that my uncle Ben had been to, he was on scholarship and went to Princeton, everything the same as my uncle... who was also in Intelligence,** but I didn't think about it then I was just thinking this is God, this is too many similar things. So it overwhelmed me, and he was very good looking then, not so much now he has aged and he is really is haggard."

5.43 Pastor Strawcutter – "He's had a rough life."

5.47 Kay Griggs – "Yes... so I was overwhelmed by him plus my job at the Chamber was very demanding. I was doing a great job but he said that he wanted me to retire. Because he wanted to make General. The man who could make him General was **Gen. Louis Buehl**, because it was just a matter of having somebody who would make you General... it wasn't what you did. Louis just happened to die and we went to his funeral and so George didn't make it because Louis died. But his first wife had been battered to death. I was battered... but I thought it was just Vietnam and I was trying to get him to stop drinking, because I couldn't imagine how the Marine Corps could allow someone to be a total alcoholic who couldn't even carry on a normal conversation dry. He cannot even carry on a normal conversation with anyone unless he's drinking. He never smiled unless he had a glass in his hand. **He drank solidly.** I have a letter in his own hand that tells... and this is the truth, he drank solidly this amount for 30 years. His booze bill, and they never entertained, was \$250 a month, and this is from the Naval Store. Now think about that. **He was totally snookered and yet he is head of, running half the world's Marine Corps under Gen. Al Gray.**"

7.40 Pastor Strawcutter – "**A man who is mentally incapacitated unless he is inebriated and then when he is drunk he is in a different altered state of mind.**"

7.51 Kay Griggs – "He cannot discern anything."

7.52 Pastor Strawcutter – "He can follow orders."

7.54 Kay Griggs – "Oh and that's all he does. He told me, in one of our many conversations, he was trying to... he thought that because my family were all Naval Officers and I was out in the world at the Chamber, that I just went along with this kind of stuff and it was just incredible to me."

8.20 Pastor Strawcutter – "How many wives of high up military people are there like yourself who are speaking out?"

8.30 Kay Griggs – “None... I mean they’re all 30 year marine wives... they’re Stepford wives and they are petrified. I had had conversations before I went public before I went to live with Sarah McClendon who saved my life.”

8.45 Pastor Strawcutter – “And Sarah McClendon is the...”

8.46 Kay Griggs – “The Senior White House Correspondent.”

8.48 Pastor Strawcutter – “Is she that little old lady who’s on TV asking the President pointed jabbing questions all the time?”

8.53 Kay Griggs – “Yes the little red headed feisty Texan who broke the Billie Sol Estes thing. She doesn’t go along with the clone group of reporters, who most of them are Intelligence Officers. I think she was in Intelligence because she was in the Army during WWII and she is a remarkable mind and I lived with her for 5 or 6 months and what’s interesting is that she called my home after I had seen her on C-SPAN. She couldn’t get through to my house, I was living there by myself. Every time she called my home... this is 1996 from March until she finally got hold of me. She had to go to another phone in Maryland to get through to my phone. Every time she tried to call me from her house she was told... “this is a military base and the Griggs’s don’t live here any more. Now that was my phone number long before I met George Griggs. It was my granddaddy’s farm, the house that I own.”

10.00 Pastor Strawcutter – “Oh so your phone was being diverted.”

10.02 Kay Griggs – “Absolutely diverted. Its electronic warfare. It’s part of their deception. They have many levels but its all under a big operation. They have an operation now to totally ruin me. His first wife was murdered.”

10.22 Pastor Strawcutter – “Now, some of the things you’re talking about now, this big operation. You have come to understand the largeness of it, the intrinsicities of it through a diary that you have. Could you hold that diary up so we can get a little look at that and the thing that I found this is the actual diary, just hold it up... these are the actual handwritten notes of your husband, and they reveal... Does the military and those in the intelligence community realise you have a copy of this?”

10.54 Kay Griggs – “They do now. I had a phone conversation with Gen. Jim Joy in February 1996. I tried to ask the Colonel, they knew I was on the move trying to find information and my husband had mentioned Gen. Jim Joy and I had to call a Gen. Miller in Jacksonville who was in my husband’s address book, and I told him I was looking through my Christmas Card list and I needed Gen. Jim Joy’s telephone number because one of the colonels whom I trusted Col. Ken Millice lied to me, Captain Phil Holwager lied to me and so I got this Gen. Jim Joy who was the one who was in Operation Just Cause... was it Just Cause... the one that was in Panama? He was in charge of all the psychological operations. The booming music that they hit Noriega with. The chasing him around...”

12.13 Pastor Strawcutter – “The same stuff they did at Waco to. We’ll get into that in a minute...”

12.15 Kay Griggs – “Yes. That’s **General Jim Joy who was behind Waco and General Carl Stiner who tried to steal Desert Storm away from Schwartzkopf.**”

12.30 Pastor Strawcutter – “OK but you were trying to get some addresses and they were giving you the complete run around.”

12.34 Kay Griggs – “Oh, don’t even know him. **And I knew him because my husband told me that he worked with Gen. Joy and Gen. Stiner. They were the Triumvirate, but they had different names, they were in different clothes, they had different passports.** So I got him on the phone. I was given the number by **Gen. Miller** and...”

13.01 Pastor Strawcutter – “So in the movies when they say they will disavow any knowledge... that’s not just a little thing for movies, that’s the truth...”

13.04 Kay Griggs – “Lie! Yes... totally lie.”

13.10 Pastor Strawcutter – “But you nailed him down?”

13.11 Kay Griggs – “Yes I said, General Joy, I’m Kay Pollard Griggs. My husband George Griggs was in the Marine Corps and he has battered me badly and we are looking for him because this has been going on for too long and bla bla bla and I was recording this conversation, **I was sitting on my bed with the diary right out in front of me and he didn’t know I had the diary, he didn’t know anything. It was cold call... like they do cold murders when they graduate from Seal School. Cold murders...** and I was doing a cold telephone call... and he said “No I don’t believe I know your husband” and those were his exact words. **I have a card that Gen. Joy sent my husband after the murder of his first wife... saying “call me anytime”** this man, here I was traumatised, battered, beaten and he lies to me. **So I said... Well Gen. Joy, that’s funny, because I’m looking at my husband’s diary when he was in Beirut, and you’re meeting with him almost every day!** Before that I said, you know, he was the Chief of Staff for **Gen. Al Gray** you know, Gray’s boys? Chief of Staff for Fleet Marine Force Atlantic? **Runs half the world, all the Middle East, NATO Defence College?** You don’t know my husband and you’re a General? You live outside of **Quantico** and you don’t know my husband? I made it very clear. Nope... I can’t say as I do. So then I told him about the diary, and these are all immature, adolescent men, they don’t know how to deal properly with adults. They lie, they’re deceptive, they hide behind trees.”

15.31 Pastor Strawcutter – “But when you nailed him on the diary, he realized...”

15.32 Kay Griggs – “He said... his exact words were “Oh, THAT George Griggs.”

15.42 Pastor Strawcutter – “And that’s just the beginning of the kind of run around deception that you found with these people and no doubt that’s why they would very much like to have this diary.”

15.50 Kay Griggs – “Absolutely”

15.53 Pastor Strawcutter – “This one page I found particularly interesting and you’re probably more familiar with your husband’s handwriting instead of me reading it. Read these notes that he had recorded there.”

16.02 Kay Griggs – “A number of marines told me a little bit about **Col. Dale Dorman**. Dale Dorman is not a happy camper. Dale Dorman because of some mistakes my husband made, was shot. This was “7.15 to 7.30 Dorman exited Riviera”, that was a place or sort of hiding place. “Gray and Tan Mercedes. Up to 5 shots were fired. He raised his left arm. One round penetrated his arm. One struck his chest. Walked back into Riviera to the desk and called Post 1. Security vehicle went to pick him up. Returned to door found 15 to 18 meters away and treated. Medvac called 7.50. Medvac wheels down at 08.10 in a H-bird helicopter. Riviera Hotel approximately one ninth of a mile west of the Embassy. **Dorman** has been there since arrival except briefly during a period of siege. He was not wearing protection. Saw three men in the vehicle one leaned out back with a shortened riffle or automatic weapon century at B1 saw and heard nothing.”

17.49 Pastor Strawcutter – “Sentry saw nothing... in other words, the Sentry doesn’t talk.”

17.50 Kay Griggs – “That’s right.”

17.55 Pastor Strawcutter – “And there’s a whole world of these assassinations and murders directed... in fact in one your husband discussed people being eliminated... like shooting ducks.”

18.12 Kay Griggs – “Oh we had had innumerable discussions over dinner. He had already had his 4 gins. Now he will talk to any woman or anybody who drinks with him he will talk. This man, **what is he doing in Security? When he was in NATO and he was the Head of Special Operations in fact I’ve got copies of his secret check-in-and-out at NATO, he had them at home. Somehow... I hope I still have those. Anyway I could get in and out of the NATO Headquarters just walking in and out and there were all these shady looking garbage men, George would leave his office door wide open at lunch time he was flirting with a secretary who was a Chief who knew everything. What lax security and I had to say **George, you have got to do something about the security at NATO because I can walk in and out... he said “oh just forget it. Don’t do anything.”**** I’m very a demonstrative person when it comes to security, and honour, and integrity, your word is your bond, my culture, my father, my people believe in this nation, in my State Virginia... my people, my culture, my God... this is important you don’t just treat that kind of thing lightly. I said if you don’t do something I’m going to **Landess Kelso**. I was in the Wives’ Club she was the head.”

19.48 Pastor Strawcutter – “Landess Kelso is the...”

19.50 Kay Griggs – “The wife of **Admiral Frank Kelso** who’s a wonderful man an honourable man, a wonderful woman and I had a great rapport with her. I sort of stopped an international incident... the French and the English and the British who were ganging up against the French over something that was really minor but it was huge and she helped me and I determined that it was a problem called her up and she helped me and we diverted and averted a major thing... so he knew what I would do and I said look if you don’t write a report and do something about this then I’m just going to go to **Landess** and say what’s happening. The point is that the man, when he was in Beirut he was sleeping with a spy and double agent **Mary Anne Clarke Hallab** whose husband

was a double agent, an Arab at the University of Beirut. He leaves his briefcase wide open. He was with her for five weeks in a hotel. This is a married woman with two children, who followed him all around the United States and is still seeing him. Met him in London. Lived in Virginia Beach. Was working in International Programmes a ODU while he was married.”

21.03 Pastor Strawcutter – “Would you say your husband is fairly typical of these powerful men?”

21.06 – Kay Griggs – “Oh, absolutely typical. When I was single working at the Virginia Center for World Trade, four of us old friends that I went to school with, **Molly Holt** and a few others, we would go to a place called Poppy’s. At that time he was **Captain Jerry Unruh**. Now he is Admiral Three Stars **Jerry Unruh**. This man again, was married. He was running around with the Tailhook crowd. I did not know he was married. I knew he was a Navy Captain. I was told by him that he would be taking command of the Carrier Saratoga. He followed me everywhere. Even went up to Wintergreen. Now, **he sent me pictures private separate pictures of the Israeli guys waving to him. He was a tailhook pilot, you know these jets that... and he was a Mustang, but totally immoral.** And knew that he would never get caught. In fact they had a big party down at the beach. I didn’t go by that time because I learned that he was married, and he and this whole group I found out about **Gen. Al Gray**.”

23.01 Pastor Strawcutter – “What is this consistent thread of the sexual degeneracy and the homosexuality and just the raw base nature that seems to be so prevalent. Have you ever determined why?”

23.17 Kay Griggs – “Well its a way to handle them and control them.”

23.22 Pastor Strawcutter – “I mean years ago you thought of someone like **General Eisenhower** as an upright man... I don’t know.”

23.28 Kay Griggs – “I know some things about him.”

23.32 Pastor Strawcutter – “How far back can we go to where you find people that are moral and upright? Where you had real people who defended the Constitution and who had a feeling of...”

23.35 Kay Griggs – “**Robert E. Lee** was!”

23.42 Pastor Strawcutter – “They were Nationalists and America first... you’ve got to go back a good ways probably.”

23.48 Kay Griggs – “Oh absolutely. You see growing up in North Virginia, my whole family have been Naval Officers and also working, in other words, they would enter the service during a time of war, of need and then they go back to being fathers and being husbands. I had a wonderful father. Wonderful grandparents, wonderful family, who put their family first. Well they put their God first, Christ and their wives, and their sons and their children. This is the way America was built. These Generals in the Marine Corps and Army they don’t look at it that way, according to my husband. They are ordered, my husband being Chief of Staff told the men it was like this. **Its the Marine Corps first, the Brotherhood, the Cherry Marine, you know the bonding that goes on. The**

Marine Corps comes before God, before Jesus Christ, before the country and then its whatever the... you know the religion they have I don't know, because my husband is not a Christian, he's an Existentialist, certainly Al Gray is [General Alfred M Gray]. Krulak... I think his wife goes to church but their God is this Brotherhood and its very German."

25.40 Pastor Strawcutter – “Does it have Masonic leanings?”

25.41 Kay Griggs – “Oh absolutely Masonic leanings, in fact the Admiral who was... the last Admiral whose car my husband bought. He was very impressed with this Norwegian Admiral. They're all masons now, not all masons but this Brotherhood, Opus Dei, or the Mob. The one thing that I've been able to determine about the current Marine Corps that my husband came in with... Gray, [Tom] Reep, [General John J] Sheehan... they're all the Mob. New Jersey Mafia. Brooklyn.”

26.31 Pastor Strawcutter – “The Mob and this military bunch they're one and the same?”

26.36 Kay Griggs - “The Marine Corps guys are the hit men. They are mercenaries, they will work for anybody. You think the Marine Corps is the Navy? No way. They can just as easily be under an Army Colonel and if the Army Colonel meets a Marine Corps Colonel, the Army Colonel is superior. They'll switch hats just like that. My husband said its just you know no big deal. I will go and work for the State Department... the Marine Corps is a smoke and mirrors thing. And they are run out of New Orleans 4<sup>th</sup> Marine... Oswald, on his level (George Griggs) he said they have never been an enemy of the Soviet Union. They work with these Communists. The man who started this whole intelligence operation OSS, HE WAS RECRUITING KNOWN COMMUNISTS, WHO WERE INVOLVED IN THE SPANISH CIVIL WAR SUBVERTING SPAIN. [PIERS & JEREMY CORBYN'S MOTHER AND FATHER WERE INVOLVED WITH THAT, THEY MET AT SPANISH CIVIL WAR... MOTHER WAS ONLY 17... K CAN EXPAND ON THAT] They're not Americans. They're not Christians. They're German Existentialists. Now what are they doing running our nation? They have more affinity for the State of Israel right now than they do our nation. They don't care about American citizens. The judges now in the Courts are military officers following chain of command orders. They're not independent judges.”

28.12 Pastor Strawcutter – “So all this spills over into the political areas like judgeships, Senators, Congressmen...”

28.19 Kay Griggs - “Sure... they're all Marines or Army Officers. Who is John Warner? A Marine. Who is Chuck Robb? A Marine. Who is in control of the powerful committees? Dick Davis, Lieutenant Governor of Virginia, a Marine. His wife was... I hate to say it, well everybody knows in Norfolk, a prostitute. Martha was a wonderful woman Im sure to him but they were involved in organised crime. Now I know that our present Governor in Virginia, is an Army Officer. He takes orders. So the question that all of us wives are asking now is, well who gives the orders. If they are told that we the wives are enemies, how are the sons going to grow up? If the mothers who are teaching them truth are lied to and their husbands are told, ordered by the likes of Al Gray, major homosexual, when he was in the... I

shouldn't say this but its true... **when he was in Marseilles, the boys are called Gray's Boys. He never married until...**"

29.39 Pastor Strawcutter – "OK... Boys... you're referring to... everybody under Al Gray."

29.43 Kay Griggs – "Everybody under Al Gray **and he had a separate organisation while he was commandant that was a contract organisation, getting information on people... if they weren't corrupted, corrupting people... farming people. So that he would have something on them.** So that they would use that later to control and manipulate them, its like what happened to **Newt Gingrich, Bill Clinton** who have gone through the sweats... like **Cohen**. What happens is, they get a little tiny thing to prove their power... how much power they have. They use people like **Michael Isikoff in Newsweek, and their little clones like Woodard and Carl Bernstein who are operatives.**"

30.38 Pastor Strawcutter – "Oh my goodness... **I believe it was Bob Woodward**, is it Woodward or the other one **[Carl Bernstein]**. You see **I knew some British intelligence people. I was told the whole story about how he [Carl Bernstein] was running around with Peter Jay's wife [Margaret], who is the Ambassador to Great Britain and this man was sleeping with Peter Jay's wife**, and there was a movie, I think Jack Nicholson **[A Few Good Men]** was this guy, **and this was her story about what she went through while her husband the columnist was sleeping with the Ambassador's wife to get information about what was going on in Great Britain. Now this is the team that broke Watergate so what were the motives? Of course Watergate was horrible. And Nixon had something like 60 Military JAGS alone working for him doing "Dirty Tricks". One of the JAGS was Ernest Frank Reynolds.** He changed his name to **Ern Reynolds. He came to me... I was farmed... Tim Hunter, an Intelligence Army Operative,** came to me with this story about... oh you know, a hard luck story... I was in Saudi... "I have this friend who can help you out with your legal case, he's a really good guy, **Ern Reynolds**... "if you meet him I know he will do some free legal work for you". So I was staying with Sarah and I didn't have any money but I took the little train in Fairfax and he let me in his Volvo Stationwagon with his jacket on... I didn't know what the big 4 was on his jacket and he took me to his..."

32.31 Pastor Strawcutter – "And what did it mean?"

32.33 Kay Griggs – "4<sup>th</sup> Marine... Operative. And he had the most fantastic apartment. You see I'm a big book person and I love reading history and I'm impressed by people who read who are intelligent who are wise."

32.58 Pastor Strawcutter – "You have a Masters yourself..."

33.03 Kay Griggs "...in Scottish history, are an Undergraduate in Virginia history. **I worked on the Dunmore Papers,** I studied with people like **Ian Cowan [The Renaissance in Scotland], Geoffrey Barrow [The Kingdom of the Scots] and [Sir] Tom Divine [The Scottish Nation].** These are scholars in Great Britain who are experts on the Reformation and my interests was **Mary Queen of Scots** and the Reformation and also **Lord Dunmore who was the last Royal Governor of Virginia** and I was working on the Dunmore Papers too."

33.30 Pastor Strawcutter – “So you had an interest in... this guy’s layout impressed you. He was a real intellectual.”

33.34 Kay Griggs – “Yes, and he was divorced, had a sad story and everything. **Worked for the Justice Department. Was supposedly a whistleblower, supposedly a Christian...**”

33.49 Pastor Strawcutter – “So this guy’s really going to help you out.”

33.50 Kay Griggs – “Oh yeah... boy did I buy into that.”

33.57 Pastor Strawcutter – “Its like the old story “I’m from the Government and I’m here to help you.”

33.58 Kay Griggs – “So I caught him sneaking around my house at 2.00 o’clock in the morning.”

34.03 Pastor Strawcutter – “2 in the morning?”

34.04 Kay Griggs – “and of course, I was the most gullible in school, and I’m trusting, I’m a Christian, and I always look to the good side of somebody, I see the good part. It took me about three times... **the guy had my original documents, had just been in my briefcase and had them under his car seat. He invites me to a Cybernetics Conference in Champaign Illinois, I leave Martha Roundtree’s apartment** and its arranged so that all of my things are in his safe little car and we are going to his parents house in Roanoke and of course you can’t take all your things to the Cybernetics Conference... because I was going home, **but this is a smooth psychological operations guy, I mean he is doing psychological operations on a woman in Champaign, Illinois who is the lover of a German spy** he has been writing letters to her and he’s showing me these letters, the guy’s perverted, I mean he’s writing Susan Parenti these letters invading her mind and Susan’s writing him two letters, I mean she is very beautiful he’s got pictures but he’s sharing these letters with a group of 7 men, one of whom is Head of Computers and Intelligence for the Army, Ron Jarmuth. Now Ron Jarmuth comes right out and says “**I’m an Anarchist**” his family are New York old Zionist Jews. **He met his wife in a Kibbutz.** He is a nice personable guy, but when you say to somebody like me “I’m an Anarchist” just so bluntly and you know... and he’s always over at Ern’s house. **Ern’s got a picture by his bedstead drawn by a man who’s a known homosexual whom he met when he was at University of Virginia** who was a **Chaplain at Hollins College** whom my best friend was there and she said he’s a well known homosexual and I’m thinking... what is a picture of **Ern Reynolds** doing being painted when he’s young by this known homosexual **and then I find out that the man who enlisted him in the Republican Party he was doing “Dirty Tricks” for 7 years for the Republican National Committee...** I mean Dirty Tricks!?!... underneath this man from Virginia who was a known homosexual! **Left all of his money to Ern’s son and took his son on a trip!** **And Ern is a lobbyist for homosexuals.** **He’s working in the Episcopal Church, [EASTERN STAR FREEMASONS???** he’s I’m sure that my case my profile he’s probably got charge of it now... **he’s the expert on Katharine Pollard Griggs**... but he’s not. The guy is absolutely not grown up. He’s a thief. **He was a JAG.**”

37.30 Pastor Strawcutter – “And so, your case just got stonewalled, just got sucked in to a memory hole by a guy who’s was acting on orders to.. you get Katharine Griggs under your control and thats that.”

37.48 Kay Griggs – “Sabotage her.”

37.49 Pastor Strawcutter – “Sabotage her. And he stole your documents.”

37.50 Kay Griggs – “Sure. Sabotaged me. **Turned on me right in the middle of the Commissioner’s hearing. Laughed at me when I cried. This is a guy who hates women.** And the interesting thing is I went to his family home and he had a wonderful mother. **He told me that his father battered his mother. His father was in the Marine Corps.** There was a picture of **Chesty Puller** in the basement...”

38.29 Pastor Strawcutter – “Well that’s the profile of these guys... his father battered the mother. He grew up in this dysfunctional environment, so when he hit the military, he was noticed in college, or RATC or whatever, **so here’s a guy who is susceptible to mind control, to be developed I think they use the term for “budding”** he was recognised as a potential “bud” and he’s moving up the ranks.”

38.58 Kay Griggs – “**His roommate was from New York, was a Zionist, and he was an Outcast at University of Virginia.**”

39.05 Pastor Strawcutter – “And why would he be an outcast?”

39.06 Kay Griggs – “**He felt he was an outcast.** So he had this Roommate and I don’t know this man who was the homosexual from West Virginia and we had to go by through his town and the guy died, **but this homosexual was a friend of the homosexual at Hollins, who was the Chaplain there at Hollins College.** Whom I’m met we had lunch with him one day. The father had the picture of Chesty Puller and so forth, well Ern I knew was trying to sabotage me, because I had already had **Alexander Robinson come down from Princeton every other weekend, my husband’s teacher who is also a Marine who’s family brought over the Saudi Royals who was one of my husband’s teachers and I caught him walking around my house at 2 o’clock in the morning.** I overheard him talking to my best friend’s mother saying... and undercutting me saying “now we just don’t know Kay is under so much stress” and he’s a very handsome, very dignified guy, **went to Columbia University, was in Algeria, that area with the Marine Corps. Then went into the Boys school, the Hun School... he’s in Intelligence without a doubt. His brother in law was Bill Eddy, Colonel Bill Eddy,** who was the... I believe it’s the brother in law... his name is Bill Eddy but **he was a Translator for the Saudi Royals during the Roosevelt Administration. The Roosevelt, the New York crowd was trying to steel all of those countries away from Great Britain. The Balfour Declaration** had come in and there was a guy named Moose, not the present Moose who has the Africa Desk at the State Department who’s an African American but this was a guy named **Moose who helped the State Department steal Saudi Arabia away from Britain. Because Britain was allowing the Saudis to be Saudis, to keep their religion and keep their culture... they weren’t trying to kill people right off the bat. So George is part of that OSS crowd.**”

42.07 Pastor Strawcutter – “And, their stock and trade is murder, assassination, creating conflicts, phoney balony wars, for the purpose of making money...”

42.22 Kay Griggs – **“Selling weapons, money, drugs, controlling the drug flow.”**

42.21 Pastor Strawcutter – “Now lets talk about the drug flow in the United States. Based on the conversations with your husband...”

42.24 Kay Griggs – “I’ve met drug lord’s through him! I met the head guy... George was telling me everything. The first three years of marriage it was just like... “you’re with me gal” because he was so used to talking with **Mary Hallab** and **Amber Shoo**. You know the group partnerships with sex and all this stuff and you know I’m a pretty loving woman and I’m fun and I was then.”

42.53 Pastor Strawcutter – “But you’re not into swinging.”

42.54 Kay Griggs – “No I’m not into swinging and **George was into swinging. He and Sue and Nancy and Jim were all... and I heard about that from the colonels and one Navy captain.**”

43.06 Pastor Strawcutter – **“But your husband would also tell you that this is just life, the way it is in our crowd. All these Generals, Admirals, Colonels, all these people...”**

43.11 Kay Griggs – “Oh yes. Men too!”

43.40 Pastor Strawcutter – “So they’re into making money and this is the drug business... so you met all these drug lords.”

43.46 Kay Griggs – “Yes, I met **Fahim Qortabawi...**”

43.49 Pastor Strawcutter – “As if they were just business partners.”

43.50 Kay Griggs – “Well he told me what they did. **Fahim was a Colonel** he is in the diary too. **George said what they do is they nurture, the sons of prominent families...** State Department finds them. They’re called **“Rising Stars”** and they **“turn”** them... that’s the word they use, **they bring them in, they rope them in. If they’re alcoholics give them more booze, if they want women, they find the women. They turn them and then let them know if they get into any trouble, come on here we’ll take care of them. Well Fahim had come on over here, things were getting hot in Beirut. He was a Catholic he came from a very prominent family,** and he was going in **hiding up in Maine.** I remember I had his number and I talked to his sister, but they called a lot of this stuff out of the house the very first time when George disappeared, **and then I found out what happened with Sue his first wife** and all of that.”

45.19 Pastor Strawcutter – “Well did you find out how drugs come into the country? I found a news piece one time when a pilot who was in prison alleged that they actually landed on military bases with huge planes loaded with dope.”

45.32 Kay Griggs – “This is how they all brought them in. **The Norwegians, the British... the drugs, you see they would come down through Burma, Turkey, they’d come through the Bekaa Valley. The banks were in Beirut. They were in Panama, Mexico, in St. Thomas... the laundering of cash...** you see cash, that’s why some of the banks are in New York, you can very easily find out who the drug lords are. **Barry McCaffrey** I saw him two weeks ago and he said... he let it slip out. **He’s an Army General. He said we haven’t done any more or any less in the last five years.** Now...”

46.28 Pastor Strawcutter – “In terms of the War on Drugs?”

46.29 Kay Griggs – “**They’re just “holding it”** word he used was “holding” and it was a word that you could tell they’d used in briefings... **the guys who are doing the drugs are military officers.** In fact...”

46.42 Pastor Strawcutter – “Doing the drugs you mean controlling them.”

46.43 Kay Griggs – “**Controlling them!** In fact, one of George’s best friends **Col. Ray Moore** I suspect that Ray Moore... **Ray Moore was from gang in the ghetto area in California.** His wife was a very good friend of mine **Charlotte.**”

Pastor Strawcutter – “She’s dead?”

47.04 Kay Griggs – “No... **he is.** But he, when **George would disappear, all of a sudden they would appear and be in the house. Calm me down, take me over, you know exercise, do all this mystical stuff and it was really funny because they came back from Mexico.** George just happened to disappear and they were right there. Well **Ray Moore...** all this stuff, I knew about his background, and I started thinking **what’s going on in Mexico, why the heck is Ray going down to Lake Chappala** and he would talk about his day. **His day would be going out with the men playing golf. Going to this Spa with the men... they were doing deals going to Guadalajara** and there would be **Tom Reep** another Chief of Staff for **Al Gray** going to Mexico, there would be **Ken Millice** another Temporary Chief of Staff when George’s wife’s funeral took place. **Now these are guys who are part of what we call the Brotherhood. They’re all going down to Mexico... so what’s going on down in Mexico...** Ray’s one of these guys who want’s to sit down and sit in the sun he doesn’t want to go down to Mexico and do all that stuff... but he did. **And he got Cancer all of a sudden. And another guy got Cancer all of a sudden right after he got out of the Marine Corps.**” [K TELL BoC about the guy in lake Chappala who got fast cancer there and wife killed herself... American alcoholic/swingers]

48.52 Pastor Strawcutter – “Now, not to divert from what we are talking about right now but, did your husband ever tell you about disease warfare and giving people sicknesses and...”

49.02 Kay Griggs – “Yes... **that’s partly what its all about, he called it ABC, NBC... it was something like Nuclear Biological Chemical... ABC Atomical Biological Chemical.** They call is Biologicals... and in fact his... I’m not going to mention his name **because this is a guy who’s really a good guy who’s scared shitless.** This guy is petrified because he is doing that work. The Chemical and Biological work. The Marine...”

49.45 Pastor Strawcutter – “You mean the Laboratory work?”

49.46 Kay Griggs – **“Dealing. Subterfuge, deception in the Middle East.”**

49.54 Pastor Strawcutter – “And they use disease causing drugs?”

49.55 Kay Griggs – “Absolutely.”

49.56 Pastor Strawcutter – “And how do they administer them?”

49.57 Kay Griggs – **“In missiles**, I mean this is an elaborate big business. Like **Peter Kawaja, Marine Corps guy** who’s **working in plain clothes in one of the places in Florida**. This is why George is in Florida, this is why they’re all down in Florida because **we manufactured the chemicals and biologicals that were in Iraq**. Now if you don’t believe me, you don’t believe Peter Kawaja Marine Corps Colonel... **he said they killed his wife**, I believe him. He worked in **one of these factories that was supposedly a Candy factory** where they were manufacturing **deadly deadly killer things**. The Marine Corps **Al Gray, Krulak, Carl Mundy he is in the CFR**. He was in **Ken Millice**’ class who was the Chief of Staff, the one who controlled me. **I went to his mothers house in Sevenmile Ohio his father was a German Nazi**. I’m not saying that being a Nazi is bad but he’s part of this group. And if you don’t believe me, if you don’t believe **Peter Kawaja about the drugs**, I mean its just its everybody knows... There’s a guy called **Randy Aber Lieutenant Col...** a hero, an American Patriot. This is a guy who should be a Commandant of the Marine Corps. **Krulak... I’m talking to you, I’m talking to Al Gray, I’m talking to you Carl Mundy**. You all are adolescent, immature, I call you twerps. You’re liars, you cheat, you steal, you kill... you are beneath the contempt of any of your wives. They are scared to death. Why do you do this to your wives. **Look at that tape of Randy Aber**. I knew **Chesty Puller** and this is a strong wonderful guy. I knew his wife **Virginia Mack**. I knew a real marine. You can’t say that you knew him because yo didn’t. I did. Randy Aber sat he could hardly talk, he was leading a platoon into Iraq. His wife was sitting to his left, his wonderful father was sitting to his right and he said that his Colonel, he was a Lieutenant Colonel at that time, I believe he was a Lieutenant Colonel. He said my Colonel ordered me... **all of our registers warned me this is dangerous there are chemicals, biological weapons everywhere** I was told and I was following orders. His wife was... this is a young guy, his wife was having to interpret for him, he had been turned on by you guys. He said “on those cannisters and boxes were American flags” **those were American biological agents that we were walking into that killed me that you Gray and you Scrowcroft and you McFarlane and you guys knew Ed Wilson best friend of my husband. You all sold to Sadam Hussein and not only that I talked to the man who trained the woman who was sent over from Iraq to learn how to build the biologicals and chemicals... the plants**. She was trained here in the United States and **Randy Aber’s testimony [K find]** says everything that I could say a million times better because this is a real man unlike the Generals unlike the Colonels. This is a real hero.”

54.30 Pastor Strawcutter – “Now is Randy Aber still alive?”

54.31 Kay Griggs – “I don’t know and I hope and pray to God that he is... because this is a man who should take over the Marine Corps... or his wife. That’s why they don’t have any women in

Special Operations. That's why they don't have any African Americans. They're too honest and too strongly Christian. Now **the only guy I know who is involved is a homosexual and his buddy is an Israeli agent. And they are lovers.** They are a pair. But he is now a Colonel and he is under the guidance of **Ken Millice.**"

54.40 Pastor Strawcutter – "OK now as these Generals over a period of years... this is consolidated to where **they are all part of this club, members of "the Firm"**, so as the Firm grows, even as the old guys, the gray haired die off, get old, retire or whatever, they have already set in motion a system that culls out these young budding "Rising Stars", and they work up the ranks and in time it consolidates until no one is in this unless they're in the club. Is your conclusion based on what you know from your husband's revelations reading his diary and this sort of thing, is there anybody in the US Military, the Army and Marines, anybody in the level of your Generals, your Colonels is there anybody who would not be in the club?"

56.18 Kay Griggs – "**There's nobody who does not know.** In Special Operations I would say, and I would put money in the bank on this, **not one of them is not a part of this. Once they get that Bird, they go through an initiation ceremony.** My husband told me about that too."

56.42 Pastor Strawcutter – "What's the initiation?"

56.45 Kay Griggs – "**They get them drunk. "Dining In" "Shell Back" He told me...**"

56.50 Pastor Strawcutter – "Dining In... this is a term they use. A code word. Shell Back... what does that mean?"

56.56 Kay Griggs – "**Anal Sex... but they get them really drunk.** The guys who are that way do it, its a group situation thing. And I was told by two Colonels who said you know **its normal** Kay, this is just what we do in battle. **They get drunk and they ejaculate, they beat each other off...** it's awful. Now, I'm not God and I'm not going to judge them and their souls **this is a well oiled system and when you've got the Commandant well known as a Cherry Marine... Cherry Marine**"

57.51 Pastor Strawcutter – "Which means...?"

57.52 Kay Griggs – "**Bottom, bottom.** The Navy guys are on top. Think about this. **Walter Chrysler in Norfolk. Each port has a hierarchy. Wealthy at the top. Walter Chrysler and Phil Hornthall** everybody in Norfolk knows that... where did they meet? In the Navy. I was engaged to **Jack Mace** when I was at the Virginia Center for World Trade. **He ran the Maritime Association and the Shipping Association always dealt with the Labour union guys, always all male banquets and I couldn't understand why** I was engaged and I couldn't even go to the Thousand Man Banquet... we had a big argument about that. **Rock Hudson where did he meet his guy? Navy. Jim Neighbours, all of these guys, Navy.** So they're all tapped for whatever it is, acting, singing, Liberace..."

Pastor Strawcutter – "Was he Navy?"

58.58 Kay Griggs – “I believe he was. Someone told me that he was a friend of one of the guys in Norfolk, **there was a VMI ring of men, in Norfolk** and I knew they met once a month... they were all Navy. They were Army, Navy in other words it was a group of men in Norfolk. **And then I found out that the organisation like right now, Al Anon is run by homosexuals. The Better Business Bureau, the Community Fund** which is... I forget what it’s called now. **Jack Mace... they’re all run by homosexuals...** and I’m wondering which one isn’t! They all are and the guys know it so what is going on here! **[Older men in/Old Dominion] Universities, Clyburn?, Intelligence family, he was well known, the Reporters on The Virginian Pilot** who do the very important columns and so forth, so I’m saying who is making the decision to do this. The military... what is the reason behind it? Why do they keep their wives out of the loop?”

1.00.32 Pastor Strawcutter – “So when people suggest that United States is becoming a modern day Sodom and Gormorah... this really is not a broad generalisation. That this club as has grown over the years and then placing and promoting the key people in every strata of life...”

1.00.52 Kay Griggs – “**Banking...**”

1.00.53 Pastor Strawcutter – “**Then the whole thing not only the military is run by degenerates, and top heavy with degenerates, people who are moral, can’t possibly move their way up.**”

1.01.05 Kay Griggs – “**No they kill them, they kill them they get rid of them.**”

1.01.06 Pastor Strawcutter – “They can’t be controlled.”

1.01.07 Kay Griggs – “One example, I was the Executive Secretary for the Virginia Center for World Trade had a Board of the supposedly the most important leaders who were picked out by **Jerome Weiner, Jerry Weiner**. I was a shill for that. **I had done a lot of great things at Old Dominion**, they wondered why I did it, because **they don’t understand Christians** and he knew I was a worker so they hired me to go over to the World Trade Center at the Virginia Port Authority. I had an office in there and **Jerome Weiner**, what’s interesting is that **Mary Clarke Hallab** worked for him. The girl who had my job who was a normal woman like me, because **there were a few who were not so normal, like Bobby Bray, not the Bobby Bray of the Port Authority**. He was very nice, **he was a known homosexual who worked with Weiner**. **His secretary was pushed out of a window. It was all hushed up.**”

1.02.22 Pastor Strawcutter – “Of course she committed suicide.”

1.02.23 Kay Griggs – “**This was a young mother who had a baby who knew too much about his money laundering.** I reported the money laundering at **Book & Weiner**. Now this is a **Professor, Head of International Programs at Old Dominion University, Jerry Weiner** who’s **father is very high up in the Zionist group. Jerry Weiner was doing Intelligence work in Algeria, in Morocco in particular. He organised this Board that I was a secretary of. He was a very sick, mean guy, talk about mean.** **Jack Mace** was on the Board and there was a banker on the Board. But **Gustavo** I loved the guy, he was from **Columbia**. He was in **Virginia National Bank** which is now **Nations Bank** and I didn’t put him, because I had studied Latin American history under the wonderful Dr. Blossom. I knew a lot of stuff about Latin America and **Nurinjo**

and how Panama became a part of our country. I understand it was drugs and running things through and everything but Gustavo was in charge of all the laundering that was going on at Virginia National Bank and the port. And where did he go after that? He went to Florida. He introduced me to Anna Maria Quintero whose brother is one of the big mobsters... you know the big Colombian... I met Anna Maria Quintero. You see I don't forget things like this, that's why they don't like me. Because I imprint on wonderful foreign people. I want to know them I want to send them Christmas Cards and its not very good to have somebody like a little magnet. I'm like a little Monica... she's seeking out sex with important guys. I'm wanting to meet people like that from different cultures because I want to learn about them. Christ said you go out, and you minister to the people who are foreigners you don't just spend your time with your home people, you need your home people as your base. You need to go out and find out truth and spread goodness everywhere. Truth is goodness, truth is light. And that's what Christ is all about. You're not afraid to learn truth. All these cathedrals and things that were built in his honour, why? He was wonderful. He told the big guys, stop being bullies and cowards. Let the poor people into your church. Everybody... God gives us all a unique spirit. Women in Scotland at least, in my culture, we are partners with our men. We need the authority of our husband, we want a strong moral husband but what is that passage, about the good wife... in proverbs, she's buying selling property... so why keep her at home and not being able to read and speak three languages and welcome all the foreigners to come in, hey that's what Jesus Christ would be doing if he were here... he'd be saying go for it little woman."

1.08.09 Pastor Strawcutter – "When you get to be a Bird Colonel, and they have this initiation that involves all this sexual debauchery..."

1.08.16 Kay Griggs – "Drinking first."

1.08.17 Pastor Strawcutter – "Get 'em good and drunk."

1.08.18 Kay Griggs – "Oh big time drunk."

1.08.21 Pastor Strawcutter – "Because there would be some of these, if they were good and sober they would go through with it. They would have to be blasted."

1.08.27 Kay Griggs – "Yes oh yes."

1.08.28 Pastor Strawcutter – "Now do you suppose... I don't know your husband maybe told you, when they go through all this stuff that they do. The people there are gathering information. Intelligence on them."

1.08.41 Kay Griggs – "Of course! The Chaplains are Intelligence. You know, in Nazi Germany and in the Soviet Union they encouraged you to tell on your parents? Phil Holwager... guys who go to Yale, who become Chaplains, the Chaplain Corps tell all the tales on everybody. They have Collections Agencies. These Marines are ordered to go and collect so and so at so and so. If the Marine tells truth, if he's a whistleblower, if the wife is too much trouble. They collect them, they throw them in, they'll fill them full of chemicals, they'll implant little things in

them. **I believe that my husband has an implant. Well McVeigh said that he had it.** I believe George did. Now, ask yourself... I know George had a male friend... he has male friends.”

1.09.51 Pastor Strawcutter – “Your husband is bisexual.”

1.09.52 Kay Griggs – “**Yes and I was told that by colonels and a captain. By a psychiatrist.**”

1.10.04 Pastor Strawcutter – “What percentage of these people are bisexual?”

1.10.07 Kay Griggs – “**Oh all of them if they’re in Special Operations. If they’re Marines, they’re all bisexual. They’ve all had to do it. In order to get to be a Bird Colonel.** The SEALs. It’s kind of like the fast road to the top.”

1.10.28 Pastor Strawcutter – “So a guy could not be a Seal without having...”

1.10.29 Kay Griggs – “Oh I don’t believe so. I haven’t met one that I don’t believe would have done it. And judging from what a couple of Colonels told me, its just the norm. Its just you women y’all are so sissy you don’t understand how it is we’re under such pressure and when **Valerie Wilhelm** told me that about **Charlie** I just could not believe it.”

1.10.54 Pastor Strawcutter – “And **Charlie Wilhelm** would be a...”

1.10.55 Kay Griggs – “**He’s a General. Down in Miami.** She was just saying oh well he is run around... he has to. They’re under so much pressure. She was saying that of course **I had met Charlie in Norway and Charlie is someone my husband idolises. Michael O’Boyle** is another one. **Michael is my husband’s special friend.** When my husband retired, we went to Al Gray’s office. This was a traumatic thing for me it was a really weird day. We drove up with his son Douglas and my son Garland. We went to the Commandant’s Office. They had something to nibble on and eat and just a little something, and his wife Jan came over from **Athan High Street** the Commandant House with her dogs. She sleeps with stuffed animals and dogs. I don’t think there is any love making that goes on between Al and his wife and neither do the Colonels. She is a wonderful sweet person, scared to death. **She worked for his Intelligence organisation and then she supposedly “took care” of his mother and then they married. He would not have made it. Everybody knew he was a homosexual not a bisexual. This is a homosexual Commandant.** I talk to people who actually one woman who went to one of the parties, she was French and she married a Naval Officer. It was when George and I were first married. **I told George about what she said about General Gray. She said you cannot believe this man is totally debauched. This man does these group sex orgies outside of Marseilles, France. He’s just horrible.** She said now I have to admit I was party girl and went to these parties. What would happen is, and I met a guy in the laundromat and he was enlisted and involved in Beirut and he knew my husband and **he was going back and forth from Gaeta to the New Jersey the ship and into Beirut** on the beach and everything, and **he worked for an Admiral. This is a big Admiral. The Admiral would go to these parties in a big mansion outside Marseilles.** What they did was they invited the wild girls, the secretaries, because **this went on in Indonesia.** My husband had a secretary. **Amber Shoo’s husband Hank** was

sleeping with the secretary. My husband was sleeping with the secretary and Amber Shoo they were doing... because my husband's wife wasn't there so **they were doing menage a quatre** and of course my husband was sleeping with **Amber Shoo who's now a lesbian**, but he was sleeping with her and called her right after his wife died, the night... I found her telephone numbers and her address and her birthday and all these letters he was writing her."

1.14.36 Pastor Strawcutter – "Isn't there a disease that runs rampant with these people?"

1.14.38 Kay Griggs – "Oh yes yes. But **Al Gray**... **this guy, would guard the parties**. **How does that make a young guy feel who's got a child...** **he's guarding an orgy with Israelis...** **there are Israelis at these parties, Intelligence people**. There's perversion there's psychological.. **these guys are abnormal, they're adolescent, they're not full complete people**, they can't have normal... anyway, so he's guarding the parties and he says **the girl's stay until about 11pm**... they're all nude, all nudists... **the Earls, Jim and Nancy Earl**, my husband, **Tye Kroll**, most of the chiefs... nudists, makes it easier to see the little you know... it's awful."

1.15.47 Pastor Strawcutter – "they're nudists in the sense that..."

1.15.45 Kay Griggs – "Yeah... they're nudists."

1.15.46 Pastor Strawcutter – "So they have..."

1.15.48 Kay Griggs – "Freedom."

1.15.49 Pastor Strawcutter – "Oh I see. It's really kind of religious isn't it... with them?"

1.15.54 Kay Griggs – "Yes yes... but **the women leave at about 11 o'clock**, this is what he said, I knew the girls were there because I had been talking to the French girl, and **he said well you know, what they do is the women leave at about 11 o'clock maybe 1 o'clock and the guys all stay around there. And its just the ritual**. This is what they do... then I found out..." **[Christine Keeler book Astor family home said the same thing... that the women would leave and then they would bring in the small boys]** about..."

1.16.25 Pastor Strawcutter – "These are the guys who send our guys to war."

1.16.26 Kay Griggs – "Yes...these are the guys. Then I found out because my husband would mention this guy and that guy... **Bob Edwards** is involved with this stuff, **but the guy who recruited him Charles Caddock who is a well known homosexual who is the "Head Teacher" but the body guard of the Saudi boys. You see the Saudi boys were encouraged to do this to corrupt them. They were corrupting Moslems who would not have done this ordinarily. The parties at AramCo**, they would get young boys, get them really drunk and encourage Moslem sons to do this kind of stuff."

1.17.16 Pastor Strawcutter – "Moslems who would have a strong tendency toward morality and to abhor this kind of behaviour. But if they can get them drunk and get them to do this just one time, then they would gain a controlling edge on these guys."

1.17.34 Kay Griggs – “And who do you think did it? **Charles Caddock and Borland** and these guys, **Alexander Robinson, Chesebro** who was the Headmaster. **The Saudis** bought Russell House at the Hun School at Princeton. They brought over **Mohammed Faisal and Kahleed, Saoud**. They didn’t really go to classes. And who was the young man who was partying with them? My husband, **George Griggs**. Who was in the group with them? **Einstein!** My husband was partying with **Albert Einstein.**”

1.18.14 Pastor Strawcutter – “And when would this have been? At what age his life?”

1.18.16 Kay Griggs – “52, 53, 54, 55. I believe he said that **Mohammed** came over in 54. It was right after the murder, the poisoning of the one who was really good.”

1.18.30 Pastor Strawcutter - “So your husband would have been a young guy 18 or 19 years old?”

1.18.34 Kay Griggs – “**Oh he was only... when they first got to him he was in high school so he was only 15 years old he was 9<sup>th</sup> Grade.**”

1.18.41 Pastor Strawcutter – “and he would be there?”

1.18.43 Kay Griggs – “**He was at the school with homosexuals! They sent his parents to California.** Got him a little boy scout job his father, **he didn’t see his parents for 8 solid years.** This is amazing.”

1.18.58 Pastor Strawcutter – “I see, so the transference is that these people become your parents. **They’re the ones you look up to.**”

1.19.02 Kay Griggs – “Oh of course. **But they’re doing things to you.**”

1.19.03 Pastor Strawcutter – “Sure. **They’re sodomising you. Albert Einstein** was actually...”

1.19.08 Kay Griggs – “**was in that homosexual group bisexual group.** Absolutely. **Camus, Sartre.** Now I don’t believe my husband actually met Camus... but **Camus was a lover of his French teacher at Princeton.** Not **Todovey,** **not the one who helped him with his paper whom he had an affair with,** and I was told that by normal roommates whom he had later on and by another roommate. They knew George was doing this stuff. George was a Cheerleader, he was a French major.”

1.19.53 Pastor Strawcutter – “**Were there any other young teenagers from that particular setting that were also being cultivated?**”

1.20.00 Kay Griggs – “**Yes. Bob Edwards. Bob Edwards who’s a Marine Corps Colonel.** He’s part of that group. My husband met with Bob Edwards... **Bob Edwards went to Fort Benning he was Psychological Warfare.** In fact, **he was involved with the subterfuge after I was injured and my husband socked me in the breast and I had to have surgery.** Because he had already broken a leg and I was starting to document the violence but I’m such an upfront person that... all I

wanted him to say was I'm sorry Kay I did this. But I was trying to do what Rosie Greer did, if you're battering your wife, you put a mirror up in front of yourself or a photograph and you try to imprint the lower brain, because I wanted to save his soul. Because **this guy had murdered his first wife. Battered her to death. I mean he dragged her body back. Sue had a cerebral haemorage** that's too much for me to get into. **He was doing that to me and I stopped him from drinking thinking this would stop the battering**, but I started taking notes, taping things when he would go in these rages, because I wanted somebody to know. I wanted somebody to help me so I wouldn't die. **I'd had surgery, I'd had broken bones** and I was trying to reach out for some help. And so I tried to get him to realise what he was doing. I said George I know you did this to Sue. **Do you really want me dead? But he started getting scared and he was cool.**"

1.21.54 Pastor Strawcutter – "Did he ever admit to you that he was responsible for his first wife's death?"

1.21.55 Kay Griggs – "He admitted that they didn't get along. He admitted that he didn't love her. He admitted that he had hurt her. **He admitted that he had dragged her body back after she had supposedly collapsed at dinner. Now this is a 200lb woman, she's huge because she is not happy.** She's sleeping with her dog. She doesn't sleep with her husband. Because he is too busy sleeping with other people. He doesn't find her attractive, he's sleeping with **Nancy Earl**... it's just the most crazy.... and she loves him because he's handsome. What is she going to do? She's never worked a day in her life... her mother loves him. Who would believe you that a handsome wonderful guy... "oh but George is so nice". And this is what the wives go through they know that it will be hard. What **George did was he had clout in the State Department and they knew that I just loved showing people around. So he would plan something that I just have to do I would be hooked and he had some dignitaries who came over from... they were parliamentarians from Panama.** Of course we had to go to Richmond, so I had to stay overnight with them and **George didn't want to go with me** and it just so happened that **Bob Edwards** his Army Colonel friend invited him to come up to meet with some of the guys at New Hope Pennsylvania or Bucks County or wherever it was. Well he had already been talking to **Phil Holwager** about abuse because I had gone in for surgery and I thought it was very unusual that **Phil Holwager was there during the surgery holding George's hand. It wasn't for me, it was to make sure George didn't fall apart and to make sure that I didn't say anything when I was under sodium pentothal,** covering George's ass... **he was the Chaplain at Fleet Marine Force Atlantic and was the Chaplain for Sue's funeral.** He knew what George had done. He runs around on his wife, he's playing golf all the time **he and George were playing golf with this single woman and he's this so called Chaplain and he went to school and was a class mater of [1.24.54] Gary Hart at Yale and a colleague of Pat Robertson.** Im not saying Pat does that kind of thing, but **they went to Yale. So George was a violent man and he started knowing that I was sort of going to do something so he started doing certain things.** Now looking back I can see why because of the violence. He wouldn't have been able to use his 45 any more if he was convicted of battering me. So they wanted to make sure that he was protected. So his wife has got to go... his wife is way down the totem pole. It doesn't matter what wife. And that's why many wives are so afraid. They all talk cryptically and they even talk outside the house.

[Kay waffles a bit about sex parties and sex t shirts]

1.29.53 Pastor Strawcutter: - “Did your husband ever mention the name to you of **Lt. Col. Bo Gritz**?”

1.29.54 Kay Griggs – “No. But I know who he is.” He has a lot of Army friends not that he doesn’t know Bo Gritz, I believe he’s Army.. he’s a guerilla a commando.”

1.30.26 Pastor Strawcutter – “But his name didn’t come up as... anything in Intelligence?”

1.30.27 Kay Griggs – “No my husband is way above **Bo Gritz** level... my husband mentioned [Robert] **McFarlane** and **Krow/Crawe**, Crawe was his tennis partner. [Alexander] **Haig**, [Henry] **Kissinger**, **Victor Krulak**. See **Gray is the control guy** and Joy. **Joy is a big guy**. But Joy lost his job at Morale Welfare and Recreation. I believe because I told somebody, maybe it wasn’t because of me that he lost his job but they made him move somewhere else. Because he was at **Morale Welfare Recreation** which is kind of a money laundering thing. **They run all the Officers Clubs all the Recreation**. Its not a private. **It’s all run by the military even though its not supposed to be military. They give the good old boys these jobs... he was probably earning \$200,000. The retirement for a Colonel just the retirement was \$50,000/\$60,000. Then they give them these other jobs so their income is \$200,000 \$300,000**. They all get swimming pools behind their houses.

1.32.02 Pastor Strawcutter – “**It would certainly purchase loyalty**. Who’s ever going to bite the hand that feeds that.”

1.32.05 Kay Griggs – “No. Nobody. Dirty business. **But all the Captains and all the Admirals know this and wink**. It’s sick, sick. **This is taxpayer money**. Hard working people who are just wondering where the money is going to come from to pay their taxes. Mothers of children who are having to work two jobs to feed their three children. And they’re spending \$10m on phallic shaped weapons. I went to the Army show just last week I was up there. **They had a hearing on Okinawa and Rapes a day. You know they call it a murder-rape-a-day, a-crime-a-day by Marines in Okinawa and I went up there.** [1.33.12] **John Conyers** [K related to Conyers Dill & Pearman in **Bermuda?**] had a hearing and they also had the Army Show which I had gone to a couple of years before and in the basement of this big hotel, **they had this 200 or more vendors of weapons. Israel has a joint venture IAI has a joint venture with TWR** that does all the credit reports on Americans. **Now they have the computers together. The Israelis stole the whole ENSOR system and they sold it back to the Justice Department and there were murders over that.** Mike Fuller knows all about that. [?????] **Mike Fuller** was a former assassin who’s talking and they are after him believe me, I met him through Sarah.” [K find?]

1.34.10 Pastor Strawcutter – “**What about this Victor Marcinko**. You’re pictured with him. What’s he about?”

1.34.15 Kay Griggs – “**Well he is a typical example of the mercenary who is brought over from Czechoslovakia, Poland, Romania, the Eastern Block Countries who are actually KGB double agents. His family came over, in other words they bring over the young men and then they become citizens**. I’ve read his books. I wanted to meet the guy. He knows who George is. I read two of his books just to see, to see if its what George said. **If you read Marcinko’s book you will**

**see my husband.** The arrogance. **“Well sure, we’re going to go into this Embassy. We’re going to put a whole with this person and we’re going to spy on them and what they’re doing and we’re going to just steel that statue just for the hell of it.** Now when you multiply everyone of the teams all the graduates and think in terms of 100 men applying and maybe 90 go through most of the training but they don’t quite make it. Then they’ve got 400 and 600 men who make it and then you multiply that over time... this gathering of SEALs that I went to, **there were probably 1000 men there. Now they have to do a cold kill.**”

1.36.13 Pastor Strawcutter – **“Cold kill?”**

1.36.15 **Kill somebody, just to prove they can do it, like ducks.”**

1.36.17 Pastor Strawcutter – **“Wait a minute. The SEALs?”**

1.36.18 Pastor Strawcutter - **“So all 1000 of these guys have killed someone?”**

1.36.19 Kay Griggs – **“They’ve done a cold kill... yes.”**

1.36.22 Pastor Strawcutter – **“Now a cold kill would be a killing under orders?”**

1.36.26 Kay Griggs – **“It’s a graduation exercise kind of thing.”**

1.36.34 Pastor Strawcutter – **“Who would they kill?”**

1.36.35 Kay Griggs – **“Well just somebody, anybody. Just go into a hotel and whack off somebody. I was told that for graduation exercises the greatest thing to do was to break into a General or a Colonel’s wife’s house and steel some things, you know personal items.”**

1.36.57 Pastor Strawcutter – **“To prove that you were good enough?”**

1.36.58 Kay Griggs – **“Oh yeah. My underwear disappeared, my lingerie, my teddies and the funny thing is I don’t know whether it was Michael O’Boyle doing it because from 1991 to 1993 Michael O’Boyle was 3 miles away from my husband. He was at his graduation exercise. He was very close to my husband and yet he was just down the road and I started questioning my husband “what is this about you and Michael? What’s going on?” Well Michael was there and my husband never told me and he saw him all the time and I’m looking back when my teddies disappeared. Now Michael had hit his first wife and divorced. He had an affair with a woman and a child with his secretary. So he was having an affair with a woman, I mean Michael is both ways if you know what I mean, but in order to get into the system, he sort of did it with my husband. He was my husband’s younger friend. That started when he was in the 7<sup>th</sup> Fleet under Krulak and Buehl in Intelligence on the ship. But Michael, there he was at Little Creek, my husband’s best friend, and he never invited him over. But he saw him. So I don’t know, you can guess what that means. But the teams, the biological, electronic warfare school after my husband left FMF Lant, he went to the school, the Special Operations school which ran the teams, foreigners, everywhere.”**

1.39.17 Pastor Strawcutter – “The term **Max SOG**... what does that mean?”

1.39.23 Kay Griggs – **“It was a code word for going out and sending platoons out to kill people in Vietnam. SOG is Special Operations Group, Special Operations SO, OSS, Secret Service SS, Nazi Spez Nes the German Storm Troopers. If you know anything about the German High Command it’s the Brotherhood, they are connected with the Opus Dei which is an Italian business group that works within the Vatican and I’m told that, and I like the Pope I think he’s a wonderful guy, but I am told that he was involved with that in WWII.”**

1.40.17 Pastor Strawcutter – “I’ve heard that too.”

1.40.18 Kay Griggs – “And that guy who was the Pope before was murdered so that he could get in.”

1.40.22 Pastor Strawcutter – “Now **I’m still curious about the SEALs and this murder thing. A Seal, in order to complete his indoctrination into becoming a “fully fledged SEAL”.** Part of that includes the fact that **he has to have killed somebody.”**

1.40.45 Kay Griggs – “Yes... **Seal Team 6** right. **The Red Team. The Ghetto** was the Captain of **that Team** and his wife and I had wonderful conversation with her.”

1.41.00 Pastor Strawcutter – “Would she confirm this with you?”

1.41.01 Kay Griggs – “She is scared, frightened. **Most of these women are scared to death because they know what happened to Sue Griggs.”**

1.41.14 Pastor Strawcutter – “So they support you, philosophically in their hearts at least.”

1.41.19 Kay Griggs – “Oh yes, we talk about it. Some of them have to go out of their house. Some of them won’t even talk about in the office where they work. They’ve had men come by their houses. They’ve had their papers stolen.”

1.41.33 Pastor Strawcutter – “I mean association with you could be the kiss of death.”

1.41.35 Kay Griggs – “Yes, oh sure. And they know that. But we talk anyway. And you’re talking about some really brave women here. And when I talked to... **there are a couple of Colonel’s wives, before I went public, they were talking to me except for Carolyn Millice** she turned just like that. She was the one who’s house I was in when I told about the go go dancers in the Officers Club and me taking the picture and thinking about writing the letter with the wives and she said **“Oh you can’t do that, you’ll ruin George’s career.” In other words Carolyn has really bought into the system and she is very pretty and she is very influential with the wives group but she will turn on you in a second** and... it really hurt me because I kind of depended on her and **Charlotte Moore** but when I went public when I started telling people what I knew little bit by little bit just to get my courage and then when I finally went to **Sarah McClendon** it was like... “You see, I told you.” Sarah McClendon called my house and they told her it was a military base and that the Griggs’ didn’t live there any more... then I was totally shut off and it was at that point I went in to

see Petty Sheehan and we had tea and food and he was the head of NATO, **Sacklan and his wife Peggy** said “Kay, just leave a note on the refrigerator” for George.”

1.43.46 Pastor Strawcutter – “Meaning?”

1.43.47 Kay Griggs – “In other words he’s coming into your house, they’re coming in your house it will get to George... this is **SOP, Standard Operating Procedure**. Just get used to being battered.”

1.44.02 Pastor Strawcutter – “Well she was a worshiper of the security of the position and the money and everything... just don’t rock the boat and we don’t want it any differently.”

1.44.06 Kay Griggs – “If you have to divorce your husband then that’s just the way it is. But it’s cold calculating and yet so unAmerican... So unAmerican. I know what America is like because everybody in my family were WWII. My brother was a Briefer for the Saclan Staff. He went on to be a medical doctor... of course he got out as soon as he could.”

1.44.51 Pastor Strawcutter – “Well you know people who love this country are just completely confused from Cab drivers to Bar Tenders I mean nobody can know I mean why does everything go in the one direction...”

1.45. 07 Kay Griggs – “You know what I say... when I started this it was like a 2000 piece puzzle. I know enough, its like a puzzle for a 2 year old or a 1 year old with 6 pieces its so easy to see. And everybody who talks to me sees it the same way. I’m sort of an interpretor. I kind of give a lot of the wives hope and the guys too who are already out and scared and they say well this little woman she’s feisty I don’t know whether they’re going to kill her and they say aren’t you afraid and I say yes I mean I’ve had death threats, it’s been hell but truth and light and what these other women are going through... the hell they’re going through. Being put through hell because their husbands are cowards and bullies and people who dress up in black who hide behind trees, who shoot people from behind, who break into houses and steal their papers. This is in the Constitution you don’t break into someone’s home, you don’t steal their papers, you don’t try to destroy the core that God has given them when they are born. Mothers have sons and their sons are 18 years old and they were telling them to join the Marine Corps to become a man. That’s not a man. That’s not a man who does this. It’s a pervert. That’s why they’re not joining up anymore. Because their mothers and finding out. **McVeigh’s mother talked, the Uni Bomber’s mother and brothers talked**. Guys like **Col. Ron Ray is talking. Michael New who refused to wear the UN uniform**. These are the heroes. **Michael New** is a **McArthur**, **Randy Aber is the future**. These are the leaders. These are the Americans and there are a lot of them, hundreds and thousands of them. **Just like in the days of Jesus Chris, these modern day sadducees and pharasees are saying, we’re going to kill Jesus, get rid of McArthur, get rid of Patton. We’re going to get rid of New. Get rid of Col. Sabo murdered him**. But every one like Sue Griggs, **Sabo** who’s murdered the wives who are murdered there are a hundred people say now they’ve got me to worry about. And they’re training the guys to say well the American citizens are bad but the guys they’re training are also going to wake up to what’s going on. It’s **Caspar Weinberger**, its **Henry Kissinger**, **Nicholas**, **Walt Whitman Rostow**, **Eugene Debbs Rostow** what’s going on here these guys aren’t even born in America. What’s happening here? **They’re training mercenaries now to kill on an order... to control**

**countries.** That's what George told me it's political. **The Marine Corps is a political arm of a group who wants to run everything. Control the drugs, sell the weapons and keep the weapons flow going and this isn't what guys are going to sign up to do they're not even going to do it for the money rather than have hit squads come after them, collection groups from the Great Lakes.** They have a group of Marines who goes out and collects. Guys who have gone to their psychiatrists and they're talking too much so they get rid of them. But they're not told why they're just told they are enemies and they've done bad things so they won't have any guilt and culpability. They make it cold, just get rid of this guy ok. OK and they get a promotion, a new car, get some stock. **After my husband did what he did in Beirut, I found these stubs. He got all this stock. AT&T major stock, thousands of dollars worth of stock. It was from a company that was a quasi government company all on a sheet of paper and ofcourse it was big time stock and that is how he was paid off. In stock."**

1.51.21 Pastor Strawcutter – "Paid off for...?"

1.51.25 Kay Griggs – **"For doing criminal activity, selling weapons, going through Tel Aviv, the bank in Rome.** Selling the weapons illegally. **The Israelis agents are the middle men. And all the money is going to Israel.** It really is the truth. Not just the money that is given to them free and clear but all the black budget money that **Meyer Lansky's group started back in the 1940s has been growing and growing. It's like a pyramid scheme. And the Jesuits, I've been told are really controlled by this group now."**

1.52.04 Pastor Strawcutter – "Now surely **Ollie North** is a good guy?"

1.52.06 Kay Griggs – **"No. I think he was farmed,** you know... **you see Ollie was involved in Vietnam with the JAGs.** Covering up a lot of the stuff that was going on. He was involve with a major case where there was a Marine. George told me about this... **George was involved with a lot of the cover ups of Marines who went crazy. Remember A Few Good Men... it was a movie about a Marine Colonel. They murdered a guy from... Jack Nicholson played the Colonel in this movie... do you remember?"**

1.52.53 Pastor Strawcutter – "Yes he went on trial and a good guy prosecuted him."

1.53.00 Kay Griggs – **"George was the Chief of Staff who tried to cover this up. My husband."**

1.53.01 Pastor Strawcutter – "The true story."

1.53.02 Kay Griggs – "The True story, my husband was the guy who was covering this up. They were so arrogant and it was the woman who was a JAG who got this thing going. Not the Navy JAG because he was going to cover it up. He was just a loose kind of guy and if he had been the JAG then it wouldn't have been prosecuted. But it was the woman who got these other guys off. They were targetting these other guys. I mean they would have put him in jail just a little bit and then let him out, but the point is this guy was murdered. And the Colonel laughed it off. He was down there in **Guantanamo Bay** and **George was the Chief of Staff** and it was **Al Gray**. Al Gray. Just that one alone. And **Loan Tree**. They were involved with that. Its so sick.
